June 3, 2003.

Global Common Greenport, LLC (GCG) filed an application for market-based rate authority, with an accompanying tariff. The proposed tariff provides for the sale of capacity and energy at market-based rates. GCG also requested waiver of various Commission regulations. In particular, GCG requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by GCG.

On May 23, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of GCG's issuances of securities or assumptions of liability.
