### Notice of Proposed Administrative Cost Recovery Settlement Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act

**AGENCY:** Environmental Protection Agency.

**ACTION:** Proposal of CERCLA section 122(h)(1) administrative cost recovery settlement for the Uniroyal Hill Street Site.

**SUMMARY:** The United States Environmental Protection Agency ("U.S. EPA") proposes to address the potential liability of Uniroyal, Inc., Uniroyal Holding, Inc., CDU Holding, Inc., and the CDU Holding, Inc. Liquidating Trust (the "Settling Parties") by execution of a Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA") section 122(h)(1) Administrative Order on Consent prepared pursuant to 42 U.S.C. 9622(h)(1) (the "Agreement"). The Agreement provides the Settling Parties certain covenants not to sue under CERCLA, 42 U.S.C. 9601 *et seq.*, as amended, and section 7003 of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6973, as amended, with respect to the Uniroyal Hill Street Site (the "Site"), located in Mishawaka, Indiana. The key terms and conditions of the Agreement may be briefly summarized as follows: (1) The Settling Parties agree to pay \$50,000 to the Hazardous Substances Superfund in satisfaction of U.S. EPA's allowed claim; (2) the Settling Parties agree to pay \$50,000 to the City of Mishawaka, in satisfaction of their claim; (3) the Settling Parties agree not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site or the Agreement; (4) subject to the reservations specified in the Agreement, U.S. EPA affords the Settling Parties a covenant not to sue for recovery of response costs pursuant to section 107 of CERCLA, 42 U.S.C. 9607(a), liability for injunctive relief or administrative order enforcement pursuant to section 106 of CERCLA, 42 U.S.C. 9606, liability for injunctive relief pursuant to section 7003 of the Resource Conservation and Recovery Act, 42 U.S.C. 6973, and provides contribution protection as provided by CERCLA sections 113(f)(2) and 122(h)(4), 42 U.S.C. 9613(f)(2) and 9622(h)(4), conditioned upon satisfaction of obligations under the Agreement. The Site is not on the NPL. The Agreement was signed by the Regional Administrator, U.S. EPA, Region 5, on December 23, 1999.

**DATES:** Written comments on the proposed Agreement must be received by U.S. EPA on or before February 23, 2000. In accordance with section 7003(d) of RCRA, 42 U.S.C. 6973(d), commenters may request an opportunity for a public hearing in the affected area.

**ADDRESSES:** The proposed Agreement and the U.S. EPA's response to any comments received will be available for public inspection at U.S. EPA Records Center Room 714, 77 West Jackson Boulevard, Chicago, Illinois 60604. A copy of the proposed Agreement may be obtained from U.S. EPA Office of Regional Counsel, 77 West Jackson Boulevard, Chicago, Illinois 60604. Comments should reference the Uniroyal Hill Street Site, Mishawaka, Indiana, and U.S. EPA Docket No. V-W-99-C-575 and should be addressed to Ms. Hedi Bogda-Cleveland, U.S. EPA Office of Regional Counsel, 77 West Jackson Boulevard (C-14J), Chicago, Illinois 60604-3590.

**FOR FURTHER INFORMATION CONTACT:** Ms. Hedi Bogda-Cleveland, U.S. EPA Office of Regional Counsel, 77 West Jackson Boulevard (C-14J), Chicago, Illinois 60604, at (312) 886-5825.

Dated: December 23, 1999.

### Certain New Chemicals; Receipt and Status Information

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from December 6, 1999 to December 31, 1999, consists of the PMNs, pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**ADDRESSES:** Comments may be submitted by mail, electronically, or in

person. Please follow the detailed instructions for each method as provided in Unit I. of the "SUPPLEMENTARY INFORMATION." To ensure proper receipt by EPA, it is imperative that you identify docket control number OPPTS-51940 and the specific PMN number in the subject line on the first page of your response.

**FOR FURTHER INFORMATION CONTACT:** Joe Carra, Deputy Director, Office of Pollution Prevention and Toxics (7401), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; telephone numbers: (202) 554-1404 and TDD: (202) 554-0551; e-mail address: TSCA-Hotline@epa.gov.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. General Information**

###### *A. Does this Action Apply to Me?*

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under "FOR FURTHER INFORMATION CONTACT."

###### *B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?*

1. *Electronically.* You may obtain copies of this document and certain other available documents from the EPA Internet Home Page at <http://www.epa.gov/>. On the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register—Environmental Documents." You can also go directly to the "Federal Register" listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an official record for this action under docket control number OPPTS-51940. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as confidential business information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which

includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the TSCA Nonconfidential Information Center, North East Mall Rm. B-607, Waterside Mall, 401 M St., SW., Washington, DC. The Center is open from noon to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number of the Center is (202) 260-7099.

###### *C. How and to Whom Do I Submit Comments?*

You may submit comments through the mail, in person, or electronically. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPPTS-51940 and the specific PMN number in the subject line on the first page of your response.

1. *By mail.* Submit your comments to: Document Control Office (7407), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460.

2. *In person or by courier.* Deliver your comments to: OPPT Document Control Office (DCO) in East Tower Rm. G-099, Waterside Mall, 401 M St., SW., Washington, DC. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 260-7093.

