Submission for OMB Review; Comment Request

Title: Child Care Report for High Performance Bonus.

OMB No.: New Collection.

Description: The Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Pub. L. 104-193, established the Temporary Assistance for Needy Families (TANF)

program under title IV-A of the Social Security Act (the Act), 42 U.S.C. 401 et seq. Section 403(a)(4) of the Act requires the Secretary to award bonuses to "high performing States". (Indian tribes are not eligible for these bonuses.) The term "high performing State" is defined in section 403(a)(4) of the Act to mean a State that is most successful in achieving the purposes of the TANF program as specified in section 401(a) of the Act.

The final rule covering the TANF high performance bonuses to States in FY 2002 and beyond was published August 30, 2000 (65 FR 52814) followed by an interim final rule published May 10, 2001 (66 FR 23854). The final and interim final rules set forth how CCB will compute scores and rank States on the three components, i.e., Accessibility, Affordability, and Quality, that comprise the child care measure.

In FY 2002, CCB will measure State performance based upon a composite ranking of the Accessibility and Affordability components. No

additional reporting burden will be required since the data/information for the Accessibility and Affordability components are currently reported under the CCDF program (ACF Reports 800 and 801). However, there will be a reporting burden (related to the Quality component) for the information States must submit if they wish to compete on the child care measure in FY 2003. The information includes:

(1) All age-specific rates for children 0-13 years of age reported by the child day care centers and family day care homes responding to the State's market rate survey; and

(2) The provider's county or, if the State uses multi-county regions to measure market rates or set maximum payment rates, the administrative region.

Respondents: States, the District of Columbia, and Territories including Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
ACF-900	56	0.5	40	1,120
Estimated Total Annual Burden Hours	1,120

Submission for OMB Review; Comment Request

Title: National Child Abuse and Neglect Data System.

OMB No.: 0980-0229.

Description: The Child Abuse and Treatment Act [42 U.S.C. 5101 et seq.] as amended requires States that receive the CAPTA State Child Abuse and Neglect Grant "to annually work with the Secretary to provide, to the maximum extent practicable, a report" that includes the 12 data items listed in

the statute. The National Child Abuse and Neglect Data System (NCANDS), administered by the Children's Bureau, meets this reporting requirement. In addition the amendments of 1988 requires that the data system "shall be universal and case specific and integrated with other case-based foster care and adoption data collected by the Secretary." The Child File, the primary component of the National Child Abuse and Neglect Data System (NCANDS) is being updated to increase its compatibility with the Adoption and Foster Care Analysis and Reporting System (AFCARS) and to increase the detail of information that can be collected on a number of data items. The Summary Data Component is not being changed. The Summary Data Component will be phased out over the next few years, as the number of States that can complete the Child File increases.

Respondents: State Child Welfare Agencies.
