Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these

requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Projects

1. Preventive Health and Health Services Block Grant, Annual Application and Reports (0920-0106)—Extension—The Centers for Disease Control and Prevention (CDC), National Center for Chronic Disease Prevention and Health Promotion—In 1997, the Office of Management and Budget approved the collection of information provided in the grant applications and annual reports for the Preventive Health and Health Services Block Grant (0920-0106). This approval expires on November 30, 2000. CDC is requesting an extension of OMB clearance for this legislatively mandated information

collection until November 30, 2001. The extension is limited to one year to allow for the development and adherence to *Healthy People 2010* to be released the Spring of 2000. The Preventive Health and Health Services Block Grant is mandated according to section 1904 to adhere to the Healthy People framework, therefore, the current application and report format will be restructured to coincide with 2010 and resubmitted for OMB clearance at that time.

This information collected through the applications from the official State health agencies is required from section 1905 of the Public Health Service Act. There is no change in the proposed information collection from previous years. The information collected from the annual reports is required by section 1906, specifically the requirement for uniform data sets matching the uses of funds. The total estimated annual burden is 5490 hours.

Respondents	No. of respondents	No. of responses/respondent	Average burden per response (in hrs.)	Total burden
Application	61	1	30	1830
Report	61	1	60	3660
Total				5490

[Announcement Number 00087]

Cooperative Agreement Between CDC and ASTHO; Tobacco Control Information and Resource Network (ASTHO)

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of funds in fiscal year (FY) 2000 for a cooperative agreement with the Association of State and Territorial Health Officials (ASTHO) to enhance its capacity to provide information and technical assistance to State Health Officials (SHOs) and affiliate member groups. CDC is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2010," a national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the focus areas of Tobacco use and the areas related to chronic disease prevention and control. For the conference copy of "Healthy People 2010", visit the Internet site: <<http://www.health.gov/healthypeople>>.

The purpose of this program is to address issues related to:

1. Tobacco-use prevention and control programs;
2. The following four goal areas outlined in CDC's National Tobacco Control Program:
 - a. Eliminate exposure to environmental tobacco smoke;
 - b. Promote quitting among young people and adults;
 - c. Prevent initiation among young people; and
 - d. Identify and eliminate disparities among population groups);
3. Maintain a forum where State tobacco control managers can

communicate among themselves and with SHOs and ASTHO affiliates about tobacco-related issues impacting their States; and,

4. Chronic disease prevention and control programs as they relate to tobacco use prevention and control.

B. Eligible Applicant

Assistance will be provided only to ASTHO. No other applications are solicited.

ASTHO is the only organization that represents all State and territorial public health officials, including a network of State health department tobacco-control representatives.

ASTHO was created specifically to represent this group of State agencies to the Federal government and other national organizations and is unique in its role as a liaison among these officials. It has served as a capacity-building organization in public health matters for many years and one of its major objectives is the sharing of information among State health departments.

ASTHO has established a unique network of public health professionals in each State and territory who are concerned with tobacco-use and chronic disease prevention and control programs. ASTHO has maintained active involvement in tobacco-related issues through their Tobacco Control Resource Council. The Resource Council has: (1) Developed a network of tobacco-control representatives representing the ten U.S. Public Health Service Regions, (2) conducted regular mailings and communications with State health officials, and (3) coordinated activities between Federal agencies and States.

Note: Public Law 104-65 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan or any other form.

C. Availability of Funds

Approximately \$350,000 is available in FY 2000 to fund this award. It is expected that the award will be made on or about July 1, 2000, and will be made for a 12-month budget period within a project period of up to 5 years. Funding estimates may change.

Continuation awards within the approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

D. Program Requirements

In conducting activities to achieve the purpose of this program, the recipient

will be responsible for the activities under 1. (Recipient Activities), and CDC will be responsible for the activities under 2. (CDC Activities):

1. Recipient Activities

a. Advance comprehensive tobacco and chronic disease prevention and control programs.

(1) Promote and foster support for comprehensive tobacco and chronic disease prevention and control programs to raise tobacco and chronic disease prevention and control as a priority within ASTHO and among State health officials, affiliates, and other key partners.

(2) Identify and develop opportunities to promote successful State health department tobacco and chronic disease prevention and control efforts at ASTHO's regional and national meetings.

(3) Provide opportunities, in regional and national forums, where health officials and other key decisionmakers can discuss and develop policy positions on tobacco use and chronic disease prevention and control issues.

(4) Maintain liaison with the National Association of City and County Health Officials (NACCHO), the National Association of Local Boards of Health (NALBOH), and other national public health organizations interested in tobacco, chronic disease and health to encourage support for comprehensive tobacco and chronic disease prevention and control programs.

(5) Coordinate communication between the Tobacco Resource Council and ASTHO affiliates to foster communication between tobacco control program managers and affiliates regarding State tobacco control efforts. Disseminate state-based summaries of these efforts to SHOs, affiliates and other partners on a regular basis.

b. Identify and promote opportunities to educate State Health Officials and affiliate member leadership programs, as well as, guidelines and "Best Practices" for comprehensive tobacco control programs, as well as, about guidelines and recommendations related to chronic disease prevention and control. This could include use of state-of-the-art technologies such as distance-based learning, web-based information exchange forums, and skill building conferences/workshops.

c. Provide staff support to the ASTHO Tobacco Resource Council to facilitate information exchange and problem solving among tobacco control program managers in every region (10 U.S. Public Health Service Regions and the Pacific Islands).
