

at the Centers for Medicare and Medicaid Services, 7500 Security Blvd., Baltimore, Maryland 21244.

Meeting Registration: Because this meeting will be located on Federal property, for security reasons, all individuals must register to attend. Any persons wishing to attend this meeting must e-mail TLinkowich@CMS.HHS.Gov or call Theresa Linkowich at (410) 786-9249 to register by close of business on July 10, 2003. Attendees must show valid photographic identification to the Federal Protective Service or Guard Service personnel before they will be permitted to enter the building. Individuals who have not registered in advance will not be allowed to enter the building to attend the meeting. Seating capacity is limited to the first 250 registrants.

FOR FURTHER INFORMATION CONTACT: Theresa Linkowich, (410) 786-9249 (General inquiries concerning prosthetics and custom-fabricated orthotics), Centers for Medicare & Medicaid Services (CMS), 7500 Security Blvd., Baltimore MD 21244; or

Lynn Sylvester, 202-606-9140, Federal Mediation and Conciliation Services, 2100 K Street, NW., Washington, DC 20427; or Ira Lobel, 518-431-0130, Federal Mediation and Conciliation Services, 1 Clinton Square, Room 952, Albany, NY 12207

SUPPLEMENTARY INFORMATION: We published a notice in the **Federal Register** on July 26, 2002 (67 FR 48839-48840) announcing the establishment of the negotiated rulemaking committee to advise us on developing a proposed rule that would establish special payment provisions and requirements for suppliers of prosthetics and certain custom-fabricated orthotics under the Medicare program. The notice also announced dates for the Committee's first two meetings on October 1-3, 2002 and October 29-31, 2002. Subsequent meetings were announced in the **Federal Register** at 67 FR 70358 (November 22, 2002), 68 FR 3482 (January 24, 2003), and 68 FR 15139 (March 28, 2003).

Through face-to-face negotiations, the Committee hopes to reach consensus on the substance of the proposed rule. If consensus is reached, the Committee will transmit to us a report containing required information for developing a proposed rule and we will use the report as the basis for the proposed rule. The Committee is responsible for identifying the key issues, gauging their importance, analyzing the information necessary to resolve the issues, arriving at a consensus, and recommending the text and content of the proposed

regulation. Detailed information is available on the CMS Internet Home Page: <http://cms.hhs.gov/faca/prosthetic/> or by calling the Federal Advisory Committee Hotline at (410) 786-9379. Out-of-town callers can reach the Hotline by calling toll free at 1-877-449-5659.

The Agenda for the July 14 meeting will be as follows:

1. Review of the June 2 and 3 minutes.
2. Final discussion of statutory terms to be further defined by regulation.
3. Final discussion on L codes.
4. Final discussion on qualifications as defined in the statute.
5. Draft, revise, and sign the Committee's report containing the negotiated provisions of the proposed rule.

Public Participation

All interested parties are invited to attend these public meetings, but attendance is limited to the space available. Advance registration is required. Seating will be available on a first-come first-served basis. Individuals requiring sign language interpretation for the hearing impaired or other special accommodations should contact Theresa Linkowich, tlinkowich@cms.hhs.gov or call (410) 786-9249 at least 10 days before the meeting. The Committee has the authority to decide to what extent oral presentations by members of the public may be permitted at the meeting. Oral presentations will be limited to statements of fact and views, and shall not include any questioning of the Committee members or other participants unless the facilitators have specifically approved these questions. The number of oral presentations may be limited by the time available.

Interested parties can file statements with the Committee. Mail written statements to the following address: Federal Mediation and Conciliation Services, 2100 K Street, NW., Washington, DC 20427, Attention: Lynn Sylvester, or call Lynn Sylvester at (202) 606-9140.

Additional Meetings

The Committee does not anticipate the need for additional meetings. If additional meetings are necessary, we will publish notice(s) of the future meetings in the **Federal Register**. All future meetings will be open to the public.

Authority: Federal Advisory Committee Act (5 U.S.C. App. 2)

(Catalog of Federal Domestic Assistance Program No. 93.774, Medicare—Supplementary Medical Insurance Program)

Dated: June 19, 2003.

Thomas A. Scully,

Administrator, Centers for Medicare & Medicaid Services.

[FR Doc. 03-16053 Filed 6-26-03; 8:45 am]

BILLING CODE 4120-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-D-7568]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Mary Jean Pajak, P.E., FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-2831.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together

with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to establish and maintain community eligibility in the NFIP. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD) •Elevation in feet (NAVD)		Communities affected
		Existing	Modified	
ILLINOIS DuPage County				
Des Plaines River	At southern County boundary along Chicago Sanitary Canal.	None	*594	DuPage County (Unincorporated Areas), Village of Lemont
	At southern County boundary along Chicago Sanitary Canal.	None	*595

BILLING CODE 6718-04-P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 67**

[Docket No. FEMA-D-7566]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the

proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Mary Jean Pajak, P.E., FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-2831.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency

(FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.
