

related organizations of States and other jurisdictions; and (8) serves as a focal point for information on health resource programs and related efforts, including voluntary, professional, academic and other private sector activities.

Division of Operations II (RF46)

Directs and coordinates field development and implementation of programs and activities in three states within the West Central Field Cluster designed to increase access, capacity, and capabilities of local and state health systems and programs serving the underserved populations in the states served by the cluster, including primary care programs, maternal and child health, HIV/AIDS, health facilities construction under the Hill-Burton Program, rural health, and other health related programs in the cluster; (2) provides continuous program monitoring of HRSA health service grants and contracts for compliance with applicable laws, regulations, policies, and performance standards; (3) assists in the implementation and monitors policies related to National Health Service Corps scholarship and loan repayment programs; (4) provides for development, implementation, and monitoring of the annual field work plan related to assigned program areas, including setting objectives responsive to national and field priorities based on guidance provided by appropriate HRSA bureau components and assigns division resources required to attain these objectives; (5) coordinates with other field office staff and headquarters staff to develop and consolidate objectives crossing program and division lines; (6) serves as source of expertise on health resources and services development, primary health care, maternal and child health, rural health, HIV/AIDS, and health professions programs; (7) establishes effective communication and working relationships with health-related organizations of States and other jurisdictions; and (8) serves as a focal point for information on health resource programs and related efforts, including voluntary, professional, academic and other private sector activities.

Division of Operations III (RF47)

Directs and coordinates field development and implementation of programs and activities in six states within the West Central Field Cluster designed to increase access, capacity, and capabilities of local and state health systems and programs serving the underserved populations in the states served by the cluster, including primary care programs, maternal and child

health, HIV/AIDS, health facilities construction under the Hill-Burton Program, rural health, and other health related programs in the cluster; (2) provides continuous program monitoring of HRSA health service grants and contracts for compliance with applicable laws, regulations, policies, and performance standards; (3) assists in the implementation and monitors policies related to National Health Service Corps scholarship and loan repayment programs; (4) provides for development, implementation, and monitoring of the annual field work plan related to assigned program areas, including setting objectives responsive to national and field priorities based on guidance provided by appropriate HRSA bureau components and assigns division resources required to attain these objectives; (5) coordinates with other field office staff and headquarters staff to develop and consolidate objectives crossing program and division lines; (6) serves as source of expertise on health resources and services development, primary health care, maternal and child health, rural health, HIV/AIDS, and health professions programs; (7) establishes effective communication and working relationships with health-related organizations of States and other jurisdictions; and (8) serves as a focal point for information on health resource programs and related efforts, including voluntary, professional, academic and other private sector activities.

Section RF-30 Delegations of Authority

All delegations and redelegations of authority which were in effect immediately prior to the effective date hereof have been continued in effect in them or their successors pending further redelegation.

This reorganization is effective upon the date of signature.

Dated: February 8, 2000.

Claude Earl Fox,
Administrator.

BILLING CODE 4160-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: January 2000

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of January 2000, the HHS Office of Inspector General

imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
