Muno, <i>Acting Regional Administrator, EPA Region V.</i> [FR Doc. 00-19787 Filed 8-4-00; 8:45 am] BILLING CODE 6560-50-P
Incapacitating episodes (with symptoms such as fatigue, malaise, nausea, vomiting, anorexia, arthralgia, and right upper quadrant pain) having a total duration of at least one week, but less than two weeks, during the past 12-month period, or; intermittent fatigue, malaise, and anorexia	20	SUMMARY: The EPA proposes to delete the Windom Municipal Landfill Superfund site (Site) from the NPL and requests public comment on this action. The NPL constitutes Appendix B to Part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) as amended. EPA has determined that the Site currently poses no significant threat to public health or the environment, as defined by CERCLA, and therefore, further remedial measures under CERCLA are not appropriate. We are publishing this proposed rule without prior notification because the Agency views this as a noncontroversial revision and anticipates no dissenting comments. A detailed rationale for this proposal is set forth in the direct final rule. If no dissenting comments are received, the deletion will become effective. If EPA receives dissenting comments, the direct final action will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.	FEDERAL COMMUNICATIONS COMMISSION 47 CFR Part 73 [DA 00-1710, MM Docket No. 00-133, RM-9895] Digital Television Broadcast Service; Portland, ME AGENCY: Federal Communications Commission. ACTION: Proposed rule.
Nonasymptomatic	10		
NOTE (1): Evaluate sequelae, such as cirrhosis or malignancy of the liver, under an appropriate diagnostic code, but do not use the same signs and symptoms as the basis for evaluation under DC 7354 and under a diagnostic code for sequelae. (See §4.14.).	0	DATES: Comments concerning this Action must be received by September 6, 2000. Comprehensive information on this Site is available through the public docket which is available for viewing at the Site Information Repositories at the following locations: U.S. EPA Region 5, Administrative Records, 77 W. Jackson Boulevard, Chicago, IL 60604 (312)-886-0900 and the Minnesota Pollution Control Agency, 520 Lafayette Road	SUMMARY: The Commission requests comments on a petition filed by HMW, Inc., licensee of station WPXT, NTSC Channel 51, Portland, Maine, requesting the substitution of DTV Channel 36 for its assigned DTV Channel 4 at Portland. DTV Channel 36 can be allotted to Portland, Maine, in compliance with the principle community coverage requirements of Section 73.625(a) at reference coordinates (43-51-06 N. and 70-19-40 W.). As requested, we propose to allot DTV Channel 36 to Portland with a power of 1000 and a height above average terrain (HAAT) of 265 meters. However, since the community of Portland is located within 400 kilometers of the U.S.-Canadian border, concurrence by the Canadian government must be obtained for this proposal. DATES: Comments must be filed on or before September 25, 2000, and reply comments on or before October 10, 2000. ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Room TW-A325, Washington, DC 20554. In

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 76 and 78

[CS Docket No. 00-78; FCC 00-165]

Implementation of the Cable Operations and Licensing System (COALS) to Allow for Electronic Filing

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Federal Communications Commission (FCC) proposes to amend its regulations governing the filing of

forms and applications for the Cable Services Bureau. These proposed rule changes are designed to facilitate the FCC's implementation of the Cable Operations and Licensing Systems (COALS), a new electronic filing system. The Notice constitutes part of the FCC's ongoing review of its regulations consistent with the biennial review process mandated by Section 11 of the Communications Act. COALS will enable all cable services applicants, licensees and registrants to file electronically, thus increasing the speed and efficiency of the application and filing process. COALS will also make license and cable operational information more accessible to Commission staff and will enhance the availability of cable system information to the cable industry and the public.

DATES: Comments are due on or before September 6, 2000 and reply comments are due on or before September 21, 2000. Written comments by the public on the proposed information collections are due September 6, 2000. Written comments must be submitted by the Office of Management and Budget (OMB) on the proposed information collections on or before October 6, 2000.

ADDRESSES: Federal Communications Commission, 445 Twelfth Street, SW, Washington, DC 20554. In addition to filing comments with the Secretary, a copy of any comments on the information collections contained herein should be submitted to Judy Boley, Federal Communications Commission, Room 1-C804, 445 Twelfth Street, SW, Washington, DC 20554, or via the Internet to jboley@fcc.gov, and to Edward Springer, OMB Desk Officer, 10236 NEOB, 725-17th Street, NW, Washington, DC 20503 or via the Internet to springer.e@al.eop.gov.

FOR FURTHER INFORMATION, CONTACT:

Wayne McKee (202)418-2355 or Richard Kalb (202)418-1055, Cable Services Bureau, or via the internet at wmckee@fcc.gov or rkalb@fcc.gov. For additional information concerning the information collections contained in this NPRM contact Judy Boley at 202-418-0214, or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rulemaking, CS Docket 00-78, adopted May 11, 2000 and released May 23, 2000. The full text of this decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, NW, Washington, DC 20554, and may be purchased from the

Commission's copy contractor, International Transcription Service, (202) 857-3800, 1231 20th Street, NW, Washington, DC 20036, or may be reviewed via the internet at <http://www.fcc.gov/csb>.

Synopsis of the Notice of Proposed Rule Making

I. Introduction

1. In this Notice of Proposed Rulemaking ("NPRM"), we seek comment on our proposal to revise the rules governing the filing of forms and applications for the Cable Services Bureau ("CSB"). These include applications in the Cable Television Relay Service (CARS microwave applications), cable television operator registrations, and aeronautical frequency usage filings. These proposed rule changes are designed to facilitate our implementation of the Cable Operations and Licensing Systems ("COALS")—a new electronic filing system. This Notice constitutes part of our ongoing review of the Commission's regulations consistent with the biennial review process mandated by Section 11 of the Communications Act.

2. COALS will enable all cable services applicants, licensees, and registrants (hereinafter referred to as "electronic filers"), for the first time, to file all license-related applications and other filings electronically, thus increasing the speed and efficiency of the application and filing process.

3. COALS will also make license and cable operational information more accessible and more usable by Commission staff in carrying out our regulatory responsibilities. This will enable the Commission staff to monitor spectrum use and competitive conditions in the cable marketplace more easily and will promote more effective implementation of our spectrum management policies.

4. COALS will also enhance the availability of cable system information to the cable industry and the public. They will be able to access all cable system information by using any World Wide Web browser. These changes will benefit not only Commission licensees, but also members of the public that have historically had little or no access to such information. COALS will also allow persons seeking to obtain licensing information to search our database and retrieve the desired information via COALS. This will be more cost-effective than obtaining copies of Commission records manually from the Commission's copy contractor or the Commission's public reference rooms. Commission orders, public
