

require or permit the attorney to withdraw and notify the Commission of the withdrawal.

3. The Commission will consider whether to adopt amendments mandated by Section 401(a) of the Sarbanes-Oxley Act of 2002. The rules would require a public company to provide in its "Management's Discussion and Analysis" section of Commission filings: (1) A discussion of off-balance sheet arrangements; and (2) a table of payments under specified contractual obligations due in short- and long-term periods.

4. The Commission will consider adopting amendments to its existing requirements regarding auditor independence to enhance the independence of accountants that audit and review financial statements and prepare attestation reports filed with the Commission. As directed by Section 208(a) of the Sarbanes-Oxley Act of 2002, the Commission is considering adopting rules to:

- Revise its regulations related to the non-audit services that, if provided to an audit client, would impair an accounting firm's independence;
- Require that an issuer's audit committee pre-approve all audit and non-audit services provided to the issuer by the auditor of an issuer's financial statements;
- Prohibit certain audit partners on the audit engagement team from providing audit services to the issuer for more than five or seven consecutive years, depending on the partner's role in the audit engagement;
- Prohibit an accounting firm from auditing an issuer's financial statements if certain members of management of that issuer had been members of the accounting firm's audit engagement team within the one-year period preceding the commencement of audit procedures;
- Require that the auditor of an issuer's financial statement report certain matters to the issuer's audit committee, including "critical" accounting policies used by the issuer; and
- Require disclosures to investors of information related to the audit and non-audit services provided by, and fees paid by the issuer to, the auditor of the issuer's financial statements.

In addition, under the rules to be considered by the Commission, an accountant would not be independent from an audit client if certain audit partners of the accounting firm, who are members of the engagement team, received compensation based on their selling any service to that client other than audit, review and attest services.

5. The Commission will consider whether to adopt amendments to implement section 802 of the Sarbanes-Oxley Act of 2002. The rule, if adopted, would specify that auditors should retain records relevant to the audits and reviews of financial statements filed with the Commission, including workpapers and other documents that form the basis of the audit or review and memoranda, correspondence, communications, other documents, and records (including electronic records), which are created, sent or received in connection with the audit or review and contain conclusions, opinions, analyses, or financial data related to the audit or review.

6. The Commission will consider whether to adopt amendments to its registration and reporting forms for registered management investment companies, as well as new rule 30b1-4 and new Form N-PX under the Investment Company Act of 1940. These rules would require mutual funds and other registered management investment companies to disclose the policies and procedures that they use to determine how to vote proxies relating to portfolio securities. They would also require registered management investment companies to file with the Commission on an annual basis, and make available to shareholders, their proxy voting records.

7. The Commission will consider whether to adopt a new rule and amendments to its recordkeeping rules for registered investment advisers under the Investment Advisers Act. The new rule would require investment advisers to adopt proxy voting policies and procedures, describe the policies and procedures to clients and provide clients with copies on request, and disclose how clients can obtain information about how the adviser voted their proxies. The recordkeeping amendments would require advisers to keep certain records regarding client proxies.

The subject matter of the Closed Meeting scheduled for Thursday, January 23, 2003 will be:
Formal orders of investigation;
Institution and settlement of administrative proceedings of an enforcement nature; and
Institution and settlement of injunctive actions.

At times, changes in Commission priorities require alterations in the scheduling of meeting items. For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact:

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Random Drug and Alcohol Testing Percentage Rates of Covered Aviation Employees for the Period of January 1, 2003 Through December 31, 2003

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice.

SUMMARY: The FAA has determined that the minimum random drug and alcohol testing percentage rates for the period January 1, 2003 through December 31, 2003, will remain at 25 percent of covered aviation employees for random drug testing and 10 percent of covered aviation employees for random alcohol testing.

FOR FURTHER INFORMATION CONTACT: Mr. Arnold N. Schwartz, Office of Aerospace Medicine, Drug Abatement Division, Program Analysis Branch (AAM-810), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267-5970.

Discussion: The FAA Administrator set the minimum random drug testing rate for 2003 at 25 percent because the data received under the Management Information System (MIS) reporting requirements for two consecutive calendar years indicate that the positive rate is less than 1.0 percent. The FAA Administrator set the minimum alcohol testing rate for 2003 at 10 percent because the data received under the MIS reporting requirements for two consecutive calendar years indicate that the positive rate is less than 0.5 percent.

SUPPLEMENTARY INFORMATION: If you have questions about how the annual random drug and alcohol percentage testing rates are determined please refer to the Code of Federal Regulations title 14: part 121, Appendices I and J.

Jon L. Jordan,

Federal Air Surgeon.

Federal Highway Administration

Environmental Impact Statement; Mills County, IA; Sarpy County, NE

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed bridge and roadway improvement project in Sarpy County, Nebraska, and in Mills County, Iowa.

FOR FURTHER INFORMATION CONTACT: Lisa Rold, Transportation Engineer, FHWA Iowa Division Office, 105 Sixth Street, Ames, IA 50010, Ph. 515-233-7307; or James P. Rost, Director, Office of Location and Environment, Iowa Department of Transportation, 800 Lincoln Way, Ames, IA 50010, Ph. 515-239-1798.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document is available for free download from the Federal Bulletin Board (FBB). The FBB is a free electronic bulletin board service of the Superintendent of Documents, U.S. Government Printing Office (GPO).

The FBB may be accessed in four ways: (1) Via telephone in dial-up mode or via the Internet through (2) telnet, (3) FTP, and (4) the World Wide Web.

For dial-in mode a user needs a personal computer, modem, telecommunications software package and telephone line. A hard disk is recommended for file transfers.

For Internet access a user needs Internet connectivity. Users can telnet or FTP to: fedbbs.access.gpo.gov. Users can access the FBB via the World Wide Web at <http://fedbbs.access.gpo.gov>.

Access to this notice is also available to Internet users through the **Federal Register's** home page at <http://www.nara.gov/fedreg>.

Background

The FHWA, in cooperation with the Iowa Department of Transportation (Iowa DOT) and Nebraska Department of Roads (NDOR), will prepare an EIS for

the proposed Bellevue Bridge Study. In addition to a new bridge over the Missouri River, the proposed project would also include roadway improvements to provide a high-speed connection from US 75 in Sarpy County, Nebraska to Interstate 29 in Mills County, Iowa.

The existing two-lane toll bridge over the Missouri River at Bellevue on Nebraska Highway 370 is both functionally and structurally obsolete. The bridge has a narrow 20-foot wide driving surface and is in poor structural condition. The proposed bridge and roadway improvements will improve safety, traffic flow, and commerce between western Iowa and eastern Nebraska.

Alternatives under consideration include: (1) Taking no action; (2) rehabilitating and widening the existing two-lane bridge; and (3) constructing a roadway on a new location (including near the existing bridge). The build alternative will include consideration of various alignments and grades.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. A series of public meetings will be held in 2003 and 2004. In addition, a public hearing will be held upon completion of the draft EIS. Public notice will be given of the time and place of the public meetings and public hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing.

A scoping meeting (the initial public meeting) will be held for identifying significant issues to be addressed in the environmental impact statement. The date and location of the scoping meeting have not yet been determined but will be advertised in various local media.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA or Iowa Department of Transportation at the address provided in the caption **FOR FURTHER INFORMATION CONTACT.**
