International Trade Administration

[A-570-836]

Notice of Preliminary Results of Antidumping Duty New Shipper Review: Glycine From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting a new shipper review of the antidumping duty order on glycine from the People's Republic of China (PRC) in response to a request from Tianjin Tiancheng Pharmaceutical Co. Ltd. (TTPC). The period of review (POR) is March 1, 2001, through February 28, 2002. The preliminary results are listed below in the section titled "Preliminary Results of Review." Interested parties are invited to comment on these preliminary results. (See the "Preliminary Results of Review" section of this notice.)

EFFECTIVE DATE: March 20, 2003.

FOR FURTHER INFORMATION CONTACT: Scot Fullerton or Matthew Renkey, Office of AD/CVD Enforcement VII, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1386 or (202) 482-2312, respectively.

Background

On March 29, 1995, the Department published in the **Federal Register** an antidumping duty order on glycine from the PRC. See *Antidumping Duty Order: Glycine from the People's Republic of China*, 60 FR 16116, (March 29, 1995). On March 29, 2002, the Department received a request for a new shipper review from TTPC; however, this request was not filed in accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act) and section 351.214(c) of the Department's regulations. On April 29, 2002, the Department sent a letter to TTPC asking them to properly refile their request with the Department by May 1, 2002. The Department allowed TTPC to correct its business proprietary information (BPI) as it had done with a

concurrent request for a new shipper review in another case. See the *Memorandum to the File through Maureen Flannery from Matthew Renkey, Initiation of New Shipper Review of Glycine from the People's Republic of China* (May 17, 2002). On May 1, 2002, the Department received a properly filed request for a new shipper review from TTPC for the antidumping duty order on glycine from the People's Republic of China. On May 24, 2002, the Department published its initiation of this new shipper review for the period March 1, 2001, through February 28, 2002. See *Glycine from the People's Republic of China: Initiation of Antidumping New Shipper Review*, 67 FR 36572 (May 24, 2002).

On May 24, 2002, we issued a questionnaire to TTPC. On July 11, 2002, we received TTPC's section A questionnaire response, and on July 12, 2002 we received the sections C and D questionnaire response. On November 13, 2002, we issued a supplemental questionnaire to TTPC. We received the response to this questionnaire on December 9, 2002. On February 26, 2003, we requested information from the U.S. importer of TTPC's new shipper merchandise. We have not yet received a response to this request. Any information provided by the importer will be analyzed for purposes of the final results of this new shipper review. On November 12, 2002, the Department extended the preliminary results of this new shipper review by 120 days until March 13, 2002. See *Glycine from the People's Republic of China: Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty New Shipper Review*, 67 FR 69717 (November 19, 2002).

Scope of the Antidumping Duty Order

The product covered by this proceeding is glycine which is a free-flowing crystalline material, like salt or sugar. Glycine is produced at varying levels of purity and is used as a sweetener/taste enhancer, a buffering agent, reabsorbable amino acid, chemical intermediate, and a metal complexing agent. Glycine is currently classified under subheading 2922.49.4020 of the Harmonized Tariff Schedule of the United States (HTSUS). This proceeding includes glycine of all purity levels.

Verification

As provided in section 782(i) of the Act, we conducted verification of the questionnaire responses of TTPC and its producer, Baoding Mancheng Eastern Chemical Plant (Eastern Chemical). We used standard verification procedures,
