

environmental contamination and human health risks if accidentally released or not disposed of properly. This plan attempts to address these remaining risks by: (1) Supporting programs to collect and properly dispose of unwanted pesticides; (2) remediating nonpoint and reservoir sources like sediments, contaminated industrial sites, agricultural chemical dealer/storage sites, and past use sites on a priority basis; (3) reducing human exposure through public education, fish consumption advisories, and other outreach activities; (4) working with foreign governments to reduce or phase-out production and use of these substances, thereby reducing the risks from long-range transport; and (5) continued monitoring for environmental levels in fish, wildlife, and humans.

EPA considers stakeholder involvement essential to reaching the goals of the PBT Strategy. EPA is seeking stakeholder input and invites comment on this draft National Action Plan on the following topics and issues related to the PBT Level 1 pesticides:

1. Quantities of domestic unused stocks of pesticide products.
2. Historical trends or current soil residues (urban and agricultural).
3. Information on sites with significant Level 1 pesticide contamination.
4. Current indoor levels of pesticides used in residents.
5. Alternative disposal and soil/sediment remediation methods, and performance information.
6. Other sensitive or highly exposed human subpopulations.
7. Meaningful and feasible ways to address the problem of canceled pesticides in the environment.
8. Meaningful PBT goals, performance measures, and time frames for such accomplishments.

FEDERAL MARITIME COMMISSION

Notice of Termination of Certificates Issued to Premier Operations Ltd. (D/B/A Premier Cruises and Premier Cruise Lines)

Notice is given of the termination of all certificates issued by the Federal Maritime Commission to Premier Operations Ltd. (d/b/a Premier Cruises and Premier Cruise Lines) ("Premier") pursuant to sections 2 and 3 of Public Law 89-777, 46 U.S.C. app. Sections 817d and e. Premier has ceased operations, and bankruptcy proceedings have been initiated in the Supreme Court of Bermuda to liquidate Premier. In addition, the Commission has been notified of the termination of coverage provided to Premier under various financial instruments. That coverage, in the form of a surety bond for performance and guaranties for casualty, provided the necessary evidence of financial responsibility for issuing Commission certificates to Premier. Accordingly, all casualty and performance certificates as specified below have, or soon will, become null and void.

Premier currently holds Certificates (Casualty) and Certificates (Performance) for vessels as identified below.

Vessel	Casualty certificate No.	Performance certificate No.
THE BIG RED BOAT II (ex EDINBURGH CASTLE)	C-1603	P-670
THE BIG RED BOAT III (ex ISLANDBREEZE) ..	C-1597	P-691
OCEANBREEZE	C-1533	N/A
OCEANIC (THE BIG RED BOAT)	C-1550	P-673
REMBRANDT	C-1551	P-674
SEABREEZE I	C-1552	P-675

Guarantors who provided evidence of financial responsibility supporting the above listed casualty certificates notified the Commission on September 14, 2000, and September 18, 2000, that the guaranties would be terminated on October 14, 2000, and October 18, 2000,

respectively. Accordingly, pursuant to 46 CFR 540.26(a), the above identified casualty certificates have become null and void.

All of the performance certificates are supported by a surety bond issued by Greenwich Insurance Company and NAC Reinsurance Corporation in the amount of \$15 million. On September 26, 2000, the surety notified the Commission of the cancellation of the surety bond effective October 26, 2000. Since Premier has ceased operations and is in the process of being liquidated, the above identified performance certificates shall become null and void effective October 26, 2000, pursuant to 46 CFR 540.8(a).

This notice is issued under the authority of 46 CFR 501.27(h)(5).

Sandra L. Kusumoto,

Director, Bureau of Consumer Complaints and Licensing.
