

Compensation Act (LS-200, LS-201, LS-203, LS-204, LS-262, LS-267, LS-271, LS-513).

A copy of the proposed information collection request can be obtained by contacting the office listed below in the addressee section of this Notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before July 28, 2003.

ADDRESSES: Ms. Hazel M. Bell, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0418, fax (202) 693-1451, Email hbelle@fenix2.dol-esa.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. *Background:* The Longshore and Harbor Workers' Compensation Act, as amended (20 CFR 702.162, 702.174, 702.175, 20 CFR 702.242, 20 CFR 702.285, 702.321, 702.201, and 702.111) pertains to the provision of benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel, as well as coverage extended to certain other employees. The Longshore Act administration requirements include: payment of compensation liens incurred by Trust Funds; certification of exemption and reinstatement of employers who are engaged in the building, repairing, or dismantling of exclusively small vessels; settlement of cases under the Act; reporting of earnings by injured claimants receiving benefits under the Act; filing applications for relief under second injury provisions; and, maintenance of injury reports under the Act. This information collection is currently approved for use through November 30, 2003.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* The Department of Labor (DOL) seeks extension of approval to collect this information in order to carry out its responsibility to insure that Longshore beneficiaries are receiving appropriate benefits.

Failure to request this information, would result in no way to insure beneficiaries are receiving the correct amount of benefits.

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Finding of Exception Pursuant to Section 501(f) of the Mine Act

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: The Mine Safety and Health Administration (MSHA) is granting an exception to certain mandatory safety standards to the Mathies Mine pursuant to section 501(f) of the Federal Mine Safety and Health Act of 1977 (Mine Act).

DATES: This notice is effective upon publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Ray McKinney, Administrator for Coal Mine Safety and Health, 1100 Wilson Blvd., Room 2424, Arlington, Virginia 22209-3939; phone: 202-693-9502; fax: 202-693-9501; E-mail: mckinney-ray@msha.gov.

SUPPLEMENTARY INFORMATION: The Mine Safety and Health Administration (MSHA) is granting to the Mathies Mine in Union Township, Washington County, Pennsylvania an exception to certain mandatory safety standards for the purpose of allowing researchers from Carnegie Mellon University to conduct an experiment by testing a self-propelled, robot device in the mine. This exception is granted pursuant to section 501(f) of the Federal Mine Safety and Health Act of 1977 (Mine Act).

Section 501(f) of the Mine Act states that:

The Secretary is authorized to grant on a mine-by-mine basis an exception to any mandatory health or safety standard under this Act for the purpose of permitting, under such terms and conditions as he may prescribe, accredited educational institutions the opportunity for experimenting with new and improved techniques and equipment to improve the health and safety of miners. No such exception shall be granted unless the Secretary finds that the granting of the exception will not adversely affect the health and safety of miners and publishes his findings.

The robot device, known as "Groundhog," will conduct an exploratory underground survey of a haulageway through a section of the Mathies Mine which has been unoccupied and in non-producing status for one year. The haulageway consists of two naturally ventilated passages from the storage yard to the preparation plant. Groundhog will start its exploration at the storage yard portal, pass through the entire length of the haulageway, and emerge at the

preparation plant portal. During the course of this experiment, no miners or any other personnel will enter the non-producing mine.

This experiment demonstrates new techniques and equipment which will improve the health and safety of miners by mapping unknown mine areas without endangering miners. Mathies Mine submitted a plan to MSHA which governs all phases of the experiment at the mine. This grant of exceptions to mandatory safety standards is based on MSHA's approval of the terms and conditions in that plan. A copy of the plan may be obtained from MSHA at the address noted above. MSHA finds that the granting of this exception to underground coal mine safety standards will not adversely affect the health and safety of miners. Mathies Mine is therefore granted an exception to all safety standards for underground coal mines governing mine ventilation, mine examinations, and electric equipment (30 CFR subparts D and F) for the duration of the experiment.

Dated: May 23, 2003.

Dave D. Lauriski,

Assistant Secretary for Mine Safety and Health.

NATIONAL CREDIT UNION ADMINISTRATION

Corporate Federal Credit Union Bylaws

AGENCY: National Credit Union Administration (NCUA).

ACTION: Final corporate Federal credit union bylaws.

SUMMARY: NCUA is updating the corporate Federal credit union (FCU) bylaws. This action is necessary because several of the bylaws had become outdated or obsolete. The amendments modernize and clarify the corporate FCU bylaws.

DATES: The final bylaws are effective June 30, 2003.

FOR FURTHER INFORMATION CONTACT: Kent D. Buckham, Director, Office of Corporate Credit Unions (OCCU), National Credit Union Administration, 1775 Duke Street, Alexandria, Virginia 22314-3428 or telephone: (703) 518-6640.

SUPPLEMENTARY INFORMATION:

Background

Section 108 of the Federal Credit Union Act (the Act) requires the NCUA Board to prepare bylaws to be used by all federal credit unions (FCUs). 12 U.S.C. 1758. The Garn-St Germain Depository Institutions Act of 1982 authorized the NCUA Board to differentiate the activities of corporate credit unions (corporates) from natural person credit unions through rules, regulations, and orders of the NCUA Board. In recognition of the unique mission and operating needs of corporates, the NCUA Board, in coordination with the corporate credit union community, developed and adopted a set of standard Corporate Federal Credit Union Bylaws (bylaws) in March of 1983. Since then, the only revisions were in 1994, when the Board revised the provisions relating to Meetings of Members and Elections. 59 FR 59357, 59361 (November 17, 1994).

NCUA issued proposed bylaws in December 2002 to update, modernize and clarify the bylaws. 67 FR 79152 (December 27, 2002). In the past 20 years, significant regulatory, economic and institutional changes have taken place. The proposed revisions to the bylaws reflected the current legal, technological, and financial environment within which corporate credit unions operate. NCUA received 10 comments to the proposal. The commenters were supportive of the proposal, but raised several minor issues.

Summary of Comments to the Proposed Corporate FCU Bylaws

On December 19, 2002, the Board issued a Notice and Request for Comment on the Corporate Federal Credit Union Bylaws. *Id.* The Board received ten comments regarding the proposed bylaws: four from corporate FCUs, one from an FCU, one from a state chartered credit union, three from credit union trade organizations and one from a credit union league. The commenters supported NCUA's effort in updating the bylaws. They expressed appreciation for NCUA's solicitation of comments in regard to the proposed revisions to the bylaws. Generally, those commenting commended the agency's proposal to modernize the bylaws, making them more user friendly, removing outdated items and utilizing "plain English." Two commenters suggested the dynamic working environment of corporates warrants a more frequent review of selected portions of the bylaws. Below is a summary of the comments.
