

**DEPARTMENT OF TRANSPORTATION****14 CFR Part 73****[Airspace Docket No. 00-AGL-20]****RIN 2120-AA66****Realignment to Restricted Area R-6901A Fort McCoy, WI****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.**SUMMARY:** This action realigns Restricted Area R-6901A Fort McCoy, WI.

Specifically, this action realigns the southwestern boundary of R-6901A. The boundaries of R-6901B remain unchanged. The FAA is taking this action at the request of the United States Army (USA).

**EFFECTIVE DATE:** 0901 UTC, October 5, 2000.

**FOR FURTHER INFORMATION CONTACT:** Bil Nelson, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:****Background**

R-6901A was established to support training in the firing of long and short range weapons, and aircraft/helicopter training operations. Recently, the FAA conducted a review of non-precision standard instrument approach procedures (SIAP's) within the United States. This review revealed that a portion of the existing R-6901A infringes upon protected airspace for the SIAP serving the Sparta/Fort McCoy Airport, WI. Current air traffic control procedures require that non-participating aircraft be separated from the boundary of an active restricted area containing aircraft operations by a minimum of three nautical miles. In addition, coordination with the using agency for R-6901A found that the firing points formerly located in the southwest portion of R-6901A are closed permanently. Therefore, the using agency no longer has the requirement for restricted airspace in the southwest portion of R-6901A. As a result, it is necessary to realign the boundary of R-6901A to the northeast to release airspace no longer required for military purposes, and to more efficiently manage air traffic serving the Sparta/Fort McCoy Airport.

**The Rule**

This amendment to 14 CFR part 73 realigns R-6901A Fort McCoy, WI.

Specifically, this action realigns the southwestern boundary of R-6901A. This action is being taken to limit the incursion of R-6901A on the protected airspace area of the published SIAP into Fort McCoy. The boundaries of R-6901B remain unchanged. A side benefit of this action returns airspace to the users of the navigable airspace in the vicinity northeast of Angelo, WI. The FAA is taking this action at the request of the USA. Because this action reduces restricted airspace, I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Section 73.69 of 14 CFR part 73 was republished in FAA Order 7400.8G, dated September 1, 1999.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

This action reduces restricted airspace. The rule contains no changes to air traffic control procedures or routes. Therefore, the FAA has determined that this action is not subject to environmental assessments and procedures in accordance with FAA Order 1050.1D, “Policies and Procedures for Considering Environmental Impacts,” and the National Environmental Policy Act.

**List of Subjects on 14 CFR Part 73**

Airspace, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 73 as follows:

**PART 73—SPECIAL USE AIRSPACE**

1. The authority citation for part 73 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§ 73.69 [Amended]**

2. § 73.69 is amended as follows:

\* \* \* \* \*

**R-6901A Fort McCoy, WI [Amended]**

By removing the present boundaries and substituting the following:

Boundaries: Beginning at lat. 44°08'40"N., long. 90°44'20"W.; to lat. 44°08'40"N., long. 90°40'22"W.; to lat. 44°09'36"N., long. 90°40'22"W.; to lat. 44°09'36"N., long. 90°36'50"W.; to lat. 44°00'10"N., long. 90°36'41"W., then West along Wisconsin State Highway 21; to lat. 44°00'10"N., long. 90°37'32"W.; to lat. 44°01'45"N., long. 90°44'31"W.; to the point of the beginning.

\* \* \* \* \*

Issued in Washington, DC, on August 9, 2000.

**BILLING CODE 4910-13-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Food and Drug Administration****21 CFR Part 558****New Animal Drugs for Use in Animal Feeds; Diclazuril, Bacitracin Methylenedisalicylate, Bambermycins, and Virginiamycin**

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Final rule.

**SUMMARY:** The Food and Drug Administration (FDA) is amending the animal drug regulations to reflect approval of three new animal drug applications (NADA's) filed by Schering-Plough Animal Health Corp. The NADA's provide for use of the approved, single-ingredient diclazuril Type A medicated article together with approved, single-ingredient Type A medicated articles for either bacitracin methylenedisalicylate (BMD), virginiamycin, or bambermycins to make two-way combination Type C medicated feeds used for prevention of coccidiosis, increased rate of weight gain, and improved feed efficiency in broiler chickens.

**DATES:** This rule is effective August 17, 2000.

**FOR FURTHER INFORMATION CONTACT:** Charles J. Andres, Center for Veterinary Medicine (HFV-128), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-827-1600.

