Foreign Language Assistance Grants (Local Educational Agencies); Notice Inviting Applications for New Awards for Fiscal Year (FY) 2003

Note to Applicants: This notice is a complete application package. Together with the statute authorizing the program and the Education Department General Administrative Regulations (EDGAR), this notice contains all of the information, application forms, and instructions you need to apply for an award under this program.

Purpose of Program: The Foreign Language Assistance Program (FLAP) provides grants to local educational agencies for innovative model programs providing for the establishment, improvement, or expansion of foreign language study for elementary and secondary school students.

For FY 2003 the competition for new awards focuses on projects designed to meet the priorities we describe in the Priorities section of this notice.

Eligible Applicants: Local educational agencies (LEAs).

E-Mail Notification of Intent to Apply for Funding: The Department will be able to develop a more efficient process for reviewing grant applications if it has a better understanding of the number of LEAs that intend to apply for funding under this competition. Therefore, we strongly encourage each potential applicant to notify the Department with a short e-mail noting the intent to submit an application for funding. The

e-mail should not include information regarding the content of the proposed application. Please provide the following information:

(1) FLAP-LEA program 84:293B, (2) intent to apply, (3) planned number of applications, (4) school district, (5) city and (6) state. We request that this e-mail notification be sent no later than May 30, 2003. The e-mail should be sent to Ms. Amy Weinmann at Amy.Weinmann@ed.gov. Applicants that do not provide this e-mail notification may still apply for funding.

Deadline for Transmittal of Applications: June 13, 2003.

Deadline for Intergovernmental Review: August 13, 2003.

Estimated Available Funds: \$10,000,000.

Estimated Range of Awards: \$50,000-\$175,000.

Estimated Average Size of Awards: \$112,500.

Estimated Number of Awards: 89.

Note: The Department is not bound by any estimates in this notice.

Project Period: 36 months.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 35 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the itemized budget breakdown and the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract. However, you must include all of the application narrative in Part III.

We will reject your application if—

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 85, 86, 97, 98 and 99.

Description of Program: If you are an LEA that receives a grant under this

program, you must use the funds to provide a program that—

(A) Shows the promise of being continued beyond the project period; and

(B) Demonstrates approaches that can be disseminated and duplicated in other LEAs.

You may also use funds under this program to—

(C) Include a professional development component.

In order to build foreign language program capacity at the local level, cost sharing is required. You should note that the Federal share of the cost of activities assisted under this program for each fiscal year is 50 percent. The Secretary may waive this requirement for any LEA which the Secretary determines does not have adequate resources to pay the non-Federal share.

The Secretary does not fund projects that propose Native American languages, Native Hawaiian, other Pacific Island languages or Native Alaskan languages. In addition, the program is not intended to support the teaching of English.

Competitive Priorities

Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application, depending on whether the application meets one or both of the following priorities.

Note: A total of 5 points will be awarded. There is no advantage in addressing both priorities, but you should not be dissuaded from addressing both priorities in your application if they provide a program that will meet the needs of your students and community. These points are in addition to any points the applicant earns under the selection criteria.

(1) Applications proposing to establish, improve, or expand foreign language learning in any or all of the following grades, Kindergarten through eighth grade, that teach any or all of the following less commonly taught languages of major economic and political importance to the United States: Russian, Chinese and Arabic.

(2) Applications proposing to establish a foreign language program in underserved schools. For the purpose of this priority an underserved school is defined as a school that does not currently have a foreign language program implemented during the school day, including two-way immersion and heritage language programs, and has not had one in the previous two school years 2001–2002 and 2002–2003.

Competitive Preferences

Under 34 CFR 75.105(c)(2)(ii) we give preference to applications that meet one

of the following priorities over an application of comparable merit that does not meet one of the priorities.

Note: There is no advantage in addressing all five priorities. Creating a program around the five priorities may result in a scattered or unfocused program design.

