

6. Project Narrative: The narrative portion of the Project Proposal is limited to ten pages of text and should contain the following:

a. Introduction. A clear statement of the goals and objectives of the project. The problem should be set in context of the present-day situation. Summarize the body of knowledge which substantiates the need for the proposed project.

b. Rationale and Significance. Substantiate the need for the proposed project. Describe the impact of the project on the United States lamb market. Describe the project's specific relationship to the segment of lamb market being addressed.

c. Objectives and Approach. Discuss the specific objectives to be accomplished under the project. A detailed description of the approach must include:

(1) Techniques or procedures used to carry out the proposed activities and for accomplishing the objectives; and (2) the results expected.

d. Timetable. Tentative schedule for conducting the major steps of the project.

e. Evaluation. Provide a plan for assessing and evaluating the accomplishments of the stated objectives during the project and describe ways to determine the effectiveness (impact) of the end results upon conclusion of the project. Awardees will be required to submit written project performance reports on a quarterly basis.

f. Coordination and Management Plan. Describe how the project will be coordinated among various participants and the nature of the collaborations. Describe plans for management of the project to ensure its proper and efficient administration.

What To Submit

An original and 6 copies must be submitted. Each copy must be stapled in the upper left-hand corner. (DO NOT BIND). All copies of the proposal must be submitted in one package.

Other Federal Statutes and Regulations That Apply

Several other Federal, statutes and regulations apply to proposals considered for review and to cooperative agreements awarded under this program. These include but are not limited to:

7 CFR part 1.1—USDA implementation of the Freedom of Information Act.

7 CFR part 15, subpart A—USDA implementation of title VI of the Civil Rights Act of 1964, as amended.

7 CFR part 3015—USDA Uniform Federal Assistance Regulations.

7 CFR part 3016—Uniform Administrative Requirements for Grants and Cooperative Agreement to State and Local Governments.

7 CFR part 3019—Uniform Administrative Requirements for Grant Agreements With Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations.

7 CFR part 3051—Audits of Institutions of Higher Education and Other Nonprofit Institutions.

Public Burden in This Notice

Form SF-424, "Application for Federal Assistance"

This form is used by applicants as a required face sheet for applications for Federal assistance.

Form SF-424A, "Budget Information-Non Construction Programs"

This form must be completed by applicants to show the project's budget breakdown, both as to expense categories and the division between Federal and non-Federal sources.

Form SF-424B, "Assurances-Non Construction Programs"

This form must be completed by the applicant to give the Federal government certain assurances that the applicant has the legal authority to apply for Federal assistance and the financial capability to pay the non-Federal share of project costs. The applicant also gives assurance it will comply with various legal and regulatory requirements as described in the form.

Reporting Requirements

Awardees will be required to submit written project performance reports on a quarterly basis and a final report at the completion of the project. The project performance report and final report shall include, but need not be limited to: (1) A comparison of timeline, tasks and objectives outlined in the proposal as compared to the actual accomplishments; (2) If report varies from the stated objectives or they were not met, the reasons why established objectives were not met; (3) Problems, delays, or adverse conditions which will materially affect attainment of planned project objectives; (4) Objectives established for the next reporting period; and (5) Status of compliance with any special conditions on the use of awarded funds.

Cooperative State Research, Education, and Extension Service

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Cooperative State Research, Education, and Extension Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) implementing regulations, this notice announces the Cooperative State Research, Education, and Extension Service's (CSREES) intention to revise and extend a currently approved information collection, Form CSREES-1232, "Project Summary," Form CSREES-1233, "Conflict of Interest List," and Form CSREES-1234, "National Environmental Policy Act Exclusions Form".

DATES: Comments on this notice must be received on or before July 20, 2000, to be assured of consideration.

ADDRESSES: Address all comments concerning this notice to Sally J. Rockey, Deputy Administrator, Competitive Research Grants and Awards Management, CSREES, USDA, STOP 2240, Washington, D.C. 20250-2240. E-mail: OEP@reeusda.gov.

FOR FURTHER INFORMATION CONTACT: Sally J. Rockey, (202) 401-1761.

SUPPLEMENTAL INFORMATION:

Titles: Project Summary; Conflict of Interest List; and National Environmental Policy Act Exclusions Form.

OMB Number: 0524-0033.

Expiration Date of Approval: May 31, 2000.