**SUPPLEMENTARY INFORMATION:** Schering-Plough Animal Health Corp., 1095 Morris Ave., P.O. Box 3182, Union, NJ 07083, filed three NADA's that provide for use of Clinacox™ (0.91 grams per pound (g/lb) diclazuril activity) Type A medicated article together with other approved, single-ingredient Type A medicated articles to make two-way combination Type C medicated broiler chicken feeds used for the prevention of coccidiosis caused by *Eimeria necatrix*, *E. tenella*, *E. acervulina*, *E. brunetti*, *E. mitis* (*mivati*), and *E. maxima*. Because diclazuril is effective against *E. maxima* later in its life cycle, subclinical intestinal lesions may be present for a short time after infection. Diclazuril was shown in studies to reduce lesion scores and improve performance and health of birds challenged with *E. maxima*. The combination Type C medicated feeds are also used for increased rate of weight gain and for improved feed efficiency.

NADA 141–153 provides for use of Clinacox™ and BMD® (10, 25, 30, 50, 60, or 75 g/lb bacitracin activity as BMD) Type A medicated articles to make combination Type C medicated broiler chicken feed containing 0.91 g/ton diclazuril and 4 to 50 g/ton BMD® and is approved as of January 13, 2000.

NADA 141–158 provides for use of Clinacox™ and Flavomycin® (2, 4, or 10 g/lb of bambermycins activity) Type A medicated articles to make combination Type C medicated broiler chicken feed containing 0.91 g/ton diclazuril and 1 to 2 g/ton bambermycins and is approved as of July 3, 2000.

NADA 141–090 provides for use of Clinacox™ and Stafac® (5, 10, 20, 50, or 227 g/lb virginiamycin activity) Type A medicated articles to make combination Type C medicated broiler chicken feed containing 0.91 g/ton diclazuril and 5 or 5 to 15 g/ton virginiamycin and is approved as of January 13, 2000. The

combination Type C medicated feed containing 5 g/ton virginiamycin is used for prevention of coccidiosis, increased rate of weight gain, and improved feed efficiency. The combination Type C medicated feed containing 5 to 15 g/ton virginiamycin is used for prevention of coccidiosis and increased rate of weight gain only.

The regulations are amended in 21 CFR 558.76, §§ 558.95, 558.198 and 558.635 (21 CFR 558.95, 558.198 and 558.635) to reflect these approvals. The basis of approval for each application is discussed in separate freedom of information summaries.

Sections 558.95 and 558.635 are also amended editorially to consolidate the cross-references for approved combinations in paragraph (d) and to list them in alphabetical order.

In accordance with the freedom of information provisions of 21 CFR part 20 and 514.11(e)(2)(ii), a summary of safety and effectiveness data and information submitted to support approval of each application may be seen in the Dockets Management Branch (HFA–305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852, between 9 a.m. and 4 p.m., Monday through Friday.

The agency has determined under 21 CFR 25.33(a)(2) that these actions are of a type that do not individually or cumulatively have a significant effect on the human environment. Therefore, neither environmental assessments nor environmental impact statements are required.

This rule does not meet the definition of “rule” in 5 U.S.C. 804(3)(A) because it is a rule of “particular applicability.” Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801–808.

#### List of Subjects in 21 CFR Part 558

Animal drugs, Animal feeds.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Center for Veterinary Medicine, 21 CFR part 558 is amended as follows:

#### PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

1. The authority citation for 21 CFR part 558 continues to read as follows:

**Authority:** 21 U.S.C. 360b, 371.

2. Section 558.76 is amended by redesignating paragraphs (d)(3)(v) through (d)(3)(xvii) as (d)(3)(vi) through (d)(3)(xviii) and by adding new paragraph (d)(3)(v) to read as follows:

#### § 558.76 Bacitracin methylene disalicylate.

\* \* \* \* \*

(d) \* \* \*

(3) \* \* \*

(v) Diclazuril as in § 558.198.

\* \* \* \* \*

3. Section 558.95 is amended by revising paragraphs (d)(5)(i) through (d)(5)(iv) to read as follows:

#### § 558.95 Bambermycins.

\* \* \* \* \*

(d) \* \* \*

(5) Bambermycins may be used in combination with:

(i) Diclazuril as in § 558.198.

(ii) Halofuginone as in § 558.265.

(iii) Narasin alone or with roxarsone as in § 558.363.

(iv) Nicarbazine as in § 558.366.

4. Section 558.198 is amended by revising paragraph (d) to read as follows:

#### § 558.198 Diclazuril.

\* \* \* \* \*

(d) *Conditions of use.* (1) It is used in Type C feed as follows:

Diclazuril grams/ton	Combination grams/ton	Indications for use	Limitations	Sponsor
(i) 0.91 (1 part per million (ppm))		Broiler chickens: For the prevention of coccidiosis caused by <i>Eimeria tenella</i> , <i>E. necatrix</i> , <i>E. acervulina</i> , <i>E. brunetti</i> , <i>E. mitis</i> ( <i>mivati</i> ), and <i>E. maxima</i> . Because diclazuril is effective against <i>E. maxima</i> later in its life cycle, subclinical intestinal lesions may be present for a short time after infection. Diclazuril was shown in studies to reduce lesion scores and improve performance and health of birds challenged with <i>E. maxima</i> .	Feed continuously. Not for use in hens producing eggs for human food.	000061
(ii) 0.91 (1 ppm)	Bacitracin methylene disalicylate 4 to 50	Broiler chickens: As in item (i) of this table; for increased rate of weight gain and improved feed efficiency.	As in item (i) of this table. Bacitracin methylene disalicylate provided by 046573.	000061