We give preference to applications describing programs that:

(1) Include intensive summer foreign language programs for professional development;

(2) Link non-native English speakers in the community with the schools in order to promote two-way language learning;

(3) Promote the sequential study of a foreign language for students, beginning in elementary schools;

(4) Make effective use of technology, such as computer-assisted instruction, language laboratories, or distance learning, to promote foreign language study; or

(5) Promote innovative activities, such as foreign language immersion, partial foreign language immersion, or content-based instruction.

Waiver of Proposed Rulemaking

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and selection criteria. Section 437(d)(1) of the General Education Provisions Act, however, exempts from this requirement rules that apply to the first competition under a new or substantially revised program authority. This is the first competition under the Foreign Language Assistance Program as substantially revised by the No Child Left Behind Act of 2001. The requirements will apply to the FY 2003 grant competition only.

Reporting Requirements and Expected Outcomes

The Secretary requires successful applicants to submit annual performance reports that document the grantee's yearly progress toward meeting expected programmatic outcomes. These outcomes should be based on measurable performance objectives. The Secretary will use these reports to measure the success of the grantee's project, and the reports will contribute to a broader knowledge base about high-quality, effective foreign language programs. In addition, grantees will be required to submit a final performance report, due no later than 90 days after the end of the project period.

Selection Criteria

We use the following selection criteria to evaluate applications for new grants under this competition.

The maximum score for all of these criteria is 100 points.

The maximum score for each criterion is indicated in parentheses.

timelines, benchmarks, continuous improvement strategies and milestones for accomplishing project tasks.

(2) The extent to which the time commitments of the project director and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(g) *Quality of the project evaluation.* (15 points)

In determining the quality of the project evaluation, we consider the following factors:

(1) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(2) The extent to which the evaluation plan will produce quantitative and qualitative data.

(3) The extent to which the evaluation plan will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes, such as, student progress, capacity building and dissemination.

(4) The extent to which the evaluation plan will provide guidance about effective strategies suitable for disseminating and duplicating the project in other settings.

(5) The extent to which the evaluation plan design will provide quantifiable data reflecting:

(i) Student proficiency in reading, writing, comprehending and communicating in the foreign language,

(ii) Usage of the National Foreign Language Standards (Communication, Culture, Connections, Comparisons and Communities),

(iii) Building local capacity to continue program components beyond the grant period, and

(iv) Disseminating and duplicating program approaches to other local educational agencies.

Intergovernmental Review of Federal Programs

This program is subject to Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

Foreign Language Assistance Program (FLAP) Grants to Local Educational Agencies Additional Non-Regulatory Guidance (Questions and Answers)

Q. Who is eligible to apply for a FLAP grant in this competition?

A. In this competition, eligibility is limited to local educational agencies. The term "local educational agency" means a public board of education or other public authority which maintains administrative control of public elementary or secondary schools in a city, county, township, school district or other political subdivision of a state. An intermediate unit within a State (e.g., a Board of Cooperative Educational Services (a BOCES) may apply for and receive a grant.

Q. If awarded a grant, may a grantee count on receiving FLAP funding for the full period of three years?

A. The actual level of program funding, if any, depends on final Congressional action each fiscal year.

Q. Is the estimated range of awards \$50,000 to \$175,000 over the period of three years?

A. The estimated range of awards is \$50,000 to \$175,000 for each year.

Q. May an LEA submit a proposal for afternoon and/or Saturday foreign language instruction?

A. The purpose of the Foreign Language Assistance Program is to pay the Federal share of the cost of innovative model programs, providing for the establishment, improvement or expansion of foreign language study. Therefore, it is recommended that the majority of instruction be carried out during the traditional school day with supplemental activities in the afternoon and/or Saturday.

