

(2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Type of Information Collection

Request: Extension of a currently approved collection.

Title of Information Collection: Sterilization Regulations and Consent Form.

Form No.: HCFA-R-0094 (OMB# 0938-0481).

Use: All Medicaid-eligible individuals seeking sterilization are required to provide informed consent, acknowledging that they understand the risks and benefits.

Frequency: On occasion.

Affected Public: Individuals or households; State, local or tribal gov't.

Number of Respondents: 135,923.

Total Annual Responses: 135,923.

Total Annual Hours: 169,903.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access HCFA's Web Site address at <http://www.hcfa.gov/regs/prdact95.htm>, or E-mail your request, including your address, phone number, OMB number, and HCFA document identifier, to Paperwork@hcfa.gov, or call the Reports Clearance Office on (410) 786-1326. Written comments and recommendations for the proposed information collections must be mailed within 30 days of this notice directly to the OMB desk officer: OMB Human Resources and Housing Branch, Attention: Wendy Taylor, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: October 5, 2000.

John P. Burke III,

HCFA Reports Clearance Officer, HCFA Office of Information Services, Security and Standards Group, Division of HCFA Enterprise Standards.

[FR Doc. 00-26420 Filed 10-13-00; 8:45 am]

BILLING CODE 4120-03-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: September 2000

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of September 2000, the HHS Office of Inspector General

imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities Under Emergency Review by the Office of Management and Budget**

The Substance Abuse and Mental Health Services Administration (SAMHSA) has submitted the following request (see below) for emergency OMB review under the Paperwork Reduction Act (44 U.S.C. Chapter 35). OMB approval has been requested by November 1, 2000. A copy of the information collection plans may be obtained by calling the SAMHSA Reports Clearance Officer on (301) 443-7978.

Title: 2001 National Household Survey on Drug Abuse Incentive Experiment.

OMB Number: 0930-0110 (Revision).

Frequency: Single time.

Affected public: Individuals or households.

SAMHSA's National Household Survey on Drug Abuse (NHSDA) is a survey of the civilian, noninstitutionalized population of the United States 12 years old and older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

As part of the 2001 NHSDA, an incentive experiment is planned for the first two quarters of the year (January through June). The goal of the experiment is to determine whether response rates for the NHSDA can be increased without negatively affecting the quality of the data collected or significantly increasing the cost of the data collection. Despite utilization of all usual, non-monetary methods to maximize response rates, the overall national response rate for the 2000 NHSDA remains below the Office of Management and Budget standard of 80 percent and the response rates for the states vary greatly.

Improvements in the response rates are expected to generate more precise estimates and are expected to reduce bias and mean squared error for both the national and state level estimates. Because of the importance of achieving the maximum practical response rates across all states, and because we have already implemented all known

Dated: October 5, 2000.

Calvin Anderson, Jr.,

Director, Health Care Administrative Sanctions, Office of Inspector General.
