FEDERAL EMERGENCY MANAGEMENT AGENCY

Pre-Disaster Mitigation Program

AGENCY: Federal Insurance and Mitigation Administration, Federal Emergency Management Agency (FEMA).

ACTION: Notice of availability of Pre-Disaster Mitigation planning grants.

SUMMARY: FEMA gives notice of the availability of mitigation planning grants for fiscal year (FY) 2003 under the Pre-Disaster Mitigation (PDM) Program, authorized by section 203 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5133, as amended by section 102 of the Disaster Mitigation Act of 2000 (DMA), Public Law 106-390, 114 Stat. 1552. Consolidated Appropriations Resolution, 2003, H.J. Res. 2 (February 20, 2003), directs FEMA to provide \$250,000 of the FY 2003 appropriation to each of the fifty States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, and American Samoa for eligible State and local (to include Indian Tribal governments) hazard mitigation planning. However, a general provision in the law directs that every program, project, and activity be reduced by .65 percent. Therefore, the maximum Federal share is \$248,375.

FEMA will contribute up to 75 percent of the cost of activities approved for funding up to a maximum of \$248,375. At least 25 percent of the total eligible costs must be provided from a non-Federal source. There will be no additional FEMA funding available for cost overruns.

All contributions, cash and in-kind, are accepted as part of the non-Federal matching share. Except as allowed by Federal statute, no other Federal funds can be used as a match. Requirements for in-kind contributions can be found in 44 CFR 13.24. In-kind contributions must be comprised of eligible program costs. The following documentation is required for in-kind contributions: record of source of donor, dates, rates, amounts, and deposit slips (cash contributions only).

Grants awarded to small, impoverished communities may receive a Federal cost share of up to 90 percent of the total cost to implement eligible PDM activities. A small, impoverished community must meet all of the following criteria:

- It must be a community of 3,000 or fewer individuals that is identified by the State as a rural community, and is not a remote area within the corporate boundaries of a larger city;
- It must be economically disadvantaged, with residents having an average per capita annual income not exceeding 80 percent of national per capita income, based on best available data;
- It must have a local unemployment rate that exceeds by one percentage point or more, the most recently reported, average yearly national unemployment rate; and
- It must meet any other factors as determined by the State in which the community is located.

DATES: Each of the fifty States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, and American Samoa must submit a grant application to the appropriate FEMA Regional Office by April 30, 2003. If an applicant cannot meet the April 30, 2003, application deadline due to budget issues related to cost share, a letter of intent must be submitted to the Regional Director by April 30, 2003. The letter should indicate the intent to submit a FY 2003 PDM planning grant application, include an explanation of relevant budget issues, and provide a list of proposed activities and sub-grantees. Grant applications from applicants that submit a letter of intent by April 30, 2003, are due to FEMA by July 31, 2003.
