■ 2. From 7:30 a.m. to 9 a.m. on July 13, 2003, add temporary § 165.T01–053 to read as follows:

§ 165.T01–053 Safety Zone; Hudson River Swim, Ulster Landing, NY.

(a) *Regulated area.* The following area is a safety zone: All waters of the Hudson River, in the vicinity of Ulster Landing, bound by the following points (NAD 1983): 42°00′03.7″ N 073°56′43.1″ W; thence to 41°59′52.4″ N 073°56′33.9″ W; thence to 42°00′14.8″ N 073°56′25.0″ W; thence to 42°00′05.4″ N 073°56′41.9″ W; thence along the shoreline to the point of origin.

(b) *Enforcement period.* This section will be enforced from 7:30 a.m. to 9 a.m. on Sunday, July 13, 2003.

(c) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene-patrol personnel. These personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a U. S. Coast Guard vessel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed.

Dated: June 20, 2003.

33 CFR Part 165

[COTP San Diego 03–015]

RIN 1625–AA00

Safety Zone; North San Diego Bay, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing three temporary safety zones on the navigable waters of San Diego Bay in support of the North San Diego Bay July 4th Fireworks Show. These temporary safety zones are necessary to provide for the safety of the crews, spectators, participants of the event, participating vessels and other vessels and users of the waterway.

Persons and vessels are prohibited from entering into, transiting through, or anchoring within these safety zones unless authorized by the Captain of the Port, or his designated representative.

DATES: This rule is effective from 8:30 p.m. until 10 p.m. (PDT) on July 4, 2003.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket [COTP San Diego-03–015] and are available for inspection or copying at Marine Safety Office San Diego, 2716 N. Harbor Drive, San Diego, CA 92101–1064 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Petty Officer Austin Murai USCG, c/o U.S. Coast Guard Captain of the Port, telephone (619) 683–6495.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. In keeping with the requirements of 5 U.S.C. 553(d)(3), the Coast Guard also finds that good cause exists for making this regulation effective less than 30 days after publication in the **Federal Register**. The precise location of the event necessitating promulgation of these safety zones and other logistical details surrounding the event were not finalized until a date fewer than 30 days prior to the event. Delaying the effective date of this rule would be contrary to the public interest because doing such would prevent the Coast Guard from maintaining the safety of the participants of the event and users of the waterway.

Background and Purpose

The Coast Guard is establishing three (3) temporary safety zones on the navigable waters of San Diego Bay in support of the North San Diego Bay July 4th Fireworks Show. These temporary safety zones are necessary to provide for the safety of the crews, spectators, participants of the event, participating vessels and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within these safety zones unless authorized by the Captain of the Port, or his designated representative.

Discussion of Rule

These safety zones are necessary for the North San Diego Bay July 4th Fireworks Show, which will take place on July 4, 2003, starting at 8:30 p.m.

(PST) and ending at 10 p.m. (PST). The event involves three barges, which will be used as platforms for the launching of fireworks.

The limits of these temporary safety zones are as follows: 300 yards around the following points: 32°42′50″ N, 117°13′12″ W (Shelter Island), 32°43′20″ N, 117°12′14″ W (Harbor Island), and 32°43′10″ N, 117°10′46″ W (North Embarcadero).

These temporary safety zones are necessary to provide for the safety of the crews, spectators, participants of the event, participating vessels and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within these safety zones unless authorized by the Captain of the Port, or his designated representative.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

Due to the temporary safety zone’s short duration of one and one-half (1½) hours for just one day, the Coast Guard expects the economic impact of this rule to be so minimal that full regulatory evaluation under paragraph 10(e) of the regulatory policies and procedures of DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

For the same reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule is not expected to have a significant economic impact on any substantial number of entities, regardless of size. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in a portion of North San

Diego Bay from 8:30 p.m. to 10 p.m. on July 4, 2003.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: The temporary safety zone's short duration of one and one-half (1½) hours on one day, the late hour when commercial traffic is low, and the ability of the COTP to authorize entry if necessary.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), the Coast Guard wants to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. If your small business or organization is affected by this rule and you have questions concerning its provisions or options for compliance, please contact Lt. Commander Rick Sorrell, U.S. Coast Guard Marine Safety Office San Diego at (619) 683–6495.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National

Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation.

Under figure 2–1, paragraph (34)(g), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are required for this rule and a copy can be obtained from the docket.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.

■ 2. Add § 165.T11–033 to read as follows:

§ 165.T11–033 Safety Zones: North San Diego Bay, CA.

(a) *Locations.* Temporary safety zones are established that encompass all waters within 300 yards of the following points:

(1) 32°42'50" N, 117°13'12" W (Shelter Island).

(2) 32°43'20" N, 117°12'14" W (Harbor Island).

(3) 32°43'10" N, 117°46" W (North Embarcadero).

(b) *Effective period.* This section will be enforced from 8:30 p.m. until 10 p.m. (PDT) on July 4, 2003. If the event concludes prior to the scheduled termination time, the Captain of the Port will cease enforcement of this safety zone and will announce that fact via Broadcast Notice to Mariners.

(c) *Regulations.* In accordance with the general regulations in § 165.23 of this part, entry into, transit through, or anchoring within this zone by all vessels is prohibited, unless authorized by the Captain of the Port, or his designated representative. Mariners requesting permission to transit through the safety zone may request authorization to do so from the Patrol Commander. The Patrol Commander

may be contacted via VHF—FM Channel 16.

Dated: June 20, 2003.

Safety Zone; Colorado River, Laughlin, NV

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters of Laughlin, Nevada in support of the Avi Resort and Casino fireworks show. This temporary safety zone is necessary to provide for the safety of the crews, spectators, participants of the event, participating vessels and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within these safety zones unless authorized by the Captain of the Port, or his designated representative.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. In keeping with the requirements of 5 U.S.C. 553(d)(3), the Coast Guard also finds that good cause exists for making this regulation effective less than 30 days

after publication in the **Federal Register**. The precise location of the event necessitating promulgation of this safety zone and other logistical details surrounding the event were not finalized until a date fewer than 30 days prior to the event. Delaying the effective date of this rule would be contrary to the public interest because doing such would prevent the Coast Guard from maintaining the safety of the participants of the event and users of the waterway.

Background and Purpose

The Coast Guard is establishing a temporary safety zone on the navigable waters of the Colorado River in Laughlin, Nevada in support of the Avi Resort and Casino fireworks show. The fireworks will be launched from an area on land, however, the fallout area will be over a section of the Colorado River and a safety zone on this section of the river is necessary to provide for the safety of the users of this waterway.

Discussion of Rule

The Coast Guard proposes to establish this temporary rule to provide for the safety of the participants, spectators and other users of the waterways. The temporary safety zone is specifically defined as that portion of the Colorado River 1000 yards north of Veterans Bridge. Persons and vessels will be prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

Due to the temporary safety zone’s short duration of less than 2 hours, its limited scope of implementation, and because vessels will have an opportunity to request authorization to transit, the Coast Guard expects the economic impact of this rule to be so minimal that full regulatory evaluation under paragraph 10(e) of the regulatory policies and procedures of the DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in a portion of the Colorado River from 8:30 p.m. to 10 p.m. on July 4, 2003.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: The temporary safety zone’s short duration of one and one-half (½) hours on one day, the late hour when traffic is low, and the ability of the COTP to authorize entry if necessary.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. If your small business or organization is affected by this rule and you have questions concerning its provisions or options for compliance, please contact Lieutenant Commander Rick Sorrell, U.S. Coast Guard Marine Safety Office San Diego at (619) 683-6495.
