BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7210-5]

Protection of Stratospheric Ozone: Process for Exempting Critical Uses of Methyl Bromide

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of solicitation of applications and information on alternatives.

SUMMARY: EPA is soliciting applications for the Critical Use Exemption from the phaseout of methyl bromide. This application process offers users of methyl bromide the opportunity to provide technical and economic information to support a "critical use" claim.

Methyl bromide is a chemical pesticide that has been identified under the *Montreal Protocol on Substances that Deplete the Ozone Layer* and the

Clean Air Act, as an ozone-depleting substance. It is scheduled for complete phaseout by January 1, 2005. The Critical Use Exemption is designed to allow continued production and import of methyl bromide after the phaseout for those uses that have no technically and economically feasible alternatives. Because Critical Use Exemptions are exemptions from the January 1, 2005 methyl bromide phaseout, they will become effective after that date.

Applicants for the exemption are requested to submit technical and economic information to EPA for U.S. review. The U.S. will then create a national nomination for review by the Parties to the Montreal Protocol. EPA encourages users with similar circumstances of use to submit a single application. Please contact your state regulatory agency to receive information about their involvement in the process.

DATES: Applications for the Critical Use Exemption must be postmarked on or before September 9, 2002.

ADDRESSES: Applications for the methyl bromide Critical Use Exemption should be submitted in duplicate (two copies) by mail to: U.S. Environmental Protection Agency, Methyl Bromide Critical Use Exemption, Global Programs Division, Mail Code 6205J, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001 or by courier delivery (other than U.S. Post Office overnight) to: U.S. Environmental Protection Agency, Methyl Bromide Critical Use Exemption, Global Programs Division, 501 3rd St., NW., Washington, DC 20001, phone: (202) 564-9410.
