BILLING CODE 4000-01-U

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before February 25, 2000.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Danny Werfel, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, N.W., Room 10235, New Executive Office Building, Washington, D.C. 20503 or should be electronically mailed to the internet address DWERFEL@OMB.EOP.GOV.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these

requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: January 20, 2000.

William E. Burrow,

*Leader, Information Management Group,
Office of the Chief Information Officer.*

Office of Postsecondary Education

Type of Review: Revision

Title: State Report Card on Teacher

Preparation Programs

Frequency: One time

Affected Public: State, local and Tribal Gov'ts

Reporting and Recordkeeping Hour Burden:

Responses: 57 Burden Hours: 114

Abstract: There is a Congressionally mandated study of teacher certification and licensure requirements, called for in section 207 of P.L. 105-244, the Higher Education Amendments of 1998 (20 USC 1027). Section 207, subsection (c), paragraph (1) calls for information in three areas to be submitted by the states to the Secretary of Education within six months of the passage of the legislation (i.e. April 8, 1999). The three areas are: (Subsection (b), paragraph (1): "A description of the teacher certification and licensure assessments, and any other certification and licensure requirements, used by the State."; • Subsection (b), paragraph (5): "The percentage of teaching candidates who passed each of the assessments used by the State for teacher certification and licensure, disaggregated and ranked, by the teacher preparation program in the State from which the teacher candidate received the candidate's most recent degree, which shall be made available widely and publicly"; • Subsection (b), paragraph (6): "Information on the extent to which teachers in the State are given waivers of State certification or licensure requirements, including the proportion of such teachers distributed across high-and low-poverty districts and across subject areas."

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, or should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW, Room 5624, Regional Office Building 3, Washington, D.C. 20202-4651. Requests may also be

electronically mailed to the internet address OCIO_IMG_Issues@ed.gov or faxed to 202-708-9346.

Questions regarding burden and/or the collection activity requirements should be directed to Joseph Schubart at (202) 708-9266 or via his internet address Joe_Schubart@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

BILLING CODE 4000-01-U

DEPARTMENT OF ENERGY

National Energy Technology Center; Notice of Intent To issue a Federal Assistance Solicitation (PS)

AGENCY: National Energy Technology Center (NETL), Department of Energy (DOE).

ACTION: Notice.

SUMMARY: Notice is hereby given of the intent to issue a PS No. DE-PS26-00NT40781 entitled "Energy Efficient Building Equipment and Envelope Technologies, Round II." The PS will solicit the submission of innovative technologies that have the potential for significant energy savings in residential and commercial buildings. Through this solicitation, the Department of Energy is seeking to support projects that are advancing energy efficient equipment, envelope technologies and whole building technologies. Specifically, the objective of the procurement is to accelerate high-payoff technologies that, because of their risk, are unlikely to be developed in a timely manner without a partnership between industry and the Federal government.

DATES: The solicitation will be available from NETL's Internet address at <http://www.netl.doe.gov/business>. Prospective offerors who would like to be notified as soon as the solicitation is available should register at <http://www.netl.doe.gov/business/index.html>. Provide your e-mail address and click on the heading "Energy Efficiency and Renewable Energy." Once you subscribe, you will receive an announcement by e-mail that the solicitation has been released to the public. Those prospective offerors who obtain a copy of the solicitation through the Internet should check the location frequently for any solicitation amendments. Telephone requests, written requests, e-mail requests, or facsimile requests for a copy of the solicitation package will not be accepted

and/or honored. The actual solicitation document will allow for requests for explanation and/or interpretation. Solicitations will not be distributed in paper form or on diskette. The solicitation will be available on or about February 12, 2000. The exact date and time for the submission of proposals will be indicated in the solicitation. However, at least a forty-five day response time is currently planned.

ADDRESSES: Acquisition and Assistance Division, U.S. Department of Energy, National Energy Technology Center, P.O. Box 880, Morgantown, WV 26507-0880.