3. *Electronically.* You may submit your comments electronically by e-mail to: "oppt.ncic@epa.gov," or mail your computer disk to the address identified in this unit. Do not submit any information electronically that you consider to be CBI. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on standard disks in WordPerfect 6.1/8.0 or ASCII file format. All comments in electronic form must be identified by docket control number OPPTS-51940 and the specific PMN number. Electronic comments may also be filed online at many Federal Depository Libraries.

###### *D. How Should I Handle CBI that I Want to Submit to the Agency?*

Do not submit any information electronically that you consider to be CBI. You may claim information that you submit to EPA in response to this document as CBI by marking any part or all of that information as CBI. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. In addition to one complete version of the comment that includes any

information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public version of the official record.

Information not marked confidential will be included in the public version of the official record without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under "FOR FURTHER INFORMATION CONTACT."

###### *E. What Should I Consider as I Prepare My Comments for EPA?*

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.
7. Make sure to submit your comments by the deadline in this document.
8. To ensure proper receipt by EPA, be sure to identify the docket control number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

##### **II. Why is EPA Taking this Action?**

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from December 6, 1999 to December 31, 1999, consists of the PMNs, pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**III. Receipt and Status Report for PMNs**

This status report identifies the PMNs, pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you

are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In table I, EPA provides the following information (to the extent that such information is not claimed as CBI) on

the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

**Process for Providing Service Under Global International section 214 Authorizations Using Approved Non-U.S.-Licensed Satellite Systems Listed on the Permitted Space Station List**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** This document announces a change in the International Bureau's interpretation of its Exclusion List in light of the Commission's decision in the *DISCO II Recon.* proceeding. This action will reduce the regulatory burden on carriers seeking to provide international services using certain non-U.S.-licensed satellite systems by permitting the use of pre-approved satellites under global international section 214 authorizations without the need to obtain separate authority for such non-U.S.-licensed satellites.

**DATES:** Effective December 22, 1999.

**FOR FURTHER INFORMATION CONTACT:** Lisa Choi, Policy and Facilities Branch, Telecommunications Division, International Bureau, (202) 418-1460.

**SUPPLEMENTARY INFORMATION:**

1. The International Bureau announces its interpretation of its Exclusion List for International section 214 Authorizations (Exclusion List) to conform to a recent Commission order streamlining rules relating to the use of non-U.S. licensed satellite systems. See Amendment of the Commission's Regulatory Policies to Allow Non-U.S. Licensed Space Stations to Provide Domestic and International Satellite Service in the United States, IB Docket No. 96-111, FCC 99-325 (64 FR 61791, November 15, 1999).

2. The Commission developed the Exclusion List as a procedural mechanism to identify restrictions on providing common carrier service. The Exclusion List identifies those countries or facilities that are not included within the scope of a global section 214 authorization (61 FR 15724, April 9, 1996). When a carrier seeks to use facilities or serve a country that is on the Exclusion List, the carrier must file a separate section 214 application pursuant to § 63.18(e)(4) of the Commission's rules.

3. Currently, the Exclusion List prohibits carriers from using all non-U.S.-licensed satellite systems without obtaining a separate section 214 authorization (64 FR 19057, April 19, 1999). The Commission, however, recently changed its rules regarding the use of non-U.S.-licensed satellite systems in the *DISCO II Recon.* proceeding. In the *DISCO II Recon.* proceeding, the Commission simplified the process by which authorized non-U.S.-licensed fixed satellites may serve the U.S. market. In particular, U.S. earth station operators with ALSAT licenses will be permitted to access a non-U.S.-licensed satellite to provide fixed-satellite service in the conventional C- or Ku-bands without further regulatory approval, once that non-U.S.-licensed

satellite has been authorized to serve the United States. Originally, earth station operators with ALSAT licenses were permitted to access any U.S.-licensed satellite. In the *DISCO II Recon.* proceeding, these licensees' authority was expanded to include non-U.S.-licensed satellites on the Permitted Space Station List. Pursuant to the *DISCO II Recon.* proceeding, the International Bureau will keep a list of such authorized non-U.S.-licensed satellite systems to be referred to as the Permitted Space Station List ([www.fcc.gov/ib/srd/se/permited.html](http://www.fcc.gov/ib/srd/se/permited.html)).

4. In light of the *DISCO II Recon.* proceeding, it is not necessary to require holders of global section 214 authorizations to file for and obtain a separate section 214 authorization for non-U.S.-licensed satellite systems that have been authorized to provide fixed-satellite service in the United States and placed on the Permitted Space Station List. Prior to placing a space station on the Permitted Space Station List, the Commission will conduct a proceeding that will provide parties notice and an opportunity to comment on any potential Title III or section 214 issues raised by permitting operators with ALSAT licenses to access the non-U.S.-licensed satellite.

5. Accordingly, we interpret the Exclusion List restriction for all non-U.S.-licensed satellite systems to refer only to non-U.S.-licensed satellite systems that are not listed on the Permitted Space Station List. This interpretation will avoid confusion, reduce regulatory burden, and ensure that the Exclusion List is consistent with the Commission's policies. This interpretation of the Exclusion List became effective December 22, 1999. The announcement of the effective date of the *DISCO II Recon.* proceeding is
