

A. Kuga, Acting Deputy Assistant Secretary for Import Administration, to Richard W. Moreland, Acting Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. A list of the issues which parties have raised, and to which we have responded in the *Decision Memorandum*, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099 ("B-099") of the main Department building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Final Results of Review

We determine that the following percentage weighted-average margin exists for the period June 1, 1998, through May 31, 1999:

Manufacturer/exporter	Margin (percent)
Twaron Products	3.20

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated an exporter/importer-specific assessment rate by dividing the total dumping margins for the reviewed sales by the total entered value of those reviewed sales. Where the importer-specific assessment rate is above *de minimis*, we will instruct Customs to assess antidumping duties on that importer's entries of subject merchandise.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of PPD-T aramid from the Netherlands entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV")

investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 66.92 percent. This rate is the "All Others" rate from the LTFV investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 3, 2000.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

Final Environmental Assessment (EA) and Finding of No Significant Impact (FNSI) for BRAC 95 Disposal and Reuse of Rio Vista Army Reserve Center, California

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with Public Law 101-510 (as amended), the Defense Base Closure and Realignment Act of 1990, the Defense Base Closure and Realignment Commission recommended the closure of Rio Vista Reserve Center.

The Final EA evaluates the environmental impacts of the disposal and subsequent reuse of the 28-acre installation. Alternatives examined in this EA include no action, unencumbered disposal of the property and encumbered disposal of the property. Encumbered disposal refers to transfer or conveyance of property having restrictions on subsequent use as a result of any Army-imposed or legal restraint. Under the no action alternative, the Army would not dispose of property but would maintain it in a caretaker status for an indefinite period.

DATES: Comments must be submitted by December 11, 2000.

ADDRESSES: Copies of the Final EA and FNSI may be obtained by writing to Mr. Jerry Fuentes, Corps of Engineers, Sacramento District, Environmental Resources Branch (CESPK-PD-R), 1325 J Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Mr. Jerry Fuentes at (916) 557-6706.

SUPPLEMENTARY INFORMATION: While closure of Rio Vista is the Army's primary action, the EA also analyzes the potential environmental effects of reuse as a secondary impact by means of evaluating intensity-based reuse scenarios. The Army's preferred alternative for disposal of the Rio Vista Reserve Center is encumbered disposal, with encumbrances pertaining to easements, threatened and endangered species habitat, lead-based paint and asbestos-containing material.
