ENVIRONMENTAL PROTECTION AGENCY

[FRL-6901-6]

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) or Superfund, Section 104; Announcement of Proposal Deadline for the Competition for Fiscal Year 2001 Supplemental Assistance to the National Brownfields Assessment Demonstration Pilots

AGENCY: Environmental Protection
Agency.

ACTION: Notice of proposal deadline and
guidelines.

SUMMARY: The United States
Environmental Protection Agency (EPA)
will begin to accept proposals for
supplemental assistance for the National
Brownfields Assessment Pilots on
November 16, 2000. Assessment pilots
awarded on or before September 30,
1999, may apply for up to \$150,000 for
continuance and expansion of their
brownfields assessment efforts. This
supplemental funding will be awarded
on a competitive basis. Recipients of
supplemental assessment pilot funding
in FY2000 and Showcase Community
funding in FY2001 are not eligible to
apply.

In fiscal year 2001, an additional
\$50,000 may be awarded to an applicant
to assess the contamination of a
brownfields site(s) that is or will be
used for greenspace purposes.
Greenspace purposes may include, but
are not limited to, parks, playgrounds,
trails, gardens, habitat restoration, open
space, and/or greenspace preservation.

EPA expects to select up to 10
National brownfields assessment pilots
to receive supplemental assistance by
April 2001. The deadline for proposals
for the 2001 supplemental assistance is
January 8, 2001. Proposals must be post-
marked or sent to EPA via registered or
tracked mail by the stated deadline.

The supplemental assistance for the
National brownfields assessment pilots
will be administered on a competitive
basis. To ensure a fair selection process,
evaluation panels consisting of EPA
Regional and Headquarters staff will
assess how well the proposals meet the
selection criteria outlined in the
application booklet *The Brownfields
Economic Redevelopment Initiative*:

Proposal Guidelines for Supplemental
Assistance for the Brownfields
Assessment Demonstration Pilots
(October 2000). Applicants are
encouraged to contact and, if possible,
meet with EPA Regional Brownfields
Coordinators.

DATES: All proposals must be post-
marked or sent to EPA via registered or
tracked mail by January 8, 2001.

ADDRESSES: The proposal guidelines can
be obtained by calling the Superfund
Hotline at the following numbers:
Washington, DC Metro Area at 703-
412-9810, Outside Washington, DC
Metro at 1-800-424-9346, TDD for the
Hearing Impaired at 1-800-553-7672.

Copies of the guidelines are also
available via the Internet:

<http://www.epa.gov/brownfields/>

FOR FURTHER INFORMATION CONTACT: The
Superfund Hotline, 800-424-9346.

SUPPLEMENTARY INFORMATION: As a part
of the Environmental Protection
Agency's (EPA) Brownfields Economic
Redevelopment Initiative, the
Brownfields Assessment Demonstration
Pilots are designed to empower States,
communities, tribes, and other
stakeholders in economic
redevelopment to work together in a
timely manner to prevent, assess, and
safely cleanup brownfields to promote
their sustainable reuse. EPA has
awarded cooperative agreements to
States, cities, towns, counties and Tribes
for demonstration pilots that test
brownfields assessment models and
facilitate coordinated public and private
efforts at the Federal, State, tribal and
local levels. To date, the Agency has
funded 362 Brownfields Assessment
Pilots.

In fiscal year 2001, EPA has
determined that brownfields assessment
pilots awarded on or before September
30, 1999, may apply for up to \$150,000
for continuance and expansion of their
brownfields assessment efforts.
Recipients of supplemental assessment
pilot funding in FY2000 and Showcase
Community funding in FY2001 are not
eligible to apply. These pilots focus on
EPA's primary mission—protecting
human health and the environment.
They are also an essential piece of the
nation's overall community
revitalization efforts. EPA works closely
with other federal agencies through the
Interagency Working Group on
Brownfields, and builds relationships
with other stakeholders on the national
and local levels to develop coordinated
approaches for community
revitalization.

Supplemental funding for the
brownfields assessment pilots is

authorized under Section 104(d)(1) of
the Comprehensive Environmental
Response, Compensation, and Liability
Act of 1980, as amended, (CERCLA or
Superfund), 42 U.S.C. 9604(d)(1). States
(including U.S. Territories), political
subdivisions (including cities, towns,
counties), and federally recognized
Indian Tribes which received a
brownfields assessment pilot grant on or
before September 30, 1999, are eligible
to apply. EPA welcomes and encourages
brownfields projects by coalitions of
such entities, but only a single eligible
entity may receive a cooperative
agreement. Cooperative agreement funds
will be awarded only to a state, a
political subdivision of a state, or a
federally recognized Indian tribe.

Through a brownfields cooperative
agreement, EPA provides funds to an
eligible state, political subdivision, or
Indian Tribe to undertake activities
authorized under CERCLA section 104.
Use of these supplemental assistance
pilot funds must be in accordance with
CERCLA, and all CERCLA restrictions
on use of funds also apply to the
assessment pilots.

The evaluation panels will review the
proposals carefully and assess each
response based on how well it addresses
the selection criteria, briefly outlined
below:

Part I (Required)

1. *Established Brownfields Program*
2. *Accomplishments under Existing
Brownfields Assessment Pilot*
3. *Demonstrated Ability to Administer
Existing Brownfields Assessment
Demonstration Pilot*
4. *Work to be Performed*

Part II (Optional)

5. *Greenspace*
 - Authority and Context
 - Community Involvement
 - Site Identification, Site Assessment
Plan, Flow of Ownership, and Reuse
Planning

Submission to Congress and the General Accounting Office

The Congressional Review Act, 5
U.S.C. 801 *et seq.*, as added by the Small
Business Regulatory Enforcement
Fairness Act of 1996, generally provides
that before a rule may take effect, the
agency promulgating the rule must
submit a rule report, which includes a
copy of the rule, to each House of the
Congress and to the Comptroller General
of the United States. EPA will submit a
report containing this action and other
required information to the U.S. Senate,
the U.S. House of Representatives, and