Q. What is not a foreign language?

A. The Secretary does not award grants to programs that teach Native American languages, Native Hawaiian, other Pacific Island languages or Native Alaskan languages. In addition, the program is not intended to support the teaching of English. Although improvement of the English language skills of non-native English speakers is a desirable ancillary benefit of a two-way foreign language immersion program, the primary focus of projects funded under the Foreign Language Assistance program must be on foreign language learning. As a consequence, funds received under the Foreign Language Assistance Program may not be used to fund an activity that is solely or primarily concerned with English language instruction.

Q. How does an applicant for the Foreign Language Assistance Program address the requirements set forth by the Government Performance and Results Act (GPRA)?

A. Each applicant should align program goals, objectives and outcomes with the following GPRA indicators for the Foreign Language Assistance Program:

1. To increase student proficiency in reading, writing, comprehending and communicating in the foreign language.
2. To increase the usage of the National Foreign Language Standards (Communication, Culture, Connections, Comparisons and Communities).

3. To build local capacity to continue the foreign language program components beyond the grant period.

4. To disseminate and duplicate program approaches to other local educational agencies.

Q. What is the definition of an "elementary school"?

A. The term "elementary school" means a non-profit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under State law. The definition of this term is in section 9101 of the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act of 2001.

Q. What is the definition of a "secondary school"?

A. The term "secondary school" means a non-profit institutional day or residential school, including a public secondary charter school, that provides secondary education, as determined under State law, except that the term does not include any education beyond

grade 12. The definition of this term is in section 9101 of the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act of 2001.

Q. May an applicant use FLAP funds to support a foreign language program for Pre-kindergarten children?

A. If your State defines Pre-kindergarten as elementary education, FLAP funds may be used to serve those students.

Q. Where are the State definitions of an "elementary" or "secondary" program?

A. If you do not know what grade levels in your State are considered elementary and secondary, you should consult with your State educational agency.

Q. In light of the Competitive Priorities for Kindergarten through eighth grade and programs that teach Russian, Chinese and Arabic; should districts submit proposals for high schools and teaching other foreign languages?

A. Yes, applications that propose programs at the high school level and foreign languages other than Russian, Chinese and Arabic are encouraged to apply.

Q. How much of the estimated \$10 million in program funds will be used to fund elementary programs?

A. By law, not less than 75 percent of the total funds appropriated must be used for the expansion of foreign language learning in the elementary grades. This requirement does not apply to individual programs.

Q. What is scientifically based research (SBR)?

A. SBR is research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs. Some of the critical elements of SBR are as follows:

- Scientific Method
 - Hypothesis
 - Controls are used
 - Outcome proves or disproves the hypothesis
- Replicated—repeat studies find the same results
 - Generalized—study findings represent truth for the general population
 - Meets Rigorous Standards—methods and conclusions must be confirmed by peer review
 - Convergent findings—conclusions are in line with findings from other studies

Q. How does an applicant address the "Notice to all Applicants" concerning the Department of Education's General Education Provisions Act (GEPA)?

A. First, read the "Notice to all Applicants" included in the application package. Be sure to note the three examples included in the second column. Second, it is recommended that the applicant respond on a separate sheet of paper entitled "GEPA". The required response should include a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally assisted program for students, teachers, and other program beneficiaries with special needs.

Q. How does an applicant comply with Executive Order 12372, the Intergovernmental Review of Federal Programs, item #10 of the Application for Federal Education Assistance (ED 424)?

A. Applicants must first review the State Single Point of Contact (SPOC) list available at <http://www.whitehouse.gov/omb/grants/spoc.html>. If a State contact is included in the list, the applicant must contact the SPOC to inquire about the State's process under Executive Order 12372. If the State requests the application for review, a copy of the cover letter sent to the State contact must be submitted with the application package and Item #10 checked Yes with the date included. If the program is not covered by the Executive order, or the State has not selected the program for review, Item #10 must be checked No and the reason checked.

