## DEPARTMENT OF JUSTICE

### **Notice of Lodging of Consent Decree and Proposed Prospective Purchaser Agreement Under the Comprehensive Environmental Response, Compensation, and Liability Act**

Under 28 CFR 50.7, notice is hereby given that on April 18, 2000, a proposed Consent Decree in *United States v. Scott County Sportsmen's Association*, Case No. 30-00-CV-10052 (S.D. Iowa) was lodged with the United States District Court for the Southern District of Iowa, Davenport Division. The Consent Decree settles claims by the United States, against Scott County Sportsmen's Association (SCSA) under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. 9607. The Complaint of the United States seeks past and future CERCLA response costs incurred by EPA in connection with the Nahant Marsh Superfund Site (the Site) and for damages for injuries to natural resources at the Site as determined by the Department of the Interior (Interior), the Natural Resource Trustee. Defendant SCSA owned property on the Site and used it for target and skeet shooting, resulting in releases of lead, a hazardous substance.

The Consent Decree requires SCSA to record a conservation easement for its 78-acre property at the Site in favor of the Iowa Natural Heritage Foundation (INHF) for preservation of the land as a reserve for wildlife and to prevent residential, commercial and industrial development of the land. The SCSA is required to transfer ownership of its property at the Site to the City of Davenport, Iowa (the City), and notify EPA of the transfer. All proceeds from the sale of the Property will be paid to the United States. The City agrees to pay the purchase price of \$86,000 to EPA (which will receive \$81,000) and to Interior (which will receive \$5,000) pursuant to a proposed Agreement and Covenant Not to Sue, or Prospective Purchaser Agreement, entered into between the United States and the City. Under the terms of the Prospective Purchaser Agreement, the City will also place a restrictive covenant on the land that restricts residential development.

In exchange for its commitments under the Consent Decree, Defendant SCSA will receive a covenant not to sue pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 AND 9607(a), for response actions and response costs relating to the Site. Defendant SCSA will also receive a covenant not to sue for natural resource damages under CERCLA.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General of the Environment and Natural Resources Division, Department of Justice, Washington, DC 20530, and should refer to *United States v. Scott County Sportsmen's Association*, Case No. 3-00-CV-10052 (S.D. Iowa), D.J. Ref. No. 90-11-2-1372/1.

The Consent Decree may be examined at the office of the United States Attorney for the Southern District of Iowa, U.S. Courthouse Annex, 110 East Court Avenue, Suite 286, Des Moines, Iowa 50309. The Consent Decree may also be examined at the office of Region VII of the U.S. Environmental Protection Agency, 726 Minnesota Avenue, Kansas City, Kansas 66101. A copy of the Consent Decree may also be obtained by mail from the Department of Justice Consent Decree Library, P.O. Box 7611, Washington, DC 20044. In requesting a copy, please enclose a check in the amount of \$15.00 (with exhibits) (25 cents per page reproduction cost) payable to the Consent Decree Library. If requesting a copy of the Consent Decree exclusive of exhibits, please enclose a check in the amount of \$7.50 (25 cents per page reproduction cost) payable to the Consent Decree Library.

## DEPARTMENT OF JUSTICE

### **[AAG/A Order No. 198-2000]**

### **Privacy Act of 1974; System of Records**

The Department of Justice proposes to modify the Office of the Inspector General Investigative Records System, JUSTICE/OIG-001, last published in the **Federal Register** on March 10, 1992 (57 FR 8476). The primary purpose of the system is to enable the Department's Office of the Inspector General to

conduct its responsibilities under the Inspector General Act of 1978, as amended by the Inspector General Act Amendments of 1988, 5 U.S.C. App. 3, including its responsibility to conduct and supervise investigations relating to programs and operations of the Department. The Department now proposes to modify the system by adding one new routine use, revising two existing routine uses, and making other minor revisions.

New routine use (i) will permit the Department to share information about investigations with complainants and victims in order to inform them about the progress and results of investigations arising from the matters of which they complained or were the victim.

In addition, two current routine uses are being revised. First, routine use (a) relating to disclosures of records indicating a violation or potential violation of law or contract to those entities responsible for investigating, prosecuting or enforcing those laws or contracts is being revised to make it clear that disclosure extends both to records that indicate such a violation or potential violation standing alone and to records that do so only when viewed in combination with other documents. Second, routine use (d) relating to disclosures made to other entities in connection with the assignment, hiring, retention, issuance or revocation of a security clearance, reporting of an investigation, letting of a contract, or the issuance or revocation of a license, grant, or other benefit to an individual by those entities is being modified in two respects: (1) To eliminate the requirement that information may be released only upon the request of a specified entity and (2) to permit information pertinent to the issuance or retention of a professional license to be shared with the relevant professional licensing organization.

Finally, the Department is making minor revisions to the 'System Location,' 'Retireability,' 'System Manager and Address,' and 'Retention and Disposal' sections to reflect current conditions. A typographical error in routine use (h) as it was originally published in the **Federal Register** (57 FR 8477), is also being corrected.

5 U.S.C. 552a(e)(4) and (11) provide that the public be given thirty days in which to comment on these proposed changes. Any comments must be submitted in writing to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 by June 21, 2000.

As required by 5 U.S.C. 552(r) and Office of Management and Budget (OMB) implementing regulations, the Department of Justice has provided a report on the proposed changes to OMB and the Congress.

A modified system description is set forth below.

Dated: May 8, 2000.

**Stephen R. Colgate,**  
Assistant Attorney General for  
Administration.
