

(6) *Waste management treatment programs.* Funds under this priority support curriculum development, teaching training, and instructional programs related to the study and documentation of traditional Hawaiian practices of sustainable waste management, including activities to prepare Native Hawaiians to participate actively in the risk assessment and remediation of environmental health hazards that affect Native Hawaiians. A successful applicant should have specific knowledge of the capacities of Native Hawaiian plants and animals to contribute to the management of modern waste materials. The applicant should have experience in educational programming, especially for elementary and secondary school grades, so that knowledge about traditional Hawaiian methods of sustainable waste management can be developed and used. The project may include an emphasis on environmental technologies applicable to the remediation of environmental health risks in Hawaiian homelands and in surplus Federal lands subject to reuse.

(7) *Marine resource management.* To support programs designed to teach Native Hawaiian elementary and secondary students about traditional fishery management techniques used in the Native Hawaiian culture.

Selection Criteria: The Secretary will use the following selection criteria in 34 CFR 75.210 to evaluate applications under each of the competitions in the notice. (The specific selection criteria and factors that will be used in evaluating applications are detailed in the application package). The maximum score for all of the selection criteria is 100 points. The maximum points for each criterion is as follows:

- (a) *Significance*—15 points.
- (a) *Quality of Project Design*—35 points.
- (b) *Quality of Project Personnel*—10 points.
- (c) *Adequacy of Resources*—5 points.
- (d) *Quality of Management Plan*—15 points.
- (e) *Quality of the Project Evaluation*—20 points.
