

Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on March 25, 2002, applicable to workers of Hayes Lemmerz International, Inc., Wheels Business Unit, Somerset, Kentucky. The notice was published in the **Federal Register** on April 5, 2002 (67 FR 16441).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. Information provided by the State shows that some employees of Hayes Lemmerz International, Inc., Wheels Business Unit were leased from Manpower Temporary Services, Job Shop Temporary Services, CBS Personnel Services, and Technical Staffing Solutions to produce aluminum wheels for the automobile industry at the Somerset, Kentucky facility of the subject firm.

Worker separations occurred at these companies as a result of worker separations at Hayes Lemmerz International, Inc., Wheels Business Unit, Somerset, Kentucky.

Based on these findings, the Department is amending the certification to include leased workers producing aluminum wheels at the Somerset, Kentucky location of the subject firm.

The intent of the Department's certification is to include all workers of Hayes Lemmerz International, Inc., Wheels Business Unit adversely affected by increased imports.

The amended notice applicable to TA-W-40,853 is hereby issued as follows:

All workers of Hayes Lemmerz International, Inc., Wheels Business Unit, Somerset Kentucky, and leased workers of Manpower Temporary Services, Job Shop Temporary Services, Somerset, Kentucky, CBS Personnel Services, Cincinnati, Ohio and Technical Staffing Solutions, London, Kentucky, engaged in employment related to the production of aluminum wheels for the automobile industry for Hayes Lemmerz International, Inc., Wheels Business Unit, Somerset, Kentucky who became totally or partially separated from employment on or after November 26, 2000, through March 25, 2004, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

#### **Martin Marietta Magnesia Specialties, Inc., Manistee, Michigan; Notice of Revised Determination on Reconsideration**

On June 17, 2002, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice will soon be published in the **Federal Register**.

On March 27, 2002 the Department initially denied TAA to workers of Martin Marietta Magnesia Specialties, Inc., Manistee, Michigan producing magnesium oxide and magnesium hydroxide monolithics because the "contributed importantly" group eligibility requirement of Section 222 of the Trade Act of 1974, as amended, was not met.

On reconsideration, the Department of Labor conducted a further survey of the subject plants' major declining customer(s) regarding their purchases of magnesium oxide during the relevant period. The survey revealed that a major customer increased their imports of magnesium oxide, while reducing their purchases from the subject firm during the relevant period.

Further review of company data supplied during the initial investigation shows that the company increased their reliance on imported magnesium oxide during the relevant period.

Imports of magnesium oxide contributed importantly to the layoffs at the subject firm based on the combination of increased reliance of imported magnesium oxide by a customer and the company during the relevant period.

#### **Conclusion**

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with magnesium oxide, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Martin Marietta Magnesia Specialties, Inc., Manistee, Michigan. In accordance with the provisions of the Act, I make the following certification:

All workers of Martin Marietta Magnesia Specialties, Inc., Manistee, Michigan who became totally or partially separated from employment on or after August 13, 2000 through two years of this certification, are

eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 25th day of July 2002.
