Under the Safe and Drug-Free Schools and Communities (SDFSC) National Programs Federal Activities Grants Program for the Middle School Drug Prevention and School Safety Program Coordinators competition the Secretary plans to make awards for up to 36 months to local educational agencies.

In making awards under this grant program, the Secretary may take into consideration the geographic distribution in addition to the rank order of applicants.

Contingent upon the availability of funds, the Secretary may make additional awards in fiscal year 2001 from the rank-ordered list of unfunded applications from this competition.

Definitions

The Secretary proposes that the following definitions apply to this competition:

(a) *Middle schools* are defined as any school serving students in two or more grades from grades five through nine. (Note: Students in grades lower than five or higher than nine are not eligible to be served under this priority.)

(b) *Local educational agencies (LEAs) with the most significant problems in their middle schools* are defined as those that have identified drug use, drug prevention and school safety as a serious problem in their most recent needs assessment and that have taken one or more of the following actions

within the 12 months preceding the date of this announcement:

- (1) Suspended, expelled, or transferred to alternative schools or programs at least one middle school student for possession, distribution, or use of alcohol or drugs, including tobacco;
- (2) Referred for treatment of substance abuse at least five middle school students;
- (3) Suspended, expelled, or transferred to alternative schools or programs at least one middle school student for possession or use of a firearm or other weapon;
- (4) Suspended, expelled or transferred to alternative schools or programs at least five middle school students for physical attacks or fights.

Absolute Priority

Under 34 CFR 75.105(c)(3) and the Safe and Drug-Free Schools and Communities Act, the Secretary proposes to give an absolute preference to applications that meet the following priority. The Secretary proposes to fund under this competition *only* applications that meet this absolute priority.

Under the proposed absolute funding priority for this grant competition, LEAs with significant drug, discipline, or school safety problems in their middle schools must propose projects that—

- (a) Recruit, hire, and train full-time drug prevention and school safety program coordinator(s) for their middle schools with significant drug, discipline or school safety problems;
- (b) Require coordinators hired with funds under this priority to perform at least the following functions in one or more middle schools with significant drug, discipline or school safety problems:

(1) Identify research-based drug and violence prevention strategies and programs;

(2) Assist schools in adopting the most successful strategies, including training of teachers and staff and relevant partners, as needed;

(3) Develop, conduct, and analyze assessments of school crime and drug problems;

(4) Work with community agencies and organizations to ensure that students' needs are met;

(5) Work with parents and students to obtain information about effective programs and strategies and encourage their participation in program selection and implementation;

(6) Facilitate evaluation of prevention programs and strategies and use findings to modify programs, as needed;

(7) Identify additional funding sources for drug prevention and school safety program initiatives;

(8) Provide feedback to SEAs on programs and activities that have proven to be successful in reducing drug use and violent behavior;

(9) Coordinate with student assistance and employee assistance programs; and

(10) Link other educational resources, e.g. Title I compensatory education funds, to programs and strategies that serve to create safer, more orderly schools; and

(c) Have measurable goals and objectives and report annually on progress toward meeting those goals and objectives.

Local educational agencies may apply for funding under this proposed priority to hire one or more coordinators to serve middle schools in the district. Each coordinator hired with funds from this grant must:

(1) Serve at least one middle school but no more than seven middle schools;

(2) Serve only students in two or more grades from grades five through nine;

Note: Students in grades lower than five or higher than nine are not eligible to be served under this proposed priority.

(3) Have no duties other than coordination of drug prevention or school safety programs;

(4) At a minimum, have a degree from an accredited four-year institution of higher education and an academic background or equivalent work experience in a field related to youth development, such as education, psychology, sociology, social work, or nursing.

LEAs may apply in consortia with one or more adjacent LEAs; however, each participating LEA must ensure that all requirements of the priority for this competition are met.