Q. What is the LEA's share of costs for the Foreign Language Assistance program for each fiscal year?

A. In order to build program capacity at the State and local level, cost sharing is required. The Federal share of the foreign language program for each fiscal year is restricted to 50 percent. Therefore, if the total cost of the proposed program is \$100,000, the school district may request \$50,000 in Federal funding. While a waiver may be granted for an LEA if the Secretary determines that the LEA does not have adequate resources to pay the non-Federal share of the cost of the activities, it is recommended that the district share the cost to the extent possible. The Education Department General Administrative Regulations, at 34 CFR 80.24, addresses Federal Cost sharing requirements.

Q. How does an LEA apply for a waiver of the non-Federal share of costs?

A. It is suggested that local educational agencies wishing to request a waiver from the requirement attach a letter to the application. The waiver request, signed by the Authorized Representative, should include information that will assist in determining whether the local educational agency seeking a waiver does not have adequate resources to pay the non-Federal share of the costs of the activities assisted under the Foreign Language Assistance program.

Q. Who should sign as the Authorized Representative on the Application for Federal Assistance and other forms?

A. It is recommended that the Superintendent of Schools sign as the Authorized Representative.

Q. Under this program, may an applicant propose to hire foreign language teachers?

A. Yes, program funds may be used to hire foreign language teachers.

Q. May two districts apply together if they are already working together in a foreign language program?

A. Yes, the statute does not prohibit school districts from applying together. However, one district must be designated as the fiscal agent and the Group Application Certification must be included in the application package and signed by an authorized representative from each district. The requirements on group applications are in 34 CFR 75.127–75.129.

Q. How may an applicant access information on the National Foreign Language Standards when designing their program?

A. An applicant may access information on the National Standards, State-Level Foreign Language Standards, the National Foreign Language Resource Centers and other useful Web sites at: <http://www.cal.org/ericcll/faqs/rgos/flstandards.html>.

Q. How does an applicant access the statutory provisions authorizing FLAP (Sections 5492 and 5493 of the Elementary and Secondary Education Act)?

A. Applicants may access sections 5492 and 5493 at the following Web site: <http://www.ed.gov/offices/OELA/funding.html>.

Definitions for Form ED 424

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Type of Submission. "Construction" includes construction of new buildings and acquisition, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings, or any combination of such activities (including architects' fees and the cost of acquisition of land). "Construction" also includes remodeling to meet standards, remodeling designed to conserve energy, renovation or remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries. For the purposes of this paragraph, the term "equipment" includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them; and such term includes all other items necessary for the functioning of a particular facility as a facility for the provision of library services.

Executive Order 12372. The purpose of Executive Order 12372 is to foster an intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The application notice, as published in the Federal Register, informs the applicant as to whether the program is subject to the requirements of E.O. 12372. In addition, the application package contains information on the State Single Point of Contact. An applicant is still eligible to apply for a grant or grants even if its respective State, Territory, Commonwealth, etc. does not have a State Single Point of Contact. For additional information on E.O. 12372 go to <http://www.cfda.gov/public/eo12372.htm>.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the re-

search activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. *If the subjects are chil-*

dren, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 12 on the ED 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked "Yes" for item 12 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 12 a. you must provide the "nonexempt research" narrative. The narrative must address the follow-

ing seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4248, telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/offices/OCFO/humansub.html>

OMB Control No. 1890-0007 (Exp. 09/30/2004)

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

If you want to schedule an appointment for this type of aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

We will announce the final priority in a notice in the **Federal Register**. Note: This notice does *not* solicit applications. In any year in which we choose to use this proposed priority, we invite applications through a notice published in the **Federal Register**. When inviting applications we designate each priority as absolute, competitive preference, or invitational. The effect of each type of priority follows:

Absolute priority: Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

Competitive preference priority: Under a competitive preference priority, we give competitive preference to an application by either (1) awarding additional points, depending on how well or the extent to which the application meets the priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the competitive priority over an application of comparable merit that does not meet the competitive priority (34 CFR 75.105(c)(2)(ii)).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the invitational priority. However, we do not give an application that meets the priority a competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).
