**Bureau for International Narcotics and Law Enforcement Affairs**

(Public Notice 3339)

**International Demand Reduction Program (IDR)**

**AGENCY:** Office of Europe, NIS, and Training; Bureau for International Narcotics and Law Enforcement Affairs, State

**ACTION:** Notice.

**SUMMARY:** State Department's Bureau for International Narcotics and Law Enforcement Affairs (INL) developed the International Demand Reduction program (IDR) in 1978 to assist foreign countries to mobilize public and private sectors in effective support of national narcotic control policies and programs. The program was enhanced in 1990 to assist foreign countries with the development of self-sustaining prevention, education, and treatment programs. The goal of the program is to enhance foreign political determination to combat illegal drug abuse and convince governments to dedicate sufficient resources to effectively fight this problem.

The IDR program has been modified to include the participation of non-Federal agencies (e.g., universities, non profit organizations) in the design and implementation of research and evaluation studies on these programs. This component of the IDR program has a timeframe of 2000-2003.

**DATES:** Strict deadlines for submission to the FY 2000 process are: Full proposals must be received at INL no later than Friday, July 28. Letters of intent will not be required. We anticipate that review of full proposals will occur during August 2000 and funding should begin during September of 2000 for most approved projects. September 25, 2000 should be used as the proposed start date on proposals, unless otherwise directed by a program manager. Applicants should be notified

of their status within 6 months of submission deadline. All proposals must be submitted in accordance with guidelines below. Failure to heed these guidelines may result in proposals being returned without review.

**ADDRESSES:** Proposals may be submitted to: U.S. Department of State, Bureau of International Narcotics and Law Enforcement Affairs, Navy Hill South, 2430 E Street NW, Washington, D.C. 20520, Attn: Linda Gower.

**FOR FURTHER INFORMATION CONTACT:** Linda Gower at above address, TEL: 202-776-8774, FAX: 202-776-8775, or Thom Browne at above address, TEL: 202-736-4662, FAX: 202-647-6962.

Once the RFA deadline has passed, DOS staff may not discuss competition in any way with applicants until the proposal review process has been completed.

#### **SUPPLEMENTARY INFORMATION:**

##### **Funding Availability**

This Program Announcement is for projects to be conducted by agencies/programs outside the Federal government, for a period of up to three years. Actual funding levels will depend upon availability of funds. Current plans are for up to a total of \$700,000 per year for one-three years to be available for two new IDR awards. The funding instrument for this award will be a grant or a cooperative agreement. Funding for non-U.S. institutions and contractual arrangements for services and products for delivery to INL are not available under this announcement. Matching share, though encouraged, is not required by this program. No proposal should exceed a total yearly cost of \$ 350,000.

##### **Program Authority**

Authority: Section 635(b) of the Foreign Assistance Act, as amended

##### **Program Objectives**

The goal of the IDR program is to enhance foreign political determination to combat illegal drug abuse and convince governments to dedicate sufficient resources to effectively fight this problem.

The program objectives of the IDR program are: (1) Strengthen the ability of host nations to conduct more effective demand reduction efforts on their own; (2) encourage drug producing and transit countries to invest resources in drug awareness, demand reduction, and training to build public support and political will for implementing counter-narcotics programs; (3) improve coordination of, and cooperation in, international drug awareness and

demand reduction issues involving the U.S., donor countries and international organizations; and (4) utilize accomplishments in the international program to benefit U.S. demand reduction services at home.

##### **Program Priorities**

The FY 2000 IDR Program Announcement invites program assessment and evaluation design proposals for selected international demand reduction programs in the following areas:

(1) Program assessment to identify best practices, common (cross cultural) program elements, and lessons learned from organizations in selected countries that developed effective programs which serve youth involved in or at-risk of becoming involved in drug-related violence; and

(2) Program assessment to identify best practices, common (cross cultural) program elements, and lessons learned from organizations in selected countries that developed effective drug treatment/after care programs.

For the purpose of this announcement, projects providing services for youths at-risk for drug-related violence in Colombia, Sicily, the United States, and South Africa will be the focus of the "best practice" program assessment. The proposed project should involve four phases—an initial gathering of background information; field work in the selected countries to obtain information from public organizations and NGOs; training and technical assistance, as necessary, to strengthen anti-violence programs in target foreign countries only; and report generation that summarizes findings by country and across countries/sites.

For the purpose of this announcement, projects providing drug treatment and after care services for adult and juvenile populations in Latin America, Southeast Asia, and Europe will be the focus of the "best practice" program assessment. Applicants should budget for separate, two-week fact finding trips as follows: three trips to Europe and four trips each to Latin America and Southeast Asia. INL will identify specific countries/programs to visit after grant award. The proposed project should involve four phases—an initial gathering of background information, field work in the selected countries to obtain information from public organizations and NGOs, report generation that summarizes findings by country and across countries/sites, and a descriptive report that highlights accomplishments/results for foreign treatment programs established from INL-funded training from 1990 to the

present. This information will be collected during the field works finding trips outlined above.

Any grant applicants who will be working with counterpart research institutions/universities to implement the proposed assessment or evaluation programs may sub-grant or sub-contract services to assist in fulfilling program objectives.

