Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from Japan and South Africa of certain small diameter seamless carbon and alloy steel standard, line, and pressure pipe ("small diameter pipe"), provided for in subheadings 7304.10.10, 7304.10.50, 7304.31.30, 7304.31.60, 7304.39.00, 7304.51.50, 7304.59.60, and 7304.59.80 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV).² The Commission made negative determinations concerning critical circumstances. The Commission also determines that an industry in the United States is materially injured by reason of imports from Japan of certain large diameter seamless carbon and alloy steel standard, line, and pressure pipe ("large diameter pipe"), provided for in subheadings 7304.10.10, 7304.10.50, 7304.31.60, 7304.39.00, 7304.51.50, 7304.59.60, and 7304.59.80 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at LTFV.³

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

² Commissioners Jennifer A. Hillman and Thelma J. Askey dissenting with respect to small diameter pipe of alloy steel. They determine that an industry in the United States producing such pipe is neither materially injured nor threatened with material injury by reason of imports of such pipe from Japan and South Africa sold at LTFV.

³ Commissioner Thelma J. Askey dissenting with respect to large diameter pipe of alloy steel. She determines that an industry in the United States producing such pipe is neither materially injured

Background

The Commission instituted these investigations effective June 30, 1999, following receipt of a petition filed with the Commission and the Department of Commerce by counsel for Koppel Steel Corp., Beaver Falls, PA; Sharon Tube Co., Sharon, PA; U.S. Steel Group, Fairfield, AL; USS/Kobe Steel Co., Lorain, OH; and Vision Metals' Gulf States Tube Div., Rosenberg, TX. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by the Department of Commerce that imports of small diameter pipe from Japan and South Africa and large diameter pipe from Japan were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).
