

Washington Department of Ecology pursuant to the terms and conditions of this delegation agreement and the requirements of the Clean Air Act. Date: March 28, 2003. Betty A. Wiese, Director, Office of Air Quality, Environmental Protection Agency, Region 10.

On behalf of the State of Washington and the Department of Ecology, I accept partial delegation of the federal Prevention of Significant Deterioration program, 40 CFR 52.21, pursuant to the terms and conditions of this delegation agreement and the requirements of the Clean Air Act. Date: March 28, 2003. Mary E. Burg, Manager, Air Quality Program, State of Washington, Department of Ecology.

III. Conclusion

Except for applications for PAL increases under 40 CFR 52.21(aa)(11), all applications and other information required pursuant to the federal PSD regulations at 40 CFR 52.21 from sources located or locating in the State of Washington,¹⁹ shall continue to be submitted to the Ecology at the following address: Department of Ecology, Air Quality Program, PO Box 47600, Olympia, WA 98504-7600. Applications for PAL increases under 40 CFR 52.21(aa)(11) shall be submitted to EPA Region 10 at the following address: Office of Air Quality, Environmental Protection Agency, Region 10, OAQ-107, 1200 Sixth Avenue, Seattle, WA 98101.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this information notice is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this information notice is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This information notice imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this information notice will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this

information notice delegates pre-existing requirements under Federal law and does not impose any additional enforceable duty beyond that required by Federal law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4). This information notice also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This information notice also does not have federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This information notice merely delegates the implementation of a Federal program, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This information notice also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing delegation requests, EPA's role is to approve state capabilities, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a delegation request for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a delegation request, to use VCS in place of a delegation request that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 *note*) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This information notice granting partial delegation of the Federal PSD program to Ecology is issued under the authority of sections 101, 110, and 301 of the

Clean Air Act, as amended (42 U.S.C. 7401, 7410, 7601).

Ronald Kreizenbeck,

Acting Regional Administrator, Region 10.
