(2) The Department hereby exempts the systems of records listed in paragraphs (m)(1)(i) through (xii) of this section from the following provisions of 5 U.S.C. 552a, pursuant to 5 U.S.C. 552a(k)(5): 5 U.S.C. 552a(c)(3), 5 U.S.C. 552a(d)(1), (2), (3), and (4), 5 U.S.C. 552a(e)(1), 5 U.S.C. 552a(e)(4)(G), (H), and (I), and 5 U.S.C. 552a(f).

(n) *Reasons for exemptions under 5 U.S.C. 552a(k)(5).* (1) The sections of 5 U.S.C. 552a from which the systems of records are exempt include in general those providing for individuals' access to or amendment of records. When such access or amendment would cause the identity of a confidential source to be

revealed, it would impair the future ability of the Department to compile investigatory material for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, Federal contracts, or access to classified information. In addition, the systems shall be exempt from 5 U.S.C. 552a(e)(1) which requires that an agency maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required to be accomplished by statute or executive order. The Department believes that to fulfill the requirements of 5 U.S.C. 552a(e)(1) would unduly restrict the agency in its information gathering inasmuch as it is often not until well after the investigation that it is possible to determine the relevance and necessity of particular information.

(2) If any investigatory material contained in the above-named systems becomes involved in criminal or civil matters, exemptions of such material under 5 U.S.C. 552a (j)(2) or (k)(2) is hereby claimed.

(o) *Exemption under 5 U.S.C. 552a(k)(6).* (1) Under 5 U.S.C. 552a(k)(6), the head of any agency may promulgate rules to exempt any system of records that is testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal service the disclosure of which would compromise the objectivity or fairness of the testing or examination process. This paragraph applies to the following system of records maintained by the Department, for which exemption is claimed under 5 U.S.C. 552a(k)(6):

Internal Revenue Service:

Number	System name
IRS 36.008	Recruiting, Examining and Placement Records.

(2) The Department hereby exempts the system of records listed in paragraph (o)(1) of this section from the following provisions of 5 U.S.C. 552a, pursuant to 5 U.S.C. 552a(k)(6): 5 U.S.C. 552a(c)(3), 5 U.S.C. 552a(d)(1), (2), (3), and (4), 5 U.S.C. 552a(e)(1), 5 U.S.C. 552a(e)(4)(G), (H), and (I), and 5 U.S.C. 552a(f).

(p) *Reasons for exemptions under 5 U.S.C. 552a(k)(6).* The reason for exempting the system of records is that disclosure of the material in the system would compromise the objectivity or fairness of the examination process.

(q) *Exempt information included in another system.* Any information from a system of records for which an exemption is claimed under 5 U.S.C. 552a(j) or (k) which is also included in

another system of records retains the same exempt status such information has in the system for which such exemption is claimed.

II. Background and Statutory Findings

EPA, on its own initiative, in accordance with sections 408(e) and 408(l)(6) of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, is establishing a tolerance for residues of the fungicide fenhexamid, (N-2,3-dichloro-4-hydroxyphenyl)-1-methyl cyclohexanecarboxamide, in or on pears at 15 parts per million (ppm). This tolerance will expire and is revoked on December 31, 2002. EPA will publish a document in the **Federal Register** to remove the revoked tolerance from the Code of Federal Regulations.

Section 408(l)(6) of the FFDCA requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of FIFRA. Such tolerances can be established without providing notice or period for public comment. EPA does not intend for its actions on section 18 related tolerances to set binding precedents for the application of section 408 and the new safety standard to other tolerances and exemptions. Section 408(e) of the FFDCA allows EPA to establish a tolerance or an exemption from the requirement of a tolerance on its own initiative, i.e., without having received any petition from an outside party.

Section 408(b)(2)(A)(i) of the FFDCA allows EPA to establish a tolerance (the legal limit for a pesticide chemical residue in or on a food) only if EPA determines that the tolerance is "safe." Section 408(b)(2)(A)(ii) defines "safe" to mean that "there is a reasonable certainty that no harm will result from aggregate exposure to the pesticide chemical residue, including all anticipated dietary exposures and all other exposures for which there is reliable information." This includes exposure through drinking water and in residential settings, but does not include
