SUPPLEMENTARY INFORMATION:

Description

The information collection submitted for OMB review contains the following:

1. *Collection of Information:* FERC-716 "Good Faith Request for Transmission Services and Response by Transmitting Utility Under sections 211(a) and 213(a) of the Federal Power Act."
2. *Sponsor:* Federal Energy Regulatory Commission.
3. *Control No.:* 1902-0170.

The Commission is now requesting that OMB approve a three-year extension of the expiration date, with no changes to the existing collection. The information filed with the Commission is mandatory. Requests for confidential treatment of the information are provided for under section 388.112 of the Commission's regulations.

4. *Necessity of the Collection of Information:* Submission of the information is necessary to enable the Commission to carry out its responsibilities in implementing the statutory provisions of sections 211 and 213 of the Federal Power Act (FPA), as amended by the Energy Policy Act of 1992, 16 U.S.C. 824j and 824l. Section 211(a) allows any electric utility, Federal power marketing agency or any other person generating electric energy for sale or resale to apply for an order requiring a transmitting utility to provide transmission services to the applicant. The Commission may issue an order only if the applicant has requested the transmission services from the transmitting utility at least 60 days before applying to the Commission. Accordingly, a request for transmission services is a condition upon which the Commission may order service under section 211. Section 213(a) of the FPA requires a response by the transmitting utility to a good faith request. Unless the transmitting utility agrees to provide such services as rates, charges, terms and conditions acceptable to the person making the request, the transmitting utility, within 60 days of its receipt of the request, or other mutually agreed upon period, provides the person making the request with a detailed written explanation with specific reference to the facts and circumstances of the request including the basis for the proposed rates, charges, terms and conditions for the services as well as any physical constraints that would affect performing the services.

The information is not filed with the Commission, however, the request and response may be analyzed as part of a section 211 proceeding. This collection of information covers the information that must be contained in the request and the response.

Under the revised section 211, the Commission may order transmission services if it finds that such action would be in the public interest, would not unreasonably impair the continued reliability of electric systems affected by the order, and would meet the requirements of amended section 211 of the FPA. The Commission implements these filing requirements in the Code of Federal Regulations (CFR) under 18 CFR part 2.20.

5. *Respondent Description:* The respondent universe currently comprises 12 companies (on average) subject to the Commission's jurisdiction.

6. *Estimated Burden:* 1,000 total hours, 10 respondents (average), 1 response per respondent, 100 hours (20 hours for the transmission requestor and

80 hours for the transmitting utility's response) (average).

7. *Estimated Cost Burden to respondents:* 1,000 hours / 2080 hours per years × \$117,041 per year = \$56,270. The cost per respondent is equal to \$5,627.00.

Statutory Authority: Sections 211(a), 212, 213(a) of the Federal Power Act, 16 U.S.C. 824j-l and Sections 721–723 of the Energy Policy Act of 1992. (Pub L. 102–486).

Secretary.

Destin Pipeline Company, L.L.C., Notice of Request Under Blanket Authorization

July 22, 2003.

Take notice that on July 14, 2003, Destin Pipeline Company, L.L.C. (Destin), 200 WestLake Park Boulevard, Houston, Texas 77079 filed in Docket No. CP03–332–000 a request pursuant to sections 157.205 and 157.208 of the Federal Energy Regulatory Commission's regulations (18 CFR sections 157.205 and 157.208) under the Natural Gas Act (NGA) for authorization to construct, own, and operate an additional compressor at Destin's Pascagoula Compressor Station in Jackson County, Mississippi, under Destin's blanket certificate issued in Docket Nos. CP96–657–000 and CP96–657–001, pursuant to section 7 of the NGA, all as more fully set forth in the application which is on file with the Commission and open for public inspection. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208–3676, or for TTY, contact (202) 502–8659.

Destin states that it intends to install an additional compressor unit adjacent to the three existing compressor units at the Pascagoula Compressor Station. Destin asserts that the proposed modifications will occur on property currently owned by Destin. Destin further states that the additions proposed will increase operational flexibility and efficiency, provide flow assurance, and enhance reliability on the Destin System. Destin states that there will be no change in Destin's

current daily design capacity or daily operating pressures.

Destin states that the total estimated cost for this proposed additional compressor project is approximately \$11.6 million.

Any questions concerning this request may be directed to Bruce G. Reed, Director Regulatory Affairs, 200 WestLake Park Boulevard, Houston, Texas 77079 at (281) 366–5062.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.
