[Docket No. CP00-401-000]

Suprex Energy Corporation; Notice of Application For Presidential Permit and Natural Gas Act Section 3 Authorization

July 14, 2000.

Take notice that on July 7, 2000, Suprex Energy Corporation (Suprex Energy) 435-4th Avenue S.W., Suite 450, Calgary, Alberta T2P 3A8, filed an application in Docket No. CP00-401-000 seeking a Presidential Permit, pursuant to Executive Orders Nos. 10485 and 12038, and a Natural Gas Act Section 3 authorization, pursuant to Part 153 of the Commission's Regulations, all as more fully described in Suprex Energy's application. The details of Suprex Energy's application are set forth in its application, which is on file with the Commission and open to public inspection.

The text of this application may also be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for help). Any initial questions regarding the application should be directed to Nello W. Marano, the company President, at the above address or by phone at (403) 294-1454.

Suprex Energy seeks authority to site, construct, operate, maintain, and connect pipeline facilities at the International Boundary between the United States and Canada in Toole County, Montana, for purposes of importing unprocessed natural gas into the United States from Canada. Suprex Energy currently an owner of a natural gas gathering system in the Province of Alberta. Suprex Energy proposes to construct certain natural gas gathering and metering facilities in Alberta near the International Boundary. It proposes to construct a 2,543 feet, 6-inch

diameter pipeline extending directly south from the metering station and across the Canada-United States border at Section 6 T37N R3W in the Toole County. The distance of Suprex Energy's 6-inch diameter pipeline in the United States will be 30 feet. This 30 foot section of pipeline will connect with a new 6-inch diameter gathering pipeline to be constructed by Suprex Energy Inc. (SEI), a Montana incorporated company that is a wholly owned subsidiary of Suprex Energy Corporation.

The purpose of the project is to gather and transport shut-in, unprocessed natural gas from natural gas wells in the Coutts Red Coulee area of Alberta, across the International Boundary to eventually be delivered to the existing gas gathering system owned and operated by the Montana Power Gas Company in the Border Field area of northern Montana which has available gas processing capacity.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 4, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 or 385.214, and the Commission's Regulations under the Natural Gas Act, 18 CFR 157.10. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules of Practice and Procedure.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 3 and 15 of the Natural Gas Act and the Commission Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Coral

Mexico to appear or be represented at the hearing.

[Project No. 2169-013 North Carolina—Tennessee]

Alcoa Power Generating, Inc.; Notice of Availability of Draft Environmental Assessment

July 14, 2000.

A draft environmental assessment (EA) is available for public review. The EA analyzes the environmental effects

of a request to amend the license to authorize upgrades of turbines and generators at three of the four developments of the Tapoco Hydroelectric Project located on the Little Tennessee and Cheoah Rivers, in Graham and Swain Counties, North Carolina, and Blount and Monroe Counties, Tennessee. The project utilizes approximately 370 acres Nantahala National Forest lands. The Tapoco Hydroelectric Project includes the following reservoirs: Santeetlah, Cheoah, Calderwood, and Chilhowee.

The EA was written by staff in the Office of Energy Projects, Federal Energy Regulatory Commission. The proposed upgrade would not constitute a major federal action significantly affecting the quality of the human environment. Copies of the EA can be viewed on the web at www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance. Copies are also available for inspection and reproduction at the Commission's Public Reference Room located at 888 First Street, NE, Room 2A, Washington, DC 20426, or by calling (202) 208-1371.

Anyone may file comments on the EA. The public, federal and state resource agencies are encouraged to provide comments. All written must be filed within 30 days of the issuance date of this notice shown above. Send an original and eight copies of all comments marked and with the project number P-2169-013 to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.
