

reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of NRG Rockford's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is June 28, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

Magalie R. Salas,  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. ER97-765-007]

#### Revelation Energy Resources Corp.; Notice of Filing

June 17, 2002.

Take notice that on June 3, 2002, Revelation Energy Resources Corp. filed a report to re-affirm its authorization to market electric energy and capacity at wholesale at market-based rates and to notify the Commission of its prospective intention to file an updated market analysis every three years.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list.

This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Comment Date: June 27, 2002.

Linwood A. Watson, Jr.,

Deputy Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP02-382-000]

#### West Texas Gas, Inc.; Notice of Request for Clarification of Authority To Construct Replacement Facilities, or in the Alternative, Application To Amend Presidential Permit and Section 3 Authorization

June 17, 2002.

Take notice that on June 6, 2002, West Texas Gas, Inc. (WTG), 211 North Colorado, Midland, Texas, 79701, filed a request for clarification of its authority to construct, operate and maintain certain natural gas pipeline facilities as "replacement" facilities without further authorization under its existing Presidential Permit and Natural Gas Act ("NGA") Section 3 authorization, issued in Docket No. CP96-497<sup>1</sup>, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "Rims" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

Specifically, WTG proposes to replace a total of approximately 1,165 feet of two parallel 8-inch diameter pipelines with a single 12-inch pipeline which will have a substantially equivalent delivery capacity as the existing facilities. The current Presidential Permit authorizes a maximum capacity of 38,000 Mcf per day. Approximately 886 feet of these facilities are located on the U.S. side of the border near Eagle Pass, Texas, and are subject to the jurisdiction of the Commission. The

proposed facilities will connect at the center of the Rio Grande with the pipeline facilities of Compania Nacional de Gas, S.A. de C.V. (Conagas), and will be used to export natural gas to serve Conagas' existing customers near the City of Piedras Negras, Mexico. WTG states that the pipeline would be constructed using directional drilling under the Rio Grande starting on the Mexican side of the river and would be tied into the existing 8-inch lines located 35 feet from the U.S. bank of the river.

WTG emphasizes that replacement is necessary because portions of the existing facilities have become uncovered and exposed to river currents in the Rio Grande. According to WTG, its existing authorization includes a condition that WTG make "all necessary renewals and replacement" of the facilities (See Article 8 of Permit). WTG is concerned that, unless clarification is issued promptly so that construction may commence, stress from currents causing further erosion and underwater suspension of the pipeline may destabilize and endanger the facilities. In the alternative, WTG requests the Commission to amend its existing authorization to permit the construction of the replacement facilities.

Any questions concerning the application may be directed to Richard Hatchett, 211 North Colorado, Midland, Texas 79701 or call (915) 683-4349.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before July 8, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, a motion to intervene or a protest in accordance with the Commission's rules of practice and procedure (18 CFR §§ 385.214 or 385.211). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will

<sup>1</sup> Valero Transmission Co. and West Texas Gas, Inc., 76 FERC ¶ 61,264 (1996).

consider these comments in determining the appropriate action to take, but the filing of a comment alone will not serve to make the filer a party to the proceedings. The Commission's rules require that any person filing comments in opposition to the project provide copies of their protest only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR § 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission Order will be issued.

BILLING CODE 6717-01-P

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP02-385-000]

#### Williams Gas Pipelines Central, Inc.; Notice of Request Under Blanket Authorization

June 17, 2002.

Take notice that on June 10, 2002, Williams Gas Pipelines Central, Inc. (Williams), P.O. Box 20008, Owensboro, Kentucky 42304, filed in Docket No. CP02-385-000 a request pursuant to

Sections 157.205 and 157.211(b) of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211(b)) for authorization to construct and operate 13 miles of 30-inch and 24-inch pipeline and a 12-inch delivery meter station with appurtenant facilities located in Oklahoma County, Oklahoma, under Williams's blanket certificate issued in Docket No. CP82-479-000 pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request.

Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "Rims" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance).

Williams requests authorization to construct and operate the facilities to serve Redbud Energy, LP (Redbud). Williams states that it would use the facilities to transport up to 51,980 MMBtu equivalent of natural gas per day. Williams estimates the cost of the facilities to be \$13,008,000. Williams states further that the proposal would have no significant effect on Williams' peak day and annual deliveries, and service to Redbud through the new delivery point would be accomplished without detriment to Williams' other existing customers.

Any questions regarding the application should be directed to David N. Roberts, Manager of Certificates and Tariffs, at: (713) 853-6549, Williams Gas Pipelines Central, Inc., P.O. Box 20009, Owensboro, Kentucky 42304.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the

instructions on the Commission's web site under the "e-filing" link.

BILLING CODE 6717-01-P

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. ER02-1512-000]

#### Yuba City Energy Center, LCC; Notice of Issuance of Order

June 17, 2002.

Yuba City Energy Center, LLC (Yuba City) filed an application requesting authority to engage in the sale of wholesale energy, capacity, and certain ancillary services at market-based rates, and the reassignment of transmission capacity and the resale of firm transmission rights. Yuba City also requested waiver of various Commission regulations. In particular, Yuba City requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Yuba City.

On June 10, 2002, pursuant to delegated authority, the Director, Office of Markets, Tariffs and Rates—West, granted requests for blanket approval under Part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Yuba City should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, Yuba City is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Yuba City, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Yuba City's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene
