Foreign-Trade Zones Board

[Docket 22-2000]

Foreign-Trade Zone 146—Lawrence County, IL; Application for Expansion of Manufacturing Authority—Subzone 146A, North American Lighting, Inc., Facilities, Flora and Salem, IL (Automotive Lighting Products)

A application has been submitted to the Foreign-Trade Zones Board (the Board) by the Bi-State Authority, grantee of FTZ 146, requesting an expansion of the scope of manufacturing authority to include new manufacturing capacity under FTZ procedures and requesting authority to expand the boundary of FTZ Subzone 146A at the North American Lighting, Inc. (NAL), facilities in Flora and Salem, Illinois. It was formally filed on May 30, 2000.

Subzone 146A was approved by the Board in 1988 with authority granted for the manufacture of automotive lighting components and other related auto parts at NAL's manufacturing facilities (355,000 sq.ft./14 acres) in Flora, Illinois (*Site 1*) (Board Order 371, 53 FR 5436, 2-24-88). The subzone was subsequently reorganized and expanded to include NAL's second manufacturing facility (380,000 sq.ft./22 acres) in the Salem Industrial Park, Salem, Illinois (*Site 2*) (Board Order 718, 60 FR 2375, 1-9-95), with the scope of FTZ manufacturing authority increased to 28 million units annually.

The applicant is now requesting authority to expand the subzone boundaries to include an additional 300,000 square feet of manufacturing space within Site 1 and an additional 17-acre parcel and 365,000 square feet manufacturing/warehouse space within Site 2. Under the current expansion plan, the NAL facilities' capacity will be

approximately doubled (to 56 million units per year) with the addition of 665,000 square feet of production area. Activity at the facilities (2,200 employees) involves design, injection molding, plating and assembly of motor vehicle headlamps, rear combination lamps, high mount stop lamps, turn signals, dome and trunk lamps, fog lamps, side marker and license plate lamps using domestic and foreign-origin components. Foreign-sourced components and materials (about 19 percent of total purchases) include: various polymers and resins in primary form (HTSUS Ch. 39), articles of rubber and plastic, parts of lighting equipment, wiring harnesses, bulbs, gaskets/seals, fasteners, optical elements of glass, certain electrical apparatus, lamps and lenses, optical fiber and cable/bundles (duty rates: free-12.5%, 1.2¢/kg+7.5%).

FTZ procedures exempt NAL from Customs duty payments on the foreign components used in export production (9% of shipments). On its domestic sales, the company is able to choose the duty rates that apply to finished automotive lighting equipment and parts (duty free, 2.5%) for the foreign components noted above. The auto duty rate (2.5%) applies if the finished products are shipped via zone-to-zone transfer to U.S. motor vehicle assembly plants with subzone status. The request indicates that the savings from FTZ procedures will continue to help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 4, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to August 21, 2000).

A copy of the application will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230.

Dated: May 30, 2000.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In accordance with section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department of

Commerce ("the Department") is automatically initiating five-year ("sunset") reviews of the antidumping duty orders listed below. The International Trade Commission ("the Commission") is publishing concurrently with this notice its notices of *Institution of Five-Year Reviews* covering these same orders.

FOR FURTHER INFORMATION CONTACT:

Kathryn B. McCormick, or James Maeder, Office of Policy, Import Administration, International Trade Administration, U.S. Department of Commerce, at (202) 482-1930, or 482-3330, respectively, or Vera Libeau, Office of Investigations, U.S. International Trade Commission, at (202) 205-3176.

SUPPLEMENTARY INFORMATION:

Initiation of Reviews

In accordance with 19 CFR 351.218 (see Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders, 63 FR 13516 (March 20, 1998)), we are initiating sunset reviews of the following antidumping duty orders:

DOC Case No.	ITC Case No.	Country	Product
A-549-813	731-TA-706	Thailand	Canned Pineapple Fruit.
A-821-807	731-TA-807	Russia	Ferrovandium and Nitrided Vanadium.

Statute and Regulations

Pursuant to sections 751(c) and 752 of the Act, an antidumping duty ("AD") order will be revoked unless revocation or termination would be likely to lead to continuation or recurrence of (1) dumping, and (2) material injury to the domestic industry.

The reviews will be conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders, 63 FR 13516 (March 20, 1998) ("Sunset Regulations") and in 19 CFR part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98:3—Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin, 63 FR 18871 (April 16, 1998) ("Sunset Policy Bulletin").

Filing Information

As a courtesy, we are making information related to sunset

proceedings, including copies of the Sunset Regulations and Sunset Policy Bulletin, the Department's schedule of sunset reviews, case history information (e.g., previous margins, duty absorption determinations, scope language, import volumes), and service lists, available to the public on the Department's sunset internet website at the following address: "http://www.ita.doc.gov/import_admin/records/sunset/".

All submissions in the sunset reviews must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303 (2000). Also, we suggest that parties check the Department's sunset website for any updates to the service list before filing any submissions. We ask that parties notify the Department in writing of any additions or corrections to the list. We also would appreciate written notification if you no longer represent a party on the service list.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in

the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306 (see Antidumping and Countervailing Duty Proceedings: Administrative Protective Order Procedures; Procedures for Imposing Sanctions for Violation of a Protective Order, 63 FR 24391 (May 4, 1998)).

Information Required from Interested Parties

Domestic interested parties (defined in 19 CFR 351.102 (2000)) wishing to participate in the sunset reviews must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth in the Sunset Regulations at 19 CFR 351.218(d)(1)(ii). In accordance with the Sunset Regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department
