

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board****(Docket 53-2000)****Proposed Foreign-Trade Zone—
Seminole County, Florida Area;
Application and Public Hearing**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Sanford Airport Authority, to establish a general-purpose foreign-trade zone at sites in the Seminole County, Florida area, within the Sanford Customs port of entry. The application was submitted pursuant to the provisions of the FTZ Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 5, 2000. The applicant is authorized to make the proposal under Section 288.36., Florida Statutes Annotated (1997).

The proposed zone would consist of sites covering 2,436 acres in the Seminole County area: *Site 1* (1,800 acres)—Orlando Sanford Airport/Airport Commerce Park, One Red Cleveland Boulevard at the east end of Lake Mary Boulevard, Sanford; *Site 2* (53 acres)—Technology Park, Lake Emma Drive and San Pond Road, Lake Mary; *Site 3* (126 acres)—Port of Sanford, on the St. Johns River, Kastner Place and Orange Boulevard, Sanford; *Site 4* (33 acres)—Northstar Business Park, 100 Central Park Drive, Sanford; *Site 5* (247 acres)—Silver Lake Industrial Park, 1700-2100 Lake Mary Boulevard, Sanford; *Site 6* (25 acres)—Sanford Commerce Park, 100 Commerce Way, Sanford; *Site 7* (138 acres)—Sanford Central Park, Upsala Road and Coastline Road, Sanford; and, *Site 8* (14 acres)—Oviedo Business Park, Aulin Avenue and Kane Street, Oviedo. *Site 1* is owned by the City of Sanford and *Site 3* is owned by the Seminole County Port Authority and The Briar Corporation. The remainder of the sites involve privately-owned industrial parks.

The application indicates a need for additional foreign-trade zone services in the Seminole County area. Several firms have indicated an interest in using zone procedures for warehousing/distribution of such items as architectural hardware, computer software, electronics, interior fire suppression sprinkler systems and specialized glass products. Specific manufacturing approvals are not being sought at this time. Requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to

investigate the application and report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on October 11, 2000, at 9 a.m., Orlando Sanford Airport, Board Room, One Red Cleveland Boulevard, Sanford, Florida 32773.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 13, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to November 27, 2000).

A copy of the application and accompanying exhibits will be available during this time for public inspection at the following locations:

Orlando Sanford Airport, Marketing & Properties Department, One Red Cleveland Blvd., Suite 200, Sanford, FL 32773.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce 14th and Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: September 6, 2000.

Dennis Puccinelli,

Executive Secretary.

BILLING CODE 3510-DS-U

DEPARTMENT OF COMMERCE**International Trade Administration****[A 588 845]****Stainless Steel Sheet and Strip in Coils From Japan: Notice of Initiation and Preliminary Results of Changed Circumstance Antidumping Duty Review, and Intent To Revoke Order in Part**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstance antidumping duty review, and intent to revoke order in part.

EFFECTIVE DATE: September 13, 2000.

SUMMARY: On August 1, 2000, the Department of Commerce ("Department") received a request on behalf of General Chemical Corporation, and its subsidiary, Printing Developments, Inc., ("PDI") for a changed circumstance antidumping duty ("AD") review and an intent to

revoke in part the AD order with respect to specific stainless steel and strip from Japan. The Department received a letter on August 16, 2000, from Allegheny Ludlum, AK Steel (formerly Armco, Inc.), Washington Steel Division of Bethlehem Steel Corporation (formerly Lukens, Inc.), the United Steelworkers of America, AFL-CIO/CLC, the Butler Armco Independent Union and the Zanesville Armco Independent Organization, Inc. ("petitioners") indicating that they do not oppose PDI's request for revocation in part of the order pursuant to a changed circumstance review with respect to the subject merchandise defined in the Scope of the Review section below. Based on this expression of no interest we are initiating a changed circumstance review and preliminary determine that the AD order should be revoked in part with respect to that product.

Interested parties are invited to comment on these preliminary results.

FOR FURTHER INFORMATION CONTACT: Alex Villanueva or James C. Doyle, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone (202) 482-6412 and (202) 482-0159, respectively.

SUPPLEMENTARY INFORMATION:*Applicable Statute and Regulations*

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (April 1999).

Background

On July 27, 1999, the Department published the Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order on stainless steel sheet and strip from Japan (64 FR 40565).

On August 1, 2000, PDI requested revocation in part of the antidumping order pursuant to section 751(b)(1) of the Act and § 351.216(b) of the Department's regulations with respect to specific stainless steel sheet and strip in coils from Japan, as described below. PDI further requested that revocation be effective for all unliquidated entries on or after the date of publication of the Department's January 4, 1999 preliminary less than fair value

("LTFV") determination (64 FR 108). On August 29, 2000, petitioners indicated that they do not oppose this request for revocation in part, as noted above.