##### **Eligibility**

Eligibility is limited to non-Federal agencies and organizations. Applicants are urged to seek collaboration with counterpart research institutions/universities. *Experience of U.S. evaluators related to conducting demand reduction-related training and technical assistance and/or program assessments/evaluations in international settings, though not required, is helpful.* Universities and non-profit organizations are included among entities eligible for funding under this announcement. Direct funding for non-U.S. institutions is not available under this announcement.

##### **Evaluation Criteria**

Consideration for financial assistance will be given to those proposals which address Program Priorities identified above and meet the following evaluation criteria:

(1) *Relevance (15%)*: Importance and relevance to the goal and objectives of the IDR program identified above.

(2) *Methodology (20%)*: Adequacy of the proposed approach and activities, including development of relevant evaluation methodologies, research protocols, training curricula, project milestones, and final products.

(3) *Readiness (25%)*: Relevant history and experience in conducting program evaluations, assessments, and training in the program priority areas identified above, strength of proposed evaluation/assessment/training teams, past performance record of applicants.

(4) *Linkages (25%)*: Connections to existing demand reduction or correctional agencies in target countries outlined in Program Priorities above, in addition to previous program assessment/evaluation/training experience in these countries.

(5) *Costs (15%)*: Adequacy/efficiency of the proposed resources; appropriate share of total available resources.

##### **Selection Procedures**

All proposals will be evaluated and ranked in accordance with the assigned weights of the above evaluation criteria by independent peer panel review composed of INL and other Federal USG agency experts. The panel's

recommendations and evaluations will be considered by the program managers in final selections. Those ranked by the panel and program managers as not recommended for funding will not be given further consideration and will be notified of non-selection. For the proposals rated for possible funding, the program managers will: (a) Ascertain which proposals meet the objectives, fit the criteria posted; (b) select the proposals to be funded; (c) determine the total duration of funding for each proposal; and (d) determine the amount of funds available for each proposal.

Unsatisfactory performance by a recipient under prior Federal awards may result in an application not being considered for funding.

(1) Proposals submitted to INL must include the original and three unbound copies of the proposal. ## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

### Notice of Invitation for Public Comment From FTAA Committee of Government Representatives on the Participation of Civil Society

**AGENCY:** Office of the United States Trade Representative (USTR).

**ACTION:** Notice.

**SUMMARY:** The Office of the United States Trade Representative is providing notification that the Committee of Government Representatives on the Participation of Civil Society (Committee), established by the 34 countries participating in the negotiations for a Free Trade Area of the Americas (FTAA), has issued an invitation for public comment on trade matters related to the FTAA process.

**FOR FURTHER INFORMATION:** The invitation for public comment and a cover sheet identifying information to be included with submissions to the Committee have been posted on the official FTAA website ([www.ftaa-alca.org](http://www.ftaa-alca.org)) and are reproduced below. The FTAA website also contains background information regarding the FTAA process, including the Committee's report of November 1999 to the FTAA Trade Ministers and the Toronto and San Jose Ministerial Declarations. Any questions concerning the FTAA negotiations should be addressed to the agency's Office of Western Hemisphere Affairs at (202) 395-5190.

**SUPPLEMENTARY INFORMATION:**

## 1. Background on the FTAA Negotiations

*Miami Summit of the Americas.* On December 11, 1994, President Clinton and the 33 other democratically-elected leaders in the Western Hemisphere met in Miami, Florida for the first Summit of the Americas. They agreed to conclude negotiations on a Free Trade Area of the Americas (FTAA) no later than the year 2005 and to achieve concrete progress toward that objective by the end of the century. The Miami Declaration of Principles and Plan of Action announced the agreements reached by the leaders at the first Summit of the Americas. With respect to the FTAA, the Plan of Action states in part:

We will strive to maximize market openness through high levels of discipline as we build upon existing agreements in the Hemisphere. We will also strive for balanced and comprehensive agreements, including among others: Tariffs and non-tariff barriers affecting trade in goods and services; agriculture; subsidies; investment; intellectual property rights; government procurement; technical barriers to trade; safeguards; rules of origin; antidumping and countervailing duties; sanitary and phytosanitary standards and procedures; dispute resolution; and competition policy.

The Plan of Action also states:

Free trade and increased economic integration are key factors for sustainable development. This will be furthered as we strive to make our trade liberalization and environmental policies mutually supportive, taking into account efforts undertaken by the GATT/WTO and other international organizations. As economic integration in the Hemisphere proceeds, we will further secure the observance and promotion of worker rights, as defined by appropriate international conventions. We will avoid disguised restrictions on trade, in accordance with the GATT/WTO and other international obligations.

*San Jose Ministerial.* The 34 Western Hemisphere ministers responsible for trade met on March 19, 1998 in San Jose, Costa Rica. At the San Jose meeting, the trade ministers recommended that the Western Hemisphere leaders initiate the negotiations and provided recommendations on the structure, objectives, principles, and venues of the negotiations. The trade ministers proposed the creation of nine negotiating groups and three non-negotiating committees and groups, including the Committee of Government Representatives on the Participation of Civil Society. They also established the Trade Negotiations Committee (TNC) to guide the work of the negotiating groups, to decide on the overall
