# V. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this rule in the Federal Register. This is a technical correction to the Federal Register and is not a "major rule" as defined by 5 U.S.C. 804(2).

## FEDERAL EMERGENCY MANAGEMENT AGENCY

#### 44 CFR Part 64

[Docket No. FEMA-7735]

## Suspension of Community Eligibility

**AGENCY:** Federal Emergency Management Agency, FEMA. **ACTION:** Final rule.

**SUMMARY:** This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the Federal Register. **EFFECTIVE DATES:** The effective date of each community's suspension is the third date ("Susp.") listed in the third column of the following tables. **ADDRESSES:** If you wish to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

FOR FURTHER INFORMATION CONTACT: Donna M. Dannels, Branch Chief, Policy, Assessment and Outreach Division, Mitigation Directorate, 500 C Street, S.W., Room 411, Washington, D.C. 20472, (202) 646–3098.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management

aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the National Flood Insurance Program, 42 U.S.C. 4001 et seq., unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 et seq. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the Federal Register.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Associate Director finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications have been made, this final rule may take effect within less than 30 days.

# National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

## **Regulatory Flexibility Act**

The Associate Director has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless they take remedial action.

# **Regulatory Classification**

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

## **Paperwork Reduction Act**

This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* 

# **Executive Order 12612, Federalism**

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp., p. 252.

## Radio Broadcasting Services: Cheyenne, WY, Grover, CO.

**AGENCY:** Federal Communications Commission.

## **ACTION:** Final rule.

SUMMARY: The Commission, at the request of Montgomery Broadcasting Limited Liability Company, allots Channel 229A to Chevenne, Wyoming, and dismisses the counterproposal for Channel 229C2 at Grover, Colorado, filed by Magic City Media at its request. See 61 FR 65509 (December 13, 1996). Channel 229A can be allotted to Chevenne in compliance with the Commission's minimum distance separation requirements, with respect to domestic allotments, with a site restriction of 9.7 kilometers (6.0 miles), at coordinates 41-12-39 and 104-44-54. A filing window will not be opened at this time. Instead, the issue of opening a filing window for this channel will be addressed by the Commission in a subsequent order.

DATES: Effective June 12, 2000.

# Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Shrimp Fishery of the Gulf of Mexico; Texas Closure

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Adjustment of the beginning date of the Texas closure.

SUMMARY: NMFS announces an adjustment to the start of the annual closure of the shrimp fishery in the exclusive economic zone (EEZ) off Texas. The closure is normally from May 15 to July 15 each year. For 2000, the closure will begin on May 11. The Texas closure is intended to prohibit the harvest of brown shrimp during the major period of emigration from Texas estuaries to the Gulf of Mexico so the shrimp may reach a larger, more valuable size and to prevent the waste of brown shrimp that would be discarded in fishing operations because of their small size.

DATES: The EEZ off Texas is closed to trawl fishing, except for trawling for royal red shrimp beyond the 100-fathom (183 meter) depth contour, from 30 minutes after sunset, May 11, 2000, to 30 minutes after sunset, July 15, 2000, unless the latter date is changed through notification in the Federal Register.