FOR FURTHER INFORMATION CONTACT: Vicky L. Shears, Contract Specialist, U.S. Department of Energy, National Energy Technology Center, P.O. Box 880, Morgantown, WV 26507-0880; Telephone 304/285-4083.

SUPPLEMENTARY INFORMATION: DOE/NETL intends to select a group of projects programmatically balanced with respect to: (1) Technology category (equipment end users, envelopes and whole buildings); (2) building type (residential and/or commercial); and (3) time of commercialization (short-term or long-term market potential of the technology). The solicitation will cover research and development on materials, components and systems applicable to both residential and commercial buildings. The solicitation will not support demonstration projects to deploy the technology on a large scale but will support proof of concept projects.

The research and development areas of interest are as follows: Building Equipment—energy conversion and control equipment supplying lighting, space conditioning (heating, cooling, dehumidification and ventilation), water heating, refrigeration, appliance services and electric power to building occupants and commercial operations; Building Envelope—materials, components and systems for windows, walls, roofs, foundations and other elements which comprise building exteriors and provide thermal integrity and day lighting; and Whole Building Technologies—the integration of components and systems which govern overall energy use and indoor environmental quality in a building.

The solicitation covers research in four technology maturation stages. Technology Maturation Stage 2 involves applied research; Technology Maturation Stage 3 involves exploratory development (non-specific applications and bench-scale testing; Technology Maturation Stage 4 involves advanced development (specific applications and

bench-scale testing); and Maturation Stage 5 involves engineering development (pilot-scale and/or field testing).

Multiple awards are expected regardless of the technology maturation stage(s) proposed. For projects spanning more than one maturation stage, continuation decision points will be inserted at the completion of each stage. Additional decision points may be required depending upon the length of any one maturation stage. It is anticipated that eight to ten awards will be made with an average total estimated cost from \$200,000 to \$1,000,000. It is DOE's desire to encourage the widest participation including the involvement of individuals, corporations, non-profit organizations, and state or local governments or other entities. In order to gain the necessary expertise to review proposals, non-Federal personnel may be used as evaluators or advisors in the evaluation of proposals, but will not serve as members of the technical evaluation committee. This particular program is covered by Sections 3001 and 3002 of the Energy Policy Act (EPA), 42 U.S.C. 13542 for financial assistance awards. EPA 3002 requires a cost share commitment of at least 20 percent from non-Federal sources for research and development projects. In accordance with FAR 52.232-18, "Availability of Funds," funds are not presently available for this procurement. The Government's obligation under this award is contingent upon the availability of appropriated funds from which payment for award purposes can be made.

Issued January 19, 2000.

Randolph L. Kesling,

Division Director, Acquisition and Assistance Division.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 11690-001-Alaska]

Alaska Village Electric Cooperative, Inc.; Notice of Availability of Draft Environmental Assessment

January 19, 2000.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 F.R. 47897), the Office of Hydropower Licensing has reviewed the

application for an original license for Alaska Village Electric Cooperative, Inc.'s proposed Old Harbor Hydroelectric Project, and has prepared a Draft Environmental Assessment (DEA). The project would be located near the city of Old Harbor, Alaska on Kodiak Island, partly on the Kodiak National Wildlife Refuge. This DEA contains the Commission staff's analysis of the potential future environmental impacts of the project and has concluded that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

Copies of the DEA are available for review in the Commission's Public Reference Room, Room 2A, at 888 First Street, NE, Washington, DC 20426, and may also be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-2222 for assistance).

Any comments to this DEA should be filed within 45 days from the date of this notice and addressed to David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. For further information, please contact Nan Allen, Project Coordinator, at (202) 219-2938.

David P. Boergers,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6529-8]

Agency Information Collection Activities: Proposed Collection; Comment Request; Significant New Alternatives Policy (SNAP) Program Final Rulemaking Under Title VI of the Clean Air Act Amendments of 1990

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval: Significant New Alternatives Policy (SNAP) Program Final Rulemaking under Title VI of the Clean Air Act Amendments of 1990, OMB Control No. 2060-0226, expiring
