

bars, rods, profiles, plates, sheets, strip, foil, tubes, pipes, tube or pipe fittings, nails, tacks, drawing pins, and staples); aluminum products (including plates, sheets, strip, tubes, pipes, and tube or pipe fittings); hand tools; spanners and wrenches; padlocks and locks; base metal products (including mountings, fittings, castors, stoppers, caps, lids, and sign plates); taps, cocks, and valves for pipes, boilers, shells, and vats; portable electric lamps; electric heating equipments; microphones, loudspeakers, headphones, and earphones; sound reproducing devices; radio and television receivers; electrical resistors; electrical switching apparatuses; electric lamps; insulated wire, cable, and conductors; motor vehicle bodies, parts, and accessories; instruments, meters, and counters; seats and other furniture; and cigarette and other lighters. Duty rates on these categories range from duty-free to 12.5%.

Zone procedures would exempt Komatsu from Customs duty payments on foreign components used in export production. On domestic shipments, the company would be able to defer Customs duty payments on foreign materials, and to choose the duty rate that applies to the finished products (duty free) instead of the rates otherwise applicable to the foreign input materials (noted above). The company would also be exempt from duty payments on foreign merchandise that becomes scrap/waste (scrap rate estimated at 5% to 7% of parts). FTZ procedures will help Komatsu to implement a more cost-effective system for handling Customs requirements (including reduced Customs merchandise processing fees). FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 16, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 31, 2000.

A copy of the application and the accompanying exhibits will be available

for public inspection at each of the following locations:

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order No. 1113]

Expansion of Foreign-Trade Zone 20 Norfolk-Newport News, Virginia, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Virginia Port Authority, grantee of Foreign-Trade Zone 20 (Norfolk-Newport News, Virginia, area), submitted an application to the Board for authority to expand FTZ 20 to include sites in Accomack County, Virginia, at the Goddard Space Flight Center-Wallops Flight Facility (Site 14) and the Accomack Airport Industrial Park (Site 15), adjacent to the Norfolk-Newport News Customs port of entry (FTZ Docket 44-98; filed 9/15/98; amended on 6/2/99 and 7/24/00);

Whereas, notice inviting public comment was given in the **Federal Register** (63 FR 51338, 9/25/98) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal, as amended, is in the public interest;

Now, Therefore, the Board hereby orders:

The application to expand FTZ 20, as amended, is approved, subject to the Act and the Board's regulations, including Section 400.28, and further subject to the Board's standard 2,000-acre activation limit for the overall zone project.

Signed at Washington, DC, this 28th day of July 2000.

Troy H. Cribb,

Acting Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Dennis Puccinelli,

Executive Secretary.

Carbon Steel Wire Rope From Mexico; Final Results of Antidumping Duty Administrative and New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative and new shipper reviews.

SUMMARY: On April 7, 2000, the Department of Commerce (the Department) published the preliminary results of the administrative and new shipper reviews of the antidumping duty order on carbon steel wire rope from Mexico (65 FR 18283). The merchandise covered by this order is carbon steel wire rope. Steel wire rope encompasses ropes, cables, and cordage of iron or carbon steel, other than stranded wire, not fitted with fittings or made up into articles, and not made up of brass plated wire. Excluded from this review is stainless steel wire rope and all forms of stranded wire, with the following exception. Based on the affirmative final determination of circumvention of the antidumping duty order, 60 FR 10831 (Feb. 28, 1995), the Department has determined that steel wire strand, when manufactured in Mexico by Camesa, S.A. de C.V. (Camesa) and imported into the United States for use in the production of steel wire rope, falls within the scope of the antidumping duty order on steel wire rope from Mexico. The reviews cover two manufacturers, Camesa and Cablesa, S.A. de C.V. The period of review is March 1, 1998 through February 28, 1999. We received no comments on our preliminary results and have made no changes to our calculations. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled Final Results of the Review.

EFFECTIVE DATE: August 17, 2000.

FOR FURTHER INFORMATION CONTACT:

Mark Hoadley or Maureen Flannery, Import Administration, International Trade Administration, U.S. Department of Commerce, Washington, DC 20230; telephone: (202) 482-0666 and (202) 482-3020, respectively.

SUPPLEMENTARY INFORMATION:**The Applicable Statute**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR Part 351 (1999).

Background

On April 7, 2000, the Department published the preliminary results of the administrative and new shipper reviews of the antidumping duty order on carbon steel wire rope from Mexico (65 FR 18283). We invited parties to comment on our preliminary results of review. We received no comments. The Department has conducted these administrative and new shipper reviews in accordance with section 751 of the Act.

Scope of Review

The merchandise covered by this order consists of carbon steel wire rope. Steel wire rope encompasses ropes, cables, and cordage of iron or carbon steel, other than stranded wire, not fitted with fittings or made up into articles, and not made up of brass plated wire. Imports of these products are currently classifiable under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7312.10.9030, 7312.10.9060 and 7312.10.9090.

Excluded from this review is stainless steel wire rope, which is classifiable under the HTSUS subheading 7312.10.6000, and all forms of stranded wire, with the following exception. Based on the affirmative final determination of circumvention of the antidumping duty order, 60 FR 10831 (Feb. 28, 1995), the Department has determined that steel wire strand, when manufactured in Mexico by Camesa and imported into the United States for use in the production of steel wire rope, falls within the scope of the antidumping duty order on steel wire rope from Mexico. Such merchandise is currently classifiable under subheading 7312.10.3020 of the HTSUS.

Although the HTSUS subheadings are provided for convenience and customs

purposes, our written description of the scope of this review is dispositive.

Comments From Interested Parties and Changes Since the Preliminary Results

We received no comments from interested parties in response to our preliminary results. We have made no changes in the margin calculations.

Final Results of Review

We determine that the following percentage weighted-average margins exist for the period March 1, 1998 through February 28, 1999:

Manufacturer/exporter	Margin (percent)
Camesa, S.A. de C.V.	111.68
Cablesa, S.A. de C.V.	0.00

Cash Deposit Instructions

As a result of a Sunset Review of carbon steel wire rope from Mexico, the Department has revoked the antidumping duty order for this case, effective January 1, 2000. *See Revocation of Antidumping Duty Orders: Certain Steel Wire Rope From Japan, Korea, and Mexico*, 65 FR 3205-01 (Jan. 20, 2000). Therefore, we have instructed the Customs Service to terminate suspension of liquidation for all entries of subject merchandise made on or after January 1, 2000. We will issue additional instructions directing the Customs Service to liquidate all entries of carbon steel wire rope made on or after January 1, 2000, without regard to antidumping duties.

Entries of subject merchandise made prior to January 1, 2000, will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The Department will complete any pending reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Assessment Rate

The Department shall determine, and Customs shall assess, antidumping duties on all entries made during the current review period (March 1, 1998 through February 29, 1999). In accordance with 19 CFR 351.212(b), we have calculated importer-specific assessment rates. We divided the total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer. We will direct Customs to assess the resulting percentage margins against the entered Customs values for the subject

merchandise on each of that importer's entries under the relevant order during the review period.

Notifications

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: August 7, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

Gray Portland Cement and Clinker From Mexico: Preliminary Results of Changed-Circumstances Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Preliminary results of changed-circumstances antidumping duty administrative review.

SUMMARY: The Department of Commerce received information sufficient to warrant initiation of a changed-circumstances administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. Based on information on the record, we preliminarily determine that GCC Cementos, S.A. de C.V., is the
