**ENVIRONMENTAL PROTECTION AGENCY**

[OPP-64046; FRL-6489-6]

**Formetanate Hydrochloride; Receipt of Requests to Voluntarily Delete Uses, Request for Cancellation, and Advance Notification of Tolerance Revocation**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

**SUMMARY:** AgrEvo USA Company, the company that holds the pesticide registration of pesticide products containing formetanate hydrochloride (m- [[[(dimethylamino)methylene] amino]phenyl methylcarbamate hydrochloride) has asked EPA to amend its registration to delete use on plums, prunes, and greenhouse grown ornamental plants, and cancel six pesticide products registered for greenhouse grown ornamental plants under section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). In accordance with section 6(f)(1) of FIFRA, as amended, EPA is issuing a notice of receipt of this request by the registrant. The request to delete the aforementioned uses from the registration, and voluntary cancellation of 24(c) registrations for greenhouse grown ornamental plants are the result of an agreement between EPA and the registrant regarding the registration of pesticide products containing formetanate hydrochloride. Given the potential dietary risks from formetanate hydrochloride use on registered food crops, the registrant requested, among other things, that uses that appear to be of little benefit (i.e., plums and prunes) be deleted from pesticide product labels. In addition, due to potential worker exposure risks from formetanate hydrochloride pesticide product use on greenhouse grown ornamental plants, the registrant requested that this use also be terminated and registrations for this use under section 24(c) of FIFRA be canceled. Following publication of this Notice and completion of a 30-day public comment period, EPA intends to grant the requested amendments to delete uses and voluntary registration cancellations.

**DATES:** Comments on the requested amendments to delete uses and voluntary registration cancellations must be submitted to the address provided below by March 9, 2000.

**FOR FURTHER INFORMATION CONTACT:** By mail: Michael Goodis, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington, DC 20460; telephone (703) 308-8157; e-mail address: [goodis.michael@epa.gov](mailto:goodis.michael@epa.gov).
