The Army Corps of Engineers has filed a partial relinquishment of their reservation under these executive orders. Jurisdiction of the land is

transferred from the Secretary of the Army to the Secretary of the Interior for management by the Bureau of Indian Affairs. 1. The Executive Orders dated February 18, 1870 and March 26, 1881, which withdrew public land and reserved the land for use by the Department of the Army, are hereby modified to establish a 20-year term and to transfer jurisdiction to the Secretary of the Interior and reserve the land for use and administration by the Bureau of Indian Affairs. The land is described as follows:

Ch.2 (1994)), but not from leasing under the mineral leasing laws, to protect an area having cultural, historical, religious, geological and archeological significance to the Navajo Nation and the Pueblo of Zuni. The withdrawn land is to be managed by the Bureau of Indian Affairs for these values, as well as, other compatible uses. This withdrawal will expire 20 years from the effective date of this order unless, as

a result of a review conducted before the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f) (1994), the Secretary determines that the withdrawal shall be extended.

Upon due notice, the Army agrees to remove any such remaining unexploded ordnance discovered on the land, as required under applicable law and regulations, as expeditiously as is reasonable and practicable, subject to the availability of funds.

Market Centers for Use in Applying Revised Royalty Valuation Regulations for Federal Oil

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of market centers.

SUMMARY: As required by revised Federal oil valuation regulations, the

Minerals Management Service (MMS) has identified the market centers that royalty payors should use to value oil produced from Federal leases.

EFFECTIVE DATE: June 1, 2000.

ADDRESSES: See **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: David Domagala, Royalty Valuation Division, Royalty Management Program, Minerals Management Service, P.O. Box 25165, Mail Stop 3151, Denver, Colorado 80225, telephone number (303) 275-7255 or fax number (303) 275-7227.

SUPPLEMENTARY INFORMATION: MMS published its revised regulations establishing oil value for royalty due on Federal leases in the **Federal Register** on March 15, 2000 (65 FR 14022), effective June 1, 2000. The primary changes in the revised regulations affect Federal lessees who value oil not sold at arm's length. The rule provides that the primary means of valuing crude oil not sold at arm's length is an adjusted spot price, except in the Rocky Mountain Region, where use of an adjusted spot price for valuation purposes is the third valuation benchmark (30 CFR 206.103(b)(4)) (65 FR 14091). The applicable spot price is the one for the oil most closely representing the lease production in terms of physical proximity and quality parameters.

On June 13, 2000, MMS published a list of approved publications from which a lessee may select the appropriate spot price (65 FR 37043). These publications provide spot prices for various types of oils at specific market centers.

Under § 206.113 of the final rule for establishing oil value for royalty due on Federal leases (65 FR 14095), MMS must also identify and publish a list of appropriate market centers using the following factors and conditions:

- (1) Points where MMS-approved publications publish prices useful for index purposes;
- (2) Markets served;
- (3) Input from industry and others knowledgeable in crude oil marketing and transportation;
- (4) Simplification; and
- (5) Other relevant matters.

These market centers and the oil types at each location are listed below:

Market center location	Oil types at that location
Cushing, Oklahoma ..	West Texas Intermediate.
Midland, Texas	West Texas Intermediate. West Texas Sour.

Market center location	Oil types at that location
Saint James, Louisiana.	Light Louisiana Sweet. Eugene Island. Bonito Sour.
Empire, Louisiana	Heavy Louisiana Sweet.
Clovelly, Louisiana	Mars Blend.
Houma, Louisiana	Poseidon.
Los Angeles, California.	Alaska North Slope.
San Francisco, California	

MMS will monitor market activity and, if necessary, add to or modify the list of market centers and will publish such modifications in the **Federal Register**.

Acting Associate Director for Royalty Management.
