*Title of Information Collection:*

Medicare DMEPOS Competitive Bidding Demonstration;

*Form No.:* HCFA-R-264 A-H (OMB# 0938-0748);

*Use:* Section 1847 of the Social Security Act, as added by Section 4319 of the Balanced Budget Act (BBA), mandates HCFA to implement

demonstration projects under which competitive acquisition areas are established for contract award purposes for the furnishing of Part B items and services, except for physician's services. The demonstration currently operating in Polk County, Florida and the demonstration planned for San Antonio, Texas involve competitive bidding of categories of durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS). The new set of products to be offered for competitive bidding in San Antonio are: Oxygen equipment and supplies, hospital beds, non-customized orthotic devices, manual wheelchairs and accessories, and nebulizer inhalation drugs. Under the law, suppliers can receive payments from Medicare for items and services covered by the demonstration only if their bids are competitive in terms of quality and price. Each demonstration project may be conducted in up to three metropolitan areas for a three year period. Authority for the demonstration expires on December 31, 2002.

There are eight forms that are required for this demonstration. Form A will be used by the bidding supplier to provide information about the characteristics of the company. Form B will be used by the bidding supplier to provide specific information about the prices it bids for specific product categories, and to provide information about the attributes of the supplier in relation to the specific product category. Form C will be used by HCFA or its agents to obtain information on site regarding the bidding supplier. Form D will be used by HCFA or its agents to obtain financial references on the bidding supplier from banks and other financial sources. Form E will be used by HCFA or its agents to obtain information about the bidding suppliers from referral sources such as home health agencies and hospital discharge planners. Form F will be used to obtain information about the suppliers' financial status and to assure that they have sufficient fiscal resources to operate in a competitive environment where the prices being paid for some products are less than what have been customarily paid. It is required only from suppliers whose bids are in the competitive range. Form G will be used for nursing homes to identify their suppliers of products and services who have not been awarded Demonstration Supplier status for services to beneficiaries in their home. This is to permit payment to those suppliers for products and services furnished to nursing homes. Form H will be used to monitor the performance of Demonstration Suppliers to assure their

adherence to the quality standards established for the project.

The competitive bidding demonstration for DMEPOS has the following objectives:

- Test the policies and implementation methods of competitive bidding to determine whether or not it should be expanded as a Medicare Program.
- Reduce the price that Medicare pays for medical equipment and supplies.
- Limit beneficiary out-of-pocket expenditures for copayments.
- Assure beneficiary access to high quality medical equipment and supplies.
- Prevent business transactions with suppliers who engage in fraudulent practices.
