

Electronic Programming Guides

An electronic programming guide ("EPG") is a software-based service or device offered by cable operators and other video programming distributors to consumers to navigate, organize, and differentiate video program offerings. For this year's report, we request updated information on the extent to which video programming distributors offer or plan to offer EPGs to their subscribers. We ask commenters to provide data on the number and different types of available electronic programming guides. We are interested in whether each EPG is nationally or locally produced and whether nationally distributed EPGs can be customized for local program offerings. We seek information regarding the ownership of nationally distributed EPGs, particularly with respect to their affiliation with video programming distributors.

Case Studies

In recent *Competition Reports*, we presented several case studies of local markets where cable operators faced actual competition from new entrants. This year, we request information on the effects of actual and potential competition in local markets where consumers have a choice among video programming distributors. In particular, we seek updated information on video programming services in those areas included in our previous case studies to determine whether the initial effects of competition continue. We also seek data regarding other areas where head-to-head competition exists, or is expected to exist in the near future, between cable and other video programming distributors, or among various types of video programming distributors. How has such competition affected prices, service offerings, quality of service, and other relevant factors? What regulatory changes have facilitated head-to-head competition in local markets between or among video programming distributors? What barriers still exist which inhibit further competition?

[Docket No. 00-10]

Universal Logistic Forwarding Co., Ltd.—Possible Violations of Sections 10(a)(1) and 10(b)(1) of the Shipping Act of 1984; Notice of Investigation and Hearing

Notice is given that the Commission, on August 10, 2000, served an Order of Investigation and Hearing on Universal Logistic Forwarding Co., Ltd. ("Universal"), which is a tariffed and bonded non-vessel-operating common carrier ("NVOCC"). It appears that, on at least 22 shipments during the time period May 9 through July 3, 1998, Universal obtained or attempted to obtain ocean transportation at less than the applicable rates through accessing a service contract to which it was not a signatory or affiliate. Further, it appears that, on at least 23 shipments during the same time period, Universal did not charge the rates set forth in its tariff. This proceeding therefore seeks to determine (1) whether Universal violated section 10(a)(1) of the Shipping Act of 1984 ("Shipping Act"), 46 U.S.C. app. 1709(a)(1), by knowingly and willfully, directly or indirectly, by means of false billing, false classification, false weighing, false report of weight, false measurement, or by any other unjust or unfair device or means, obtaining or attempting to obtain ocean transportation for property at less than the rates or charges that would otherwise have been applicable; (2) whether Universal violated section 10(b)(1) of the Shipping Act by charging, demanding, collecting or receiving less or different compensation for the transportation of property than the rates and charges shown in its NVOCC tariff; (3) whether, in the event violations of sections 10(a)(1) or section 10(b)(1) of the Shipping Act are found, civil penalties should be assessed

against Universal and, if so, the amount of penalties to be assessed; (4) whether, in the event violations of section 10(b)(1) of the Shipping Act are found, Universal's tariff should be suspended; and (5) whether, in the event violations are found, an appropriate cease and desist order should be issued. The full text of the Order may be viewed on the Commission's home page at www.fmc.gov, or at the Office of the Secretary, Room 1046, 800 N. Capitol Street, NW, Washington, DC. Any person may file a petition for leave to intervene in accordance with 46 CFR 502.72.
