Agency Information Collection Activities: Proposed Request and Comment Request

In compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, SSA is providing notice of its information collections that require submission to the Office of Management and Budget (OMB). SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology.

The information collections listed below have been submitted to OMB for clearance. Written comments and recommendations on the information collections would be most useful if received within 30 days from the date of this publication. Comments should be directed to the SSA Reports Clearance Officer and the OMB Desk Officer at the addresses listed at the end of this publication. You can obtain a copy of the OMB clearance packages by calling the SSA Reports Clearance Officer on (410) 965-4145, or by writing to him.

1. *Integrated Registration for Employers and Submitters (IRES)*-0960-NEW. The IRES authentication system is a free service designed to allow employers to access SSA's electronic wage reporting services, and to replace the use of a handwritten signature with an electronic signature. Employer representatives will use an IRES generated PIN and password as their electronic signature. IRES was designed to be more efficient, reducing the costs

to both employers and SSA, and will facilitate the filing of wage data electronically.

SSA's paramount interest in the development of IRES was to ensure that the new electronic method of identifying wage report submitters provides the same security features as the current paper-based method. Security features will include message integrity, originator authentication, non-repudiation and confidentiality. The PIN and password will be issued to an individual designated by the employer after SSA authenticates the company and contact information provided by the individual.

SSA plans to use the IRES in conjunction with SSA's wage reporting processes. It will be used as the gateway for electronic wage reporting and the Online Employee Verification Service. It will also be used when SSA implements additional electronic services such as electronic notices and error information. The PIN will also be used in the AWR diskette process to replace the signature on IRS paper form 6559. SSA has received approval from IRS to use an alternative signature.

Respondents to IRES will be Employers and Submitters who utilize SSA's electronic wage reporting and Online Employee Verification Services.

Number of respondents: 250,000.

Number of Response: 1.

Average burden per response: 2 minutes.

Estimated Annual Burden: 8,333 hours.

2. *Psychiatric Review Technique*-0960-0413. The information collected on Form SSA-2506 is needed by SSA to facilitate the adjudication of claims involving mental impairments. The information is used to identify the need for additional evidence in the determination of impairment severity; to consider aspects of mental impairment relevant to the individual's ability to work; and to organize and present the findings in a clear, concise manner. The respondents are State DDS's administering titles II and XVI disability programs.

Number of Respondents: 1,005,804.

Frequency of Response: 1.

Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 251,451 hours.

[Public Notice 3383]

Culturally Significant Objects Imported for Exhibition Determinations: "Byzantine Art"

DEPARTMENT: Department of State.

ACTION: Notice.

SUMMARY: Notice is hereby given of the following determinations: Pursuant to the authority vested in me by the Act of October 19, 1965 (79 Stat. 985, 22 U.S.C. 2459), the Foreign Affairs Reform and Restructuring Act of 1998 (112 Stat. 2681, *et seq.*), Delegation of Authority No. 234 of October 1, 1999, and Delegation of Authority of October 19, 1999, as amended, I hereby determine that the objects to be included in the exhibition "Byzantine Art" imported from abroad for the temporary exhibition without profit within the United States, are of cultural significance. These objects are imported pursuant to loan agreements with foreign lenders. The loan will be for a period of one year, with the potential for renewal annually, beginning on November 14, 2000 through December 2004. I also determine that the exhibition or display of the exhibit objects at the Metropolitan Museum of Art, New York, NY is in the national interest. Public Notice of these Determinations is ordered to be published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: For further information, including a list of exhibit objects, contact Jacqueline Caldwell, Attorney-Adviser, Office of the Legal Adviser, U.S. Department of State (telephone: 202/619-6982). OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Request for Public Comment Regarding the United States-European Union Transatlantic Economic Partnership as It Concerns Services Trade

AGENCY: Office of the United States
Trade Representative (USTR).

ACTION: Notice and Request for
Comments.

SUMMARY: The Office of the United States Trade Representative (USTR) seeks written public comments on general U.S. negotiating objectives as they concern the services trade component of the Transatlantic Economic Partnership (TEP). Under the TEP, the United States and the European Union (EU) have undertaken to facilitate opportunities for dialogue between regulators and to explore whether it is possible to develop mutual recognition agreements (MRAs) or other regulatory cooperation for certain insurance, architectural, and engineering services, while maintaining high standards of safety and protection for consumers. Comments received will be considered by USTR in its further work to formulate objectives and priorities for these deliberations.

DATES: Public comments should be submitted no later than September 11, 2000.

ADDRESSES: Gloria Blue, Executive Secretary, Trade Policy Staff Committee, Office of the U.S. Trade Representative, Room 122, 600 17th Street, NW, Washington, DC 20508.

FOR FURTHER INFORMATION CONTACT:

Bernard Ascher (architectural and engineering services) or Ann Main (insurance or related services), Offices of Services, Investment, and Intellectual Property, (202) 395-4510. Procedural inquiries concerning the public comment process should be directed to Gloria Blue, Executive Secretary, Trade Policy Staff Committee, Office of the United States Trade Representative, (202) 395-3475.

SUPPLEMENTARY INFORMATION: On May 18, 1998, President Clinton and his EU counterparts issued a joint statement announcing the Transatlantic Economic Partnership (TEP) initiative. [**Federal Register** notice published on, June 9, 1998, describes the TEP.] On November 9, 1998, the United States and the EU agreed on a joint "Action Plan," as called for in the May 18 TEP statement. A copy of the Action Plan is available on USTR's website (www.ustr.gov) or upon request from Ms. Gloria Blue. On

June 9 and December 9, 1998, USTR published **Federal Register** Notices requesting public comment on the TEP. This notice is an additional request for information, focusing on the TEP as it relates to trade in services.

In the TEP initiative, the United States and the EU have undertaken to facilitate opportunities for dialogue between regulators and to explore whether it is possible to develop mutual recognition agreements (MRAs) or other regulatory cooperation for certain insurance, architectural, and engineering services, while maintaining high standards of safety and protection for consumers. Regulatory authorities are full participants in the process.

Architectural and Engineering Services: U.S. trade agreements, such as the U.S.-Canada Free Trade Agreement and the North American Free Trade Agreement, provide a framework for the competent authorities and professional organizations to negotiate mutual recognition agreements with their counterparts in other countries. Mutual recognition in the architectural and engineering services sector would enable those licensed in one country to be licensed or recognized to practice in another country. U.S. officials are working with a number of national engineering and architectural organizations to develop negotiating approaches that could lead toward mutual recognition of U.S. and EU architects and engineers, while maintaining high quality standards of safety and protection of consumers. Licensed practitioners must meet the requirements of the jurisdiction in which they practice and must comply with all applicable laws and regulations of the host jurisdiction.

Insurance and Related Services: Regarding insurance services, U.S. officials are working with state insurance regulators to determine whether it is possible to develop mutual recognition or other regulatory cooperation for certain insurance sectors (*e.g.*, commercial lines, reinsurance, agency/brokers). Private pension fund management, which is regulated at the federal level in the United States, is also a subject of consideration. Mutual recognition or other regulatory cooperation for insurance and related services could take various forms, including the possibility of greater uniformity of regulatory practices, or for regulators in one country to recognize the other country's regulatory practices as being sufficient for home country requirements.

Public Comments: All written comments should be addressed to Gloria Blue, Executive Secretary, Trade Policy
