

listed chemicals into other than legitimate channels;

(2) Compliance by the applicant with applicable Federal, State, and local law;

(3) Any prior conviction record of the applicant under Federal or State laws relating to controlled substances or to chemicals controlled under Federal or State law;

(4) Any past experience of the applicant in the manufacture and distribution of chemicals; and

(5) Such other factors as are relevant to and consistent with the public health and safety.

Like the public interest analysis for practitioners and pharmacies pursuant to subsection (f) of section 823, these factors are to be considered in the disjunctive; the Administrator may rely on any one or combination of factors and may give each factor the weight he deems appropriate in determining whether a registration should be revoked or an application for registration be denied. *See, e.g. Energy Outlet*, 64 FR 14269 (1999). *See also Henry J. Schwartz, Jr., M.D.*, 54 FR 16422 (1989).

The Administrator finds factors four and five relevant to this application.

Regarding factor four, the applicant's past experience in the distribution of chemicals, the DEA investigation revealed that Howard has no previous experience in handling listed chemicals or distributing listed chemical products. Moreover, he has limited experience in the retailing business, having begun his business about two years previously to his application.

Regarding factor five, other factors relevant to and consistent with the public safety, the Administrator finds that due to the applicant's lack of experience in handling listed chemicals, his desire to distribute to a market that prior DEA investigations show has a history of excessive distributions, his desire to distribute to customers who's primary interests appear to be List I chemical products, and his apparent unpreparedness to take on the responsibilities of a listed chemical registrant, the Administrator concludes it would be inconsistent with the public interest to grant this application.

Accordingly, the Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 28 CFR 0.100(b) and 0.104, hereby orders that the application for a DEA Certificate of Registration submitted by Southern Illinois Wholesale be denied. This order is effective April 18, 2002.

Dated: March 11, 2002.

Asa Hutchinson,
Administrator.
