The proposal provides for the recognition of the BSE's and the PCX's use of remote specialists to carry out their specialist operations off the floors of the BSE and the PCX. The proposal also provides for the implementation of the National Market Test System, which supports testing of the Consolidated Tape System, Consolidated Quotation System, and ITS. In addition, the proposal provides for the codification of procedures for trade adjustment. The Commission believes that the foregoing measures should improve the efficiency and reliability of ITS. Lastly, the proposal provides additional technical amendments to the ITS Plan consistent with ITS's purpose: to facilitate intermarket trading in exchange-listed equity securities.

For the foregoing reasons, the Commission finds that the proposed amendment is consistent with Act and the rules and regulations thereunder applicable to the ITS and, in particular, Sections 11A(a)(1)(C)(ii) and (D) of the Act⁸ and Rule 11Aa3-2(c)(2).⁹

It is therefore ordered, pursuant to Section 11A(a)(3)(B) of the Act,¹⁰ that the proposed amendment be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Deputy Secretary.

AGENCY: The Department of State invites applications from national organizations with interest and expertise in conducting research and training to serve as intermediaries administering national competitive programs concerning the countries of Central and East Europe and the New Independent States (NIS) of the former Soviet Union. The grants will be awarded through an open, national competition among applicant organizations.

Authority for this Program for Research and Training on Eastern Europe and the Independent States of the Former Soviet Union is contained in the Soviet-Eastern European Research and Training Act of 1983 (22 U.S.C. 4501-4508, as amended).

SUMMARY: The purpose of this application notice is to inform potential applicant organizations of fiscal and programmatic information and closing dates for transmittal of applications for awards in Fiscal Year 2001 under a program administered by the Department of State. The program seeks to build and sustain expertise among Americans willing to make a career commitment to the study of Central and East Europe and the NIS.

Organization of Notice: This notice contains three parts. Part I lists the closing date covered by this notice. Part II consists of a statement of purpose and priorities of the program. Part III provides the fiscal data for the program.

Part II

Program Information

In the Soviet-Eastern European Research and Training Act of 1983, the

Congress declared that independently verified factual knowledge about the countries of that area is "of utmost importance for the national security of the United States, for the furtherance of our national interests in the conduct of foreign relations, and for the prudent management of our domestic affairs." Congress also declared that the development and maintenance of such knowledge and expertise "depends upon the national capability for advanced research by highly trained and experienced specialists, available for service in and out of Government." The program provides financial support for advanced research, training and other related functions on the countries of the region. By strengthening and sustaining in the United States a cadre of experts on Central and East Europe and the NIS, the program contributes to the overall objectives of the FREEDOM Support and SEED Acts.

The full purpose of the Act and the eligibility requirements are set forth in Pub. L. 98164, 97 Stat. 1047-50, as amended. The countries include Albania, Armenia, Azerbaijan, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Estonia, Former Yugoslav Republic of Macedonia, Georgia, Hungary, Kazakhstan, Kyrgyzstan, Latvia, Lithuania, Moldova, Poland, Romania, Russia, Serbia (including Kosovo and Montenegro), Slovakia, Slovenia, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan.

The Act establishes an Advisory Committee to recommend grant policies and recipients. The Secretary of State, after consultation with the Advisory Committee, approves policies and makes the final determination on awards.

Applications for funding under the Act are invited from U.S. organizations prepared to conduct competitive programs on Central and East Europe and the NIS and related fields. Applying organizations or institutions should have the capability to conduct competitive award programs that are national in scope. Programs of this nature are those that make awards based upon an open, nationwide competition, incorporating peer group review mechanisms. Individual end-users of these funds—those to whom the applicant organizations or institutions propose to make awards—must be at the graduate or post-doctoral level, and must have demonstrated a likely career commitment to the study of Central and East Europe and/or the NIS.

Applications sought in this competition among organizations or institutions are those that would
