BILLING CODE 4310-33-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of a currently approved information collection (OMB Control Number 1010-0091).

SUMMARY: To comply with the requirements of the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on an information collection request (ICR), titled "30 CFR Part 254, Oil-Spill Response Requirements for Facilities Located Seaward of the Coast Line." We are preparing an ICR, which we will submit to the Office of Management and Budget (OMB) for review and approval.

DATES: Submit written comments by July 24, 2000.

ADDRESSES: Mail or hand carry comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT:

Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy of the collection of information at no cost.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 254, Oil-Spill Response Requirements for Facilities Located Seaward of the Coast Line.

OMB Control Number: 1010-0091.

Abstract: The Federal Water Pollution Control Act, as amended by the Oil Pollution Act of 1990 (OPA), requires that a spill-response plan be submitted for offshore facilities prior to February 18, 1993. The OPA specifies that after that date, an offshore facility may not handle, store, or transport oil unless a plan has been submitted. Regulations at 30 CFR part 254 establish requirements for spill-response plans for oil-handling facilities seaward of the coast line, including associated pipelines.

We use the information collected under 30 CFR part 254 to determine compliance with OPA by owners/operators. Specifically, MMS needs the information to:

- determine effectiveness of the spill-response capability of owners/operators;
- review plans prepared under the regulations of a State and submitted to MMS to satisfy the requirements of this rule to ensure that they meet minimum requirements of OPA;
- verify that personnel involved in oil-spill response are properly trained and familiar with the requirements of the spill response plans and to witness spill-response exercises;
- assess the sufficiency and availability of contractor equipment and materials;
- verify that sufficient quantities of equipment are available and in working order;
- oversee spill-response efforts and maintain official records of pollution events; and
- assess the efforts of owners/operators to prevent oil spills or prevent substantial threats of such discharges.

Responses are mandatory. No proprietary, confidential, or sensitive information is collected.

Frequency: The frequency varies by regulatory requirement, but is mostly annual or on occasion.

Estimated Number and Description of Respondents:

Approximately 193 owners or operators of facilities located in both State and Federal waters seaward of the coast line.

Estimated Annual Reporting and Recordkeeping "Hour" Burden:

The currently approved burden for this information collection is 47,439 hours. The major components of this burden are for:

- Spill response plans for OCS or State water facilities (100 hours).
- Revised spill response plans (16.5 hours).
- Modified OCS spill response plan for facilities in State waters (45 hours).

- Response plan for facilities in State waters using State requirements (93 hours).

- Conduct of annual training; retain records for 2 years (40 hours).

- Conduct of triennial response plan exercise; retain records for 3 years (110 hours).

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost"

Burden: We have identified no non-hour cost burdens for this collection.

Comments: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * "

Agencies must specifically solicit comments to: (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. We have not identified any non-hour cost burdens and need to know if you have other costs associated with the collection of this information for either total capital and startup cost components or annual operation, maintenance, and purchase of service components. Your estimates should consider the costs to generate, maintain, and disclose or provide the information. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, drilling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) before October 1, 1995; (ii) to comply with requirements not

associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB. In calculating the burden, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Dated: May 17, 2000.

John V. Mirabella,

Acting Chief, Engineering and Operations Division.

BILLING CODE 4310-MR-W

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of Draft Director's Order Concerning National Park Service Policies and Procedures Governing Its Structural Fire Management Program

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: The National Park Service (NPS) has prepared a Director's Order setting forth its policies and procedures governing structural fire prevention, protection, and suppression. When adopted, the policies and procedures will apply to all units of the national park system, and will supersede and replace the policies and procedures issued in June 1987.

DATES: Written comments will be accepted until June 26, 2000.

ADDRESSES: Draft Director's Order #58 is available on the Internet at <http://www.nps.gov/refdesk/DOrders/index.htm>. Requests for copies and written comments should be sent to Bill

Oswald, NPS Structural Fire Program Manager, Fire Management Program Center, 3833 S. Development Avenue, Boise, Idaho 83705, or to his Internet address: bill_oswald@nps.gov.

SUPPLEMENTARY INFORMATION: The NPS is updating its current system of internal written instructions. When these documents contain new policy or procedural requirements that may affect parties outside the NPS, they are first made available for public review and comment before being adopted. The policies and procedures governing structural fire management have previously been published in the form of guideline NPS-58. That guideline will be superseded by the new Director's Order 58 (and a reference manual that will be issued subsequent to the Director's Order). The draft Director's Order covers topics such as fire management planning, safety and health, cultural resources, concessions, reporting, investigation, training, coordination, program review, preparedness, and funding. Director's Order #58 addresses only structural fire management; wildland fire management is addressed in Director's Order #18, approved November 17, 1998 (and is also available on the Internet site listed above).

Dated: May 19, 2000.

Loran Fraser,

Chief, Office of Policy.

BILLING CODE 4310-70-P

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review; Comment Request

May 18, 2000.

The Department of Labor (DOL) has submitted the following public information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13,

44 U.S.C. Chapter 35). A copy of each individual ICR, with applicable supporting documentation, may be obtained by calling the Department of Labor. To obtain documentation for BLS, ETA, PWBA, and OASAM contact Karin Kurz ({202} 219-5096 ext. 159 or by E-mail to Kurz-Karin@dol.gov). To obtain documentation for ESA, MSHA, OSHA, and VETS contact Darrin King ({202} 219-5096 ext 151 or by E-Mail to King-Darrin@dol.gov).

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for BLS, DM, ESA, ETA, MSHA, OSHA, PWBA, or VETS, Office of Management and Budget, Room 10235, Washington, DC 20503 ({202} 395-7316), on or before June 26, 2000.

The OMB is particularly interested in comments which:

- evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Type of Review: Extension of a currently approved collection.

Agency: Employment and Training Administration.

Title: Weekly Claims and Extended Benefits Data and Weekly Initial and Continued Claims Report.

OMB Number: 1205-0028.

Affected Public: State, Local, or Tribal Government.

Form	Total respondents	Frequency	Total responses	Average time per response	Estimated total burden
ETA 538	53	Weekly	2,756	30 min	1,378 hours.
ETA 539	53	Weekly	2,756	50 min	2,297 hours.
Totals	53		5,512	40 min	3,675 hours.