Scope of the Review

The product covered by this exclusion request is certain stainless steel lithographic sheet. This sheet is made of 304-grade stainless steel and must satisfy each of the following specifications. The sheet must: (1) Have an ultimate tensile strength of minimum 75 KSI; (2) a yield strength of minimum 30 KSI; (3) a minimum elongation of 40 percent; (4) a coil weight of 4,000–6,000 lbs.; (5) a width tolerance of $-0/+0.0625$ inch and (6) a gauge tolerance of $+/-0.001$ inch. With regard to flatness; (7) the wave height and wave length dimensions must correspond to both edge wave and center buckle conditions; (8) the maximum wave height shall not exceed 0.75 percent of the wave length or 3 mm (0.118 inch), whichever is less, and (9) the wave length shall not be less than 100 mm (3.937 inch). With regard to the surface, (10) the surface roughness must be RMS (RA) 4–8; (11) the surface must be degreased and no oil will be applied during the slitting operation; (12) the surface finish shall be free from all visual cosmetic surface variations or stains in spot or streak form that affect the performance of the material; (13) no annealing border is acceptable; (14) the surface finish shall be free from all defects in raised or depression nature (e.g. scratches, gouges, pimples, dimples, etc.) exceeding 15 microns in size and with regard to dimensions; (15) the thickness will be .0145 $+/-.001$ and the widths will be either 38", 38.25", or 43.5" and the thickness for 39" material will be 0.118 $+/-.001$ inches.

Initiation and Preliminary Results of Changed Circumstance AD Review, and Intent To Revoke Order in Part

At the request of PDI, and in accordance with sections 751(d)(1) and 751(b)(1) of the Act and section 351.216 of the Department's regulations, the Department is initiating a changed circumstance review of stainless steel sheet and strip from Japan to determine whether partial revocation of the antidumping order is warranted with respect to the stainless steel sheet and strip subject to this request. Section 782(h)(2) of the Act and § 351.222(g)(1)(1) of the Department's regulations provide that the Department may revoke an order (in whole or in part) if it determines that producers accounting for substantially all of the production of the domestic like product have no further interest in the order, in

whole or in part. In addition, in the event the Department determines that expedited action is warranted, section 351.221(c)(3)(ii) of the regulations permits the Department to combine the notices of initiation and preliminary results.

In accordance with section 751(b) of the Act, and §§ 351.222(g)(1)(1) and 351.221(c)(3) of the Department's regulations, we are initiating this changed circumstance review and have determined that expedited action is warranted. Our decision to expedite this review stems from the domestic industry's lack of interest in applying the antidumping order to the specific stainless steel sheet and strip covered by this request. Additionally, in accordance with § 351.216(c) we find that the petitioners' affirmative statement of no interest constitutes good cause for the conduct of this review.

Based on the expression of no interest by petitioners and absent any objection by any other domestic interested parties, we have preliminarily determined that substantially all of the domestic producers of the like product have no interest in continued application of the AD order to the stainless steel sheet and strip subject to this request. Therefore, we are notifying the public of our intent to revoke, in part, the AD order as it relates to imports of the merchandise described above from Japan.

Public Comment

Interested parties may submit case briefs and/or written comments no later than 14 days after the date of publication of these preliminary results. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 21 days after the date of publication. The Department will issue the final results of this changed circumstance review, which will include the results of its analysis raised in any such written comments, no later than 270 days after the date on which this review was initiated, or written 45 days if all parties agree to our preliminary determinations. See § 351.216(e) of the Department's regulations.

If final revocation occurs, we will instruct the U.S. Customs Service to end the suspension of liquidation for the merchandise covered by the revocation effective on or after January 4, 1999, the date of publication of the Department's preliminary LTFV determination (64 FR 108) and to release any cash deposit or bond. See § 351.222(g)(4) of the Department's regulations. The current requirement for a cash deposit of estimated AD duties on all subject

merchandise will continue unless and until it is modified pursuant to the final results of this changed circumstance review.

This initiation of review and notice are in accordance with sections 751(b) of the Act (19 U.S.C. 1675(b)) and 19 C.F.R. 351.216, 351.221, and 351.222.

Dated: September 15, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

Lehigh University; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, DC.

Docket Number: 00-017. *Applicant:* Lehigh University, Bethlehem, PA 18015. *Instrument:* Raman Fiber Laser. *Manufacturer:* Optocom Innovation, France. *Intended Use:* See notice at 65 FR 47404, August 2, 2000.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. *Reasons:* The foreign instrument provides: (1) Pump power of 2.0 W, (2) a wavelength of 1500 μ m and (3) FWHM of 1.5 @ 2.0 nm. A domestic manufacturer of similar equipment advised August 31, 2000 that (1) these capabilities are pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.
