

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
ACF-118	56	.5	162.57	4,552

Estimated Total Annual Burden Hours: 4,552.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street, NW., Washington, DC 20503, Attn: Desk Officer for ACF.

Dated: April 15, 2003.

Bob Sargis,

Reports Clearance Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. 03D-0141]

Guidance for Industry and FDA; Class II Special Controls Guidance Document: Optical Impression Systems for Computer Assisted Design and Manufacturing (CAD/CAM) of Dental Restorations; Guidance for Industry and FDA; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of the guidance entitled "Class II Special Controls Guidance Document: Optical Impression Systems for Computer Assisted Design and Manufacturing (CAD/CAM) of Dental Restorations; Guidance for Industry and FDA." This guidance document describes a means by which optical

impression systems for the computer assisted design and manufacturing CAD/CAM of dental restorations may comply with the requirement of special controls for class II devices. Elsewhere in this issue of the **Federal Register**, FDA is publishing a final rule to exempt the type device from premarket notification requirements and establish this guidance document as the special control for the type device. This guidance document is immediately in effect as the special control for optical impression systems for CAD/CAM, but it remains subject to comment in accordance with the agency's good guidance practices (GGPs).

DATES: Submit written or electronic comments on this guidance at any time.

ADDRESSES: Submit written requests for single copies on a 3.5" diskette of the guidance document entitled "Class II Special Controls Guidance Document: Optical Impression Systems for Computer Assisted Design and Manufacturing (CAD/CAM) of Dental Restorations; Guidance for Industry and FDA" to the Division of Small Manufacturers, International, and Consumer Assistance (HFZ-220), Center for Devices and Radiological Health (CDRH), Food and Drug Administration, 1350 Piccard Dr., Rockville, MD 20850. Send two self-addressed adhesive labels to assist that office in processing your request, or fax your request to 301-443-8818. Submit written comments concerning this guidance to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. Submit electronic comments to <http://www.fda.gov/dockets/ecomments>. Comments should be identified with the docket number found in brackets in the heading of this document. See the **SUPPLEMENTARY INFORMATION** section for information on electronic access to the guidance.

FOR FURTHER INFORMATION CONTACT: Kevin Mulry, Center for Devices and Radiological Health (HFZ-480), Food and Drug Administration, 9200 Corporate Blvd., Rockville, MD 20850, 301-827-5283, ext. 185.

SUPPLEMENTARY INFORMATION:

I. Background

The guidance provides FDA's recommendations to manufacturers for evaluating and labeling optical impression systems for CAD/CAM of dental restorations. An optical impression system for CAD/CAM of dental restorations is a device used to record the topographical characteristics of teeth, dental impressions, or stone models by analog or digital methods for use in the computer assisted design and manufacturing of dental restorative prosthetic devices. Such systems may consist of a camera, scanner or equivalent type of sensor and a computer with software.

Following the effective date of the final rule exempting this type of device, manufacturers of optical impression systems for CAD/CAM of dental restorations will need to address the issues covered in this special control guidance. However, the manufacturer need only show that its device meets the recommendations of the guidance or in some other way provides equivalent assurances of safety and effectiveness.

Elsewhere in this issue of the **Federal Register**, FDA is publishing a final rule exempting optical impression systems for CAD/CAM of dental restorations from the premarket notification requirements under section 510(m) of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 360(m)) and establishing this guidance document as the special control for the device.

Section 510(m)(2) of the act provides that 1 day after the date of publication of the list under section 510(m)(1) of the act, FDA may exempt a device on its own initiative, or upon petition of an interested person, if FDA determines that a 510(k) is not necessary to provide reasonable assurance of the safety and effectiveness of the device. This section requires FDA to publish in the **Federal Register** a notice of intent to exempt a device, or of the petition, and to provide a 30-day comment period. Within 120 days of publication of this document, FDA must publish in the **Federal Register** its final determination regarding the exemption of the device that was the subject of the notice. If FDA fails to respond to a petition under this section within 180 days of receiving it, the petition shall be deemed granted.

Because of the limited timeframes established by section 510(m) of the act, FDA has determined, under § 10.115(g)(2) (21 CFR 10.115(g)(2)), that it is not feasible to allow for public participation before issuing this guidance as a final guidance document. Therefore, FDA is issuing this guidance document as a level 1 guidance document that is immediately in effect. FDA will consider any comments that are received in response to this notice to determine whether to amend the guidance document.

II. Significance of Guidance

This guidance is being issued consistent with FDA's GGP's regulation (21 CFR 10.115). The guidance represents the agency's current thinking on optical impression systems for CAD/CAM. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute and regulations.