Type of Request: Revise and extend currently approved information collection.

Abstract: CSREES has primary responsibility for providing linkages between the Federal and State components of a broad-based, national agricultural research, extension, and education system. Focused on national issues, its purpose is to represent the Secretary of Agriculture and carry out the intent of Congress by administering

formula and grant funds appropriated for agricultural research, extension, and education. Before awards can be made, certain information is required from applicants as part of an overall proposal package. This information includes project summaries, descriptions of the research, literature reviews, curricula vitae of principal investigators, other relevant technical aspects of the proposed project, and supporting documentation of an administrative and budgetary nature.

Since several programs use these forms and some programs are peer reviewed and others are not, the number of copies requested by CSREES varies. The number required may be as few as three and as many as fifteen. If the proposals are not peer reviewed fewer copies are needed since copies are not needed for members of a peer review panel. If a program uses a peer review panel the number of copies may still vary since the size of the panels vary with each program. Multiple copies are requested as a result of a desire to minimize delays in beginning the review process that would be caused if CSREES were required to make the copies inhouse, and minimization of the risk of proposals becoming separated, incorrectly organized, or misplaced during a high volume, minimally-staffed, time-driven photocopying process.

CSREES developed a general "Application Kit" (OMB Approval 0525-0022) for most of its programs. This kit includes the necessary forms and instructions for applicants requesting support under various competitive and noncompetitive funding programs sponsored by CSREES. In 1994, CSREES sought and received approval of three additional forms. These forms include: Form CSREES-1232, "Project Summary," Form CSREES-1233, "Conflict of Interest List," and Form CSREES-1234, "National Environmental Policy Act Exclusions Form". These forms are primarily used for proposal evaluation and administration. While some of the information will be used to respond to inquiries from Congress and other government agencies, the forms are not designed to be statistical surveys or data collection instruments. Their completion by potential recipients is a normal part of an application to Federal agencies for support for basic and applied scientific research, education and extension activities.

The following information has been collected and will continue to be collected through these forms:

CSREES-1232—Project Summary: Lists the Principal Investigator(s) and

their institution(s), the proposal type (distinguishes among funding mechanisms), project title, and key words, along with a project summary which allows for quick screening and assignment of proposals to peer reviewers.

CSREES-1233—Conflict of Interest List: Lists the person(s) in the field who by virtue of a current or prior relationship with the applicant may have a conflict of interest for purposes of selecting peer review panel members. This information aims to assure objective reviews, and the form has been revised to specifically cite potential conflicts of interest by category to assist applicants and CSREES in identifying such conflicts to better meet the standards in the various program administrative regulations.

CSREES-1234—National Environmental Policy Act Exclusions Form: Assists identification of whether a proposal fits within one of the exclusions listed for compliance with NEPA (as implemented by USDA in 7 CFR part 1b and supplemented by CSREES in 7 CFR part 3407). This information has been and will continue to be used in determinations as to whether further action is needed to meet the NEPA requirements.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 4.25 hours for Form CSREES-1232, 1.75 hours for Form CSREES-1233, and .25 hours for Form CSREES-1234. This average was based on a survey of grantees who had recently been approved for awards. They were asked to give an estimate of time it took them to complete each form. This estimate was to include such things as: (1) Reviewing the instructions; (2) Searching existing data sources; (3) Gathering and maintaining the data needed; and (4) Actual completion of the forms. The average time it took each respondent was calculated from their responses.

Respondents: Individuals or households, business or other for profit, non-profit institutions and small businesses or organizations.

Estimated Number of Respondents: 3,200 for the CSREES-1232 and CSREES-1233; 5,000 for the CSREES-1234.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 20,450 hours, broken down by: 13,600 hours for the CSREES-1232 (4.25 hours per 3,200 respondents); 5,600 hours for the CSREES-1233 (1.75 hours per 3,200 respondents); and 1,250 hours for the

CSREES-1234 (one-quarter hour per 5,000 respondents).

Copies of this information collection can be obtained from Sally J. Rockey, Deputy Administrator, CSREES, (202) 401-1761. E-mail: OEP@reeusda.gov.

Comments: Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the address in the preamble.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Done at Washington, DC, on this 8th day of May, 2000.

Charles W. Laughlin,

Administrator, Cooperative State Research, Education, and Extension Service.