Diclazuril grams/ton	Combination grams/ton	Indications for use	Limitations	Sponsor
(iii) 0.91 (1 ppm)	Bambermycins 1 to 2	Broiler chickens: As in item (i) of this table; for increased rate of weight gain and improved feed efficiency.	As in item (i) of this table. Bambermycins provided by 012799.	000061
(iv) 0.91 (1 ppm)	Virginiamycin 5	Broiler chickens: As in item (i) of this table; for increased rate of weight gain and improved feed efficiency.	As in item (i) of this table; Virginiamycin provided by 000069.	000061
(v) 0.91 (1 ppm)	Virginiamycin 5 to 15	Broiler chickens: As in item (i) of this table; for increased rate of weight gain.	As in item (i) of this table. Virginiamycin provided by 000069.	000061

(2) [Reserved]

5. Section 558.635 is amended by revising paragraphs (d)(4)(i) through (d)(4)(vii) to read as follows:

**§ 558.635 Virginiamycin.**

\* \* \* \* \*

(d) \* \* \*

(4) Virginiamycin may be used in combination with:

(i) Amprolium and ethopabate as in § 558.58.

(ii) Diclazuril as in § 558.198.

(iii) Halofuginone as in § 558.265.

(iv) Lasalocid as in § 558.311.

(v) Monensin alone or with roxarsone as in § 558.355.

(vi) Salinomycin alone or with roxarsone as in § 558.550.

(vii) Semduramicin as in § 558.555.

Dated: July 26, 2000.

## DEPARTMENT OF TRANSPORTATION

### Coast Guard

#### 33 CFR Part 117

[CGD01-00-194]

#### Drawbridge Operation Regulations: Elizabeth River, NJ

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the South Front Street Bridge, mile 0.0, across the Elizabeth River at Elizabeth, New Jersey. This deviation from the regulations allows the bridge owner to keep the bridge in the closed position for four days: August 29, 2000; September 19, 2000; September 21, 2000; and September 27, 2000, from 7 a.m. through 4 p.m. This action is necessary to facilitate structural repairs at the bridge.

**DATES:** This deviation is effective August 29, 2000 through September 27, 2000.

**FOR FURTHER INFORMATION CONTACT:** Judy Yee, Project Officer, First Coast Guard District, at (212) 668-7165.

**SUPPLEMENTARY INFORMATION:** The South Front Street Bridge, mile 0.0, across the Elizabeth River has a vertical clearance of 3 feet at mean high water, and 8 feet at mean low water in the closed position. The bridge owner, the Union County Division of Engineering, requested a temporary deviation from the operating regulations to facilitate structural repairs at the bridge. The existing operating regulations at 33 CFR 117.719(a) require the bridge to open on signal; except that, from 12 midnight to 7 a.m., the draw shall open on signal if at least three-hours advance notice is given.

This deviation to the operating regulations allows the owner of the South Front Street Bridge to keep the bridge in the closed position for four days: August 29, 2000; September 19, 2000; September 21, 2000, and September 27, 2000, from 7 a.m. through 4 p.m., to facilitate structural repairs at the bridge. Vessels that can pass under the bridge without an opening may do so at all times.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 8, 2000.

### Coast Guard

#### 33 CFR Part 117

[CGD08-00-017]

#### Drawbridge Operating Regulation; Bayou Boeuf, LA

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation in 33 CFR 117 governing the operation of the Burlington Northern Santa Fe Railway, swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, Louisiana. This deviation allows the Burlington Northern Railroad to close the bridge to navigation from 8 a.m. until 5 p.m. and from 7 p.m. until 6 a.m. from August 21, 2000 through August 23, 2000. Presently, the draw is required to open on signal. This temporary deviation is issued to allow for replacement of the bevel gear and shaft, which are part of the locking wedge drive mechanism.

**DATES:** This deviation is effective from 8 a.m. on Monday, August 21, 2000 through 5 p.m. on Wednesday, August 23, 2000.

**ADDRESSES:** Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), 501 Magazine Street, New Orleans, Louisiana 70130-3396. The Bridge Administration Branch maintains the public docket for this temporary deviation.

**FOR FURTHER INFORMATION CONTACT:** Phil Johnson, Bridge Administration Branch, telephone (504) 589-2965.

**SUPPLEMENTARY INFORMATION:** The Bayou Boeuf swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, St. Mary and Assumption Parishes, Louisiana, has a vertical clearance of 6 feet above
