Abstract: The NAEP Technology Based Assessment Project (TBA) is meant to explore the feasibility and best methods for assessing mathematics and writing on line. The pilot study uses background questions and items

from suitable subject questionnaires, including questions about computer use that are currently cleared for other NAEP studies.

DEPARTMENT OF EDUCATION

[CFDA NO.: 84.031H]

Strengthening Institutions (SIP), American Indian Tribally Controlled Colleges and Universities (TCCU), Alaska Native and Native Hawaiian-Serving Institutions (ANNH) and Developing Hispanic-Serving Institutions (HSI) Programs; Notice Inviting Applications for Designation as Eligible Institutions for Fiscal Year (FY) 2001

Purpose of Programs: Under the Strengthening Institutions, American Indian Tribally Controlled Colleges and Universities, and Alaska Native and Native Hawaiian-Serving Institutions Programs authorized under Part A of Title III of the Higher Education Act of 1965, as amended (HEA), institutions of higher education are eligible to apply for grants if they meet specific statutory and regulatory eligibility requirements. Similarly, HSIs are eligible to apply for grants under the HSI Program, authorized under Title V of the HEA, if they meet specific statutory and regulatory requirements.

In addition, an institution that is designated as an eligible institution under those programs may also receive a waiver of certain non-Federal share requirements under the Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work Study (FWS), and Undergraduate International

Studies and Foreign Language Programs (UISFLP). These first two programs are student financial assistance programs authorized under Title IV of the HEA; the third program is authorized under Title VI of the HEA. Qualified institutions may receive these waivers even if they are not recipients of grant funds under the Title III Part A or Title V programs.

Special Note: To become eligible, your institution must satisfy a criterion related to needy student enrollment and one related to Educational and General (E&G) expenditures for a particular base year. Because we changed the collection processes for determining the thresholds for these criteria, we do not have base year data beyond 1997-98. In order to award FY 2001 grants in a timely manner, we will use threshold data from base year 1997-98 rather than a later base year. In completing your eligibility application, therefore, you are to use data from the base year 1997-98.

Eligible Applicants: To qualify as an eligible institution under any of the programs included in this notice, an accredited institution must, among other requirements, have a high enrollment of needy students, and its E&G expenditures per full-time equivalent (FTE) undergraduate student must be low in comparison with the average E&G expenditures per FTE undergraduate student of institutions that offer similar instruction. The complete eligibility requirements for the HSI Program are found in 34 CFR 606.2-606.5, which was published in the **Federal Register** of December 15, 1999 (64 FR 70146-70153). The complete eligibility requirements for the remaining programs are found in 34 CFR 607.2-607.5, a portion of which was also amended in the **Federal Register** of December 15, 1999 (64 FR 70146, 70153-70155). The regulations may also be accessed by visiting the following Department of Education web site on the World Wide Web:

Enrollment of Needy Students: Under 34 CFR 606.3(a) and 607.3(a), an institution is considered to have a high enrollment of needy students if—(1) at least 50 percent of its degree students received financial assistance under one or more of the following programs: Federal Pell Grant, FSEOG, FWS, and Federal Perkins Loan Programs; or (2) the percentage of its undergraduate degree students who were enrolled on at least a half-time basis and received Federal Pell Grants exceeded the median percentage of undergraduate degree students who were enrolled on at least a half-time basis and received