III. Comments

Interested persons may submit to the Dockets Management Branch (see **ADDRESSES**), written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

IV. Paperwork Reduction Act of 1995

This guidance contains information collection provisions that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (the PRA) (44 U.S.C. 3501–3520). The labeling provisions addressed in the guidance have been approved by OMB under the PRA under OMB control number 0910–0485.

V. Electronic Access

To receive a copy of "Class II Special Controls Guidance Document: Optical Impression Systems for Computer Assisted Design and Manufacturing (CAD/CAM) of Dental Restorations; Guidance for Industry and FDA" by fax machine, call the CDRH Facts-On-Demand system at 800–899–0381 or 301–827–0111 from a touch-tone telephone. Press 1 to enter the system. At the second voice prompt, press 1 to

order a document. Enter the document number (1203) followed by the pound sign (#). Follow the remaining voice prompts to complete your request.

Persons interested in obtaining a copy of the guidance may also do so by using the Internet. CDRH maintains an entry on the Internet for easy access to information including text, graphics, and files that may be downloaded to a personal computer with Internet access. Updated on a regular basis, the CDRH home page includes device safety alerts, **Federal Register** reprints, information on premarket submissions (including lists of approved applications and manufacturers' addresses), small manufacturer's assistance, information on video conferencing and electronic submissions, Mammography Matters, and other device-oriented information. The CDRH Web site may be accessed at <http://www.fda.gov/cdrh>. A search capability for all CDRH guidance documents is available at <http://www.fda.gov/cdrh/guidance.html>. Guidance documents are also available on the Dockets Management Branch Internet site at <http://www.fda.gov/ohrms/dockets>.

Dated: April 16, 2003.

Jeffrey Shuren,

Assistant Commissioner for Policy.

BILLING CODE 4160–01–S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

[HRSA–03–088]

Rural Access to Emergency Devices (RAED) Grant Program

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of availability of funds.

SUMMARY: The Health Resources and Services Administration (HRSA) announces that of approximately \$12,500,000 for fiscal year (FY) 2003 to provide grants for the purchase, placement and training in the use of automated external defibrillators (AEDs) and related activities in eligible rural areas. HRSA estimates that approximately 50 awards will be made to community partnerships, in collaboration with State Offices of Emergency Medical Services, for FY 2003. This is assuming one award per State. The project period will consist of three years, to include two non-competitive continuations for years two

and three. All funding is subject to the availability of funds. These grants will be awarded under the authority of Pub. L. 106–505, Title IV—Cardiac Arrest Survival, Subtitle B—Rural Access to Emergency Devices, 42 U.S.C. 254c, note. The Office of Rural Health Policy will administer the Rural Access to Emergency Devices (RAED) Grant Program.

DATES: Applicants interested in applying for funding under this program are requested to fax or mail a letter of intent to the Office of Rural Health Policy by May 5, 2003, at fax number (301) 443–2803. Mailed letters of intent should be sent to Evan Mayfield, Office of Rural Health Policy, HRSA, Room 9A–55, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. A copy of this letter of intent should also be faxed or mailed to the appropriate State Office of Emergency Medical Services by this same date. The letter of intent need only include the lead applicant's organizational name, proposed number of AEDs requested and a proposed listing of those in their community partnership. The deadline for receipt of applications is June 18, 2003. Applications will be considered on time if they are either received on or before the deadline date in the HRSA Grants Application Center or postmarked on or before the deadline date.

ADDRESSES: To receive an application kit, applicants may telephone the HRSA Grants Application Center at (877) 477–2123 (877–HRSA–123) or the application forms can be downloaded via the Web at <http://www.ruralhealth.hrsa.gov/funding.htm>. The instructions for preparing the applications will be included with the grant guidance as part of the grant application kit. The RAED Grant Program uses PHS Forms 424 and 5161 for applications. Applicants must use the administrative code "RAED," Catalog of Federal Domestic Assistance number 93.259 and HRSA Program Announcement number HRSA03–088 when requesting applications. The CFDA is a Government-wide compendium of enumerated Federal programs, projects, services and activities that provide assistance. All applications must be mailed or delivered to the Grants Management Officer, Office of Rural Health: HRSA Grants Application Center, 901 Russell Avenue, Suite 450, Gaithersburg, MD 20879; telephone (877) 477–2123.

FOR FURTHER INFORMATION CONTACT: Evan Mayfield, Office of Rural Health Policy, HRSA, email address ruralems@hrsa.gov, telephone number
