

this regulation will not be significant due to the small area affected; all vessel traffic may safely transit around this safety zone; and the extensive marine advisories that will be made.

#### Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this rule will have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in a portion of Narragansett Bay from 8 p.m. to 11 p.m. on June 30, 2000 (rain date, July 2, 2000).

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for only three hours, commercial and recreational vessel traffic can pass safely around the safety zone, and before the effective period, we will issue maritime advisories widely available to users of Narragansett Bay.

#### Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking. No requests for assistance were received. Small businesses may send comments on the actions of the Federal employees who enforce, or otherwise determine compliance with Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

#### Collection of Information

This rule will call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

#### Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

#### Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government’s having first provided the funds to pay those costs. This rule will not impose an unfunded mandate.

#### Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

#### Environment

The Coast Guard has considered the environmental impact of implementing this rule and concluded that, under figure 2–1, paragraph 34(g), of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation. A “Categorical Exclusion Determination” is available in the docket where indicated under **ADDRESSES**.

#### Children Suffering from Spina Bifida Who Are Children of Vietnam Veterans

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Final rule.

**SUMMARY:** This document amends Department of Veterans Affairs (VA) regulations concerning benefits for children suffering from spina bifida who are children of Vietnam veterans. This is necessary to implement statutory

changes contained in the Veterans' Benefits Act of 1997.

**DATES:** *Effective Date:* October 1, 1997.

**FOR FURTHER INFORMATION CONTACT:** John Bisset, Jr., Consultant, Regulations Staff, Compensation and Pension Service, Veterans Benefits Administration, 810 Vermont Avenue, NW, Washington, DC 20420, telephone (202) 273-7210.

**SUPPLEMENTARY INFORMATION:** Section 421 of Pub. L. 104-204 added a new chapter 18 to title 38, United States Code, authorizing VA to provide certain benefits to children suffering from spina bifida who are the natural children of Vietnam veterans. VA published three sets of regulations to implement the provisions of section 421 of Pub. L. 104-204, i.e. regulations concerning monetary allowances, provision of healthcare, and provision of vocational training and rehabilitation, in the **Federal Register** of September 30, 1997 (62 FR 51273-51296).

Section 404 of Pub. L. 105-114, the Veterans' Benefits Act of 1997, enacted on November 21, 1997, amended chapter 18 of title 38, United States Code. This document revises VA's regulations to implement those statutory amendments. The changes concerning the definition of "Vietnam veteran," the definition of "child," and the submission of social security numbers concern all three sets of regulations. The other changes made by this document only concern the monetary allowance regulations.

Public Law No. 104-204 defined the term "Vietnam veteran" as a "veteran" who performed active military, naval, or air service in the Republic of Vietnam "during the Vietnam era." Public Law No. 105-114 amended that definition to refer to an "individual" who performed active military, naval, or air service in the Republic of Vietnam "during the period beginning on January 9, 1962, and ending on May 7, 1975, without regard to the characterization of the individual's service." We are amending 38 CFR 3.814(c)(1) of the monetary allowance regulations accordingly. This change also affects the spina bifida regulations concerning provision of healthcare (see 38 CFR 17.901) and provision of vocational training and rehabilitation (see 38 CFR 21.8012).

Public Law No. 104-204 defined the term "child" as meaning a natural child of a Vietnam veteran, regardless of age or marital status, who was conceived after the date on which the veteran first entered the Republic of Vietnam "during the Vietnam era." Public Law No. 105-114 amended the definition of "child" by changing "during the Vietnam era" to "during the period

beginning on January 9, 1962, and ending on May 7, 1975." We are amending 38 CFR 3.814(c)(2) of the monetary allowance regulations accordingly. This change also affects the spina bifida regulations concerning provision of healthcare (see 38 CFR 17.901) and provision of vocational training and rehabilitation (see 38 CFR 21.8012).

Public Law No. 105-114 revised 38 U.S.C. 1806 so that various administrative provisions of title 38, United States Code, including the following, are applicable to those applying for or receiving spina bifida benefits: 38 U.S.C. 5101(c), 5110(a), 5110(b)(2), 5110(g), 5110(i), 5111, 5112(a), 5112(b)(9), and 5112(b)(10). Accordingly, we are making the following changes.

- We are amending 38 CFR 3.216 to provide that anyone applying for or receiving benefits for a child suffering from spina bifida, as a condition for receipt or continued receipt of benefits, must furnish VA, upon request, his or her social security number, and the social security number of anyone based upon whom benefits are sought or received (38 U.S.C. 5101(c)).

- We are amending 38 CFR 3.814 of the monetary allowance regulations to provide that the effective date of a monthly award for a child suffering from spina bifida based on an original claim, a claim reopened after final adjudication, or a claim for increase will be fixed in accordance with the facts found, but will not be earlier than the date of receipt of the application for benefits (38 U.S.C. 5110(a)).

- We are amending 38 CFR 3.814 to provide that the effective date of an increased monthly award for a child suffering from spina bifida will be the earliest date as of which it is ascertainable that an increase in disability had occurred, if application is received by VA within one year of that date (38 U.S.C. 5110(b)(2)).

- We are amending 38 CFR 3.114 to provide that any award or increase of a monthly award for a child suffering from spina bifida pursuant to any law or administrative issue will not be effective prior to the effective date of the law or administrative issue and will not be retroactive more than one year from the date of application or the date of administrative determination of entitlement, whichever is earlier (38 U.S.C. 5110(g)).

