

applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of state regulatory programs and program amendments since each program is drafted and promulgated by a specific state, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed state regulatory programs and program amendments submitted by the states must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

#### *National Environmental Policy Act*

Section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides a decision on a proposed state regulatory program provision does not constitute major federal action within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)). A determination has been made that such decisions are categorically excluded from the NEPA process (516 DM 8.4.A).

#### *Paperwork Reduction Act*

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

#### *Regulatory Flexibility Act*

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The state submittal which is the subject of this rule is based upon counterpart federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Therefore, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the state. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart federal regulations.

#### *Small Business Regulatory Enforcement Fairness Act*

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- a. Does not have an annual effect on the economy of \$100 million.
- b. Will not cause a major increase in costs or prices for consumers, individual industries, federal, state, or local government agencies, or geographic regions.
- c. Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S. based enterprises to compete with foreign-based enterprises.

This determination is based upon the fact that the state submittal which is the subject of this rule is based upon counterpart federal regulations for which an analysis was prepared and a determination made that the federal regulation was not considered a major rule.

#### *Unfunded Mandates*

This rule will not impose a cost of \$100 million or more in any given year on any governmental entity or the private sector.

#### **POSTAL SERVICE**

#### **39 CFR Part 20**

#### **Priority Mail Global Guaranteed**

**AGENCY:** Postal Service.

**ACTION:** Amendment to interim rule.

**SUMMARY:** The Postal Service is amending the interim rule on Priority Mail Global Guaranteed service to extend service to most countries in the world and to create rate groups for these

countries to reflect the cost associated with providing this service.

**EFFECTIVE DATE:** May 28, 2000.

Comments on the amendment to the interim rule must be received on or before June 26, 2000.

**ADDRESSES:** Written comments should be mailed or delivered to the Manager, Business Results, International Business, U.S. Postal Service, 475 L'Enfant Plaza SW, Room 370-IBU, Washington, DC 20260-6500. Copies of all written comments will be available for public inspection between 9 a.m. and 4 p.m., Monday through Friday, in International Business, 10th Floor, 901 D Street SW, Washington, DC.

**FOR FURTHER INFORMATION CONTACT:**  
Walter J. Grandjean, (202) 314-7256.

**SUPPLEMENTARY INFORMATION:** On April 19, 1999, the Postal Service announced in the **Federal Register** (62 FR 19039–19042) the introduction of Priority Mail Global Guaranteed on an interim basis.

The U.S. Postal Service, through an alliance with DHL Worldwide Express Inc., is offering an enhanced expedited service, Priority Mail Global Guaranteed, from selected locations in the United States to selected locations in the world. This service offers day-certain delivery with postage refund guarantee and document reconstruction coverage of \$100 for allowable contents.

On November 4, 1999, the Postal Service announced in the **Federal Register** (64 FR 60106–60109) an amendment to the interim rule to add more U.S. acceptance locations and to extend the service to more destination countries. Public comments were requested by December 6, 1999, and by that date two comments were received. Both comments related to the way in which the Postal Service categorized the U.S. acceptance offices and how the acceptance offices were selected.

The acceptance offices were selected on their ability to meet the stringent service standards for this service based on local considerations such as timely transportation, mail processing

capabilities, and access to national transportation.

The presentation of acceptance offices has been changed. ZIP Code ranges can overlap metropolitan areas and state boundaries. Accordingly, the chart of acceptance offices has been changed to delete the reference to metropolitan areas and only state names are used as a guide to determining where service is available. The use of state designations is not meant to limit service within the specified ZIP Code ranges, since they are intended only to serve as a guide to the areas that offer Priority Mail Global Guaranteed service.

The Postal Service is now extending service to more countries and

redesigning the rates to reflect the cost of providing service to these additional countries. Service will be available to all country destinations listed in the International Mail Manual except Afghanistan, Ascension, China, Iraq, Japan, Democratic People's Republic of Korea (North), Libya, Pitcairn Island, Saint Helena, Sudan, and Tristan de Cunha.

Although each network country has been placed into one of eight rate groups, rate groups 1 and 2, 3 and 7, and 4 and 6, respectively, contain duplicate rates at the present time. The applicable rates and the destination countries that are associated with each rate group are as follows:

**Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Bay Area Air Quality Management District, South Coast Air Quality Management District, San Diego County Air Pollution Control District, and Monterey Bay Unified Air Pollution Control District****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.**SUMMARY:** EPA is finalizing the approval of revisions to the California State

Implementation Plan (SIP) proposed in the **Federal Register** on January 19, 2000. These revisions concern Bay Area Air Quality Management District (BAAQMD) Rule 8.45, Motor Vehicle and Mobile Equipment Coating Operations; South Coast Air Quality Management District (SCAQMD) Rule 1151, Motor Vehicle and Mobile Equipment Non-Assembly Line Coating Operation; San Diego County Air Pollution Control District (SDCAPCD) Rule 67.19, Coatings and Printing Inks Manufacturing Operations, and Monterey Bay Unified Air Pollution Control District (MBUAPCD) Rule 425, Use of Cutback Asphalt. This approval action will incorporate these rules into the federally approved SIP. The intended effect of finalizing this action is to regulate emissions of volatile organic compounds (VOCs) according to the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). These revised rules control VOC emissions from automobile refinishing, coating and ink manufacturing and use of cutback asphalt. Thus, EPA is finalizing the approval of these revisions into the California SIP under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient

air quality standards and plan requirements for nonattainment areas.

**EFFECTIVE DATE:** This action is effective June 26, 2000.**ADDRESSES:** Copies of the rule revisions and EPA's evaluation reports for these rules are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rule revisions are available for inspection at the following locations:
