Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This

PHSIS consists of the following information:

a. A copy of the face page of the application (Standard form 424).

b. A summary of the project (PHSIS), not to exceed one page, which provides:

(1) A description of the population to be served.

(2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2002 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2002 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60

days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: April 3, 2002.

Executive Officer, SAMHSA.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35 as amended). As required under 5 CFR 1320.8(d)(1), HUD and OMB are seeking comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection

techniques or other forms of information submission of responses.

Title of Proposal: Consolidated Plan.
Description of the Need for the Information and Proposed Uses: The information is needed to provide HUD with preliminary assessment as to the statutory and regulatory eligibility of proposed grantee projects. A secondary need is informing citizens of intended uses for program funds.

Agency Form Numbers (if applicable): The Department's collection of this information is in compliance with statutory provisions of the Cranston-Gonzalez National Affordable Housing Act of 1990 that requires the participating jurisdictions submit a Comprehensive Housing Affordability Strategy (Section 216(5)), the 1974 Housing and Community Development Act, as amended, that requires states and localities to submit a Community Development Plan (Section 104(b)(4) and Section 104(b)(m) and statutory provisions of these Acts that require states and localities to submit applications for these formula grant programs.

Members of the Affected Public: State and local governments participating in the Community Development Block Grant Program (CDBG), the HOME Investment Partnerships (HOME) program, the Emergency Shelter Grants (ESG) program, or the Housing Opportunities with AIDS/HIV (HOPWA) program.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response and hours of response: Since the original approval of the Consolidated Planning paperwork reduction estimate in 1995 (OMB Control Number 2506-0117), additional localities have qualified for assistance under the Community Development Block Grant (CDBG) program, thus increasing the overall burden calculation. Additionally, this submission includes paperwork estimates associated with narrative information required by the Consolidated Annual Performance and Evaluation Report. Reporting on annual performance was not included in the original Consolidated Plan paperwork estimate that was submitted to OMB. There have been several major regulatory changes made to existing CDBG regulations and those for the HOME Investment Partnerships (HOME) program which have resulted in a slight increase in overall burden hour calculations. Each of these regulatory changes have been submitted for comment in the National Register and to OMB independently.