- We are amending 38 CFR 3.814 to provide that a monthly award for a child suffering from spina bifida benefits based on a disallowed claim reopened on the basis of a correction of military records will be effective on the date

application was made for the correction, or the date the disallowed claim was filed, whichever is later, but not retroactive for more than one year from the reopening of the disallowed claim (38 U.S.C. 5110(i)).

- We are amending 38 CFR 3.31 to provide that the payment of a monthly award for a child suffering from spina bifida may not be made for any period before the first day of the month following the month in which the award or increase became effective (38 U.S.C. 5111).

- We are amending 38 CFR 3.814 to provide that the effective date of a reduction or discontinuance of a monthly award for a child suffering from spina bifida will be fixed in accordance with the facts found, that reduction or discontinuance of such benefits by reason of beneficiary error will be the effective date of the award, and that reduction or discontinuance of such benefits by reason of administrative error will be effective as of the date of last payment (38 U.S.C. 5112(a), (b)(9), (b)(10)).

Public Law No. 104-204 provided that the amounts of the monthly monetary allowance to a child with spina bifida are subject to adjustment under the provisions of 38 U.S.C. 5312, which provides for the adjustment of certain VA benefit rates whenever there is an increase in benefit amounts payable under title II of the Social Security Act (42 U.S.C. 401 *et seq.*). 38 U.S.C. 5312(c)(2) provides that whenever rates are so increased, the Secretary may round those rates in such manner as the Secretary considers equitable and appropriate. The Secretary has determined that since all other benefits administered under VA's adjudication regulations (38 CFR part 3) are paid in even dollar amounts, for ease of administration it is appropriate to round rate increases concerning the spina bifida monetary benefit.

Under procedures established at 38 CFR 3.29, when adjusting the annual basic benefit rates for the pension programs and parents' dependency and indemnity compensation, if the resulting amounts are not even dollar amounts, VA rounds them to the next higher dollar. In computing monthly rates from the adjusted annual rates, if the resulting amounts are not even dollar amounts, VA rounds to the next lower dollar. Since Pub. L. 104-204 authorized the monetary allowance for spina bifida at a monthly rate rather than an annual rate, it is necessary to round only one time when determining a revised rate. Under 38 CFR 3.29, if rounding is necessary after the first calculation, the resulting rate is always

rounded up. We believe therefore that since only one rounding is required to revise the monetary allowance for spina bifida, it is both equitable and appropriate to round up. We are amending § 3.29 accordingly.

Public Law No. 105–114 provides that the amendments to chapter 18 of title 38, United States Code, are effective as of October 1, 1997.

This final rule reflects statutory requirements and reflects issues relating to agency management. Accordingly, there is a basis for dispensing with prior notice and comment and delayed effective date provisions of 5 U.S.C. 552 and 553.

No regulatory flexibility analysis is required under the Regulatory Flexibility Act (5 U.S.C. 601–612). Even so, the Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act. The final rule will not directly affect any small entities. Only VA beneficiaries are directly affected.

The Catalog of Federal Domestic Assistance program number is 64.127.

### 40 CFR Part 132

[FRL–6707–7]

RIN 2040–AC08

### Revocation of the Selenium Criterion Maximum Concentration for the Final Water Quality Guidance for the Great Lakes System

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Partial revocation of final rule.

**SUMMARY:** In March 1995, EPA promulgated acute and chronic aquatic life criteria for selenium as part of the Final Water Quality Guidance for the Great Lakes System (40 CFR part 132). In 1996 the U.S. Court of Appeals for the District of Columbia Circuit issued an order vacating the acute criterion for selenium. *AISI v. EPA*, 115 F. 3d 979 (1997) (order dated September 10, 1996). EPA did not immediately publish a notice removing the vacated acute criterion from the Code of Federal Regulations because it anticipated promulgating a new acute criterion

within one year. Although EPA proposed a new criterion in November 1996, it has not yet promulgated a final criterion. Based on comments received on the proposal, as well as earlier comments EPA had received on the methodology used to develop the national selenium criteria, EPA decided to subject the selenium criteria methodology to a broader workgroup and peer review process. While the selenium workgroup and peer reviewers have made good progress they are still months away from making final recommendations on the acute criterion for selenium. In the meantime, to avoid potential confusion about the status of the vacated acute criterion, EPA has decided to remove it from the final Great Lakes Guidance in 40 CFR part 132. EPA plans to propose a new replacement acute criterion once the workgroup and peer review process is complete. In the interim, EPA is recommending that States and Tribes rely on the chronic aquatic life criterion for selenium in setting permit limits. Today's action will not affect that chronic aquatic life criterion.

**EFFECTIVE DATE:** June 2, 2000.

**ADDRESSES:** The public docket for this and earlier rulemakings concerning the Water Quality Guidance for the Great Lakes System, including the proposal, public comments in response to the proposal, other major supporting documents, and the index to the docket are available for inspection and copying at U.S. EPA Region 5, 77 West Jackson Blvd., Chicago, IL 60604 by appointment only. Appointments may be made by calling Mary Willis Jackson (telephone 312–886–3717).

#### I. Discussion

##### A. Potentially Affected Entities

Citizens concerned with water quality in the Great Lakes System may be interested in this rulemaking. Also, entities potentially affected by today's action are those discharging or intending to discharge selenium to waters of the United States in the Great Lakes System. Categories and entities that may ultimately be affected include:
