

Notices

Federal Register

Vol. 68, No. 147

Thursday, July 31, 2003

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

ADVISORY COUNCIL ON HISTORIC PRESERVATION

Notice of Meeting

AGENCY: Advisory Council on Historic Preservation.

ACTION: Notice of meeting.

SUMMARY: Notice is hereby given that the Advisory Council on Historic Preservation (ACHP) will meet on Friday, August 15, 2003. The meeting will be held at the Regent Hotel, 55 Wall Street, New York City, New York, beginning at 9 a.m.

The ACHP was established by the National Historic Preservation Act of 1966 (16 U.S.C. 470 *et seq.*) to advise the President and the Congress on matters relating to historic preservation and to comment upon Federal, federally assisted, and federally licensed undertakings having an effect upon properties listed in or eligible for inclusion in the National Register of Historic Places. The ACHP's members are the Architect of the Capitol; the Secretaries of the Interior, Agriculture, Defense, and Transportation; the Administrators of the Environmental Protection Agency and General Services Administration; the Chairman of the National Trust for Historic Preservation; the President of the National Conference of State Historic Preservation Officers; a Governor; a Mayor; a Native Hawaiian; and eight non-Federal members appointed by the President.

The agenda for the meeting includes the following:

- I. Chairman's Welcome
- II. Swearing in of New Members
- III. Presentation of Chairman's Awards for Federal Achievement in Historic Preservation
- IV. Signing of Interagency Partnership
- V. Report of the Executive Committee
- VI. Preserve America Program Development
- VII. Preserve America Executive Order Implementation
- VIII. Revision of ACHP Strategic Plan
- IX. Report of the Preservation Initiatives

- Committee
- X. Report of the Federal Agency Programs Committee
- XI. Report of the Communications, Education, and Outreach Committee
- XII. Chairman's Report
- XIII. Executive Director's Report
- XIV. New Business
- XV. Adjourn

Note: The meetings of the ACHP are open to the public. If you need special accommodations due to a disability, please contact the Advisory Council on Historic Preservation, 1100 Pennsylvania Ave., NW., Room 809, Washington, DC, (202) 606-8503, at least seven (7) days prior to the meeting.

FOR FURTHER INFORMATION CONTACT:

Additional information concerning the meeting is available from the Executive Director, Advisory Council on Historic Preservation, 1100 Pennsylvania Ave., NW., #809, Washington, DC 20004.

Dated: July 25, 2003.

John M. Fowler,
Executive Director.

DEPARTMENT OF AGRICULTURE

Forest Service

Lost River and Challis Ranger Districts, Salmon-Challis National Forest; Idaho; Lost River/Lemhi Grazing Allotments Environmental Impact Statement

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Lost River and Challis Ranger Districts propose to update the livestock grazing plans for twenty-one grazing allotments. These include fifteen Cattle and Horse grazing allotments and five Sheep and Goat grazing allotments on the Lost River Ranger District and one Sheep and Goat grazing allotment on the Challis Ranger District. The allotments are located in the Lost River and Lemhi Mountain Ranges and are within a 35-mile radius of Mackay, Idaho.

DATES: Comments concerning the scope of the analysis must be received by September 5, 2003. The draft environmental impact statement is expected January 2005 and the final environmental impact statement is expected May 2005.

ADDRESSES: Send written comments to Tony Beke, Planning, Salmon-Challis National Forest, 50 Hwy 93 South, Salmon, Idaho 83467.

For further information, mail correspondence to Tony Beke, Planning, Salmon-Challis National Forest, 50 Hwy 93 South, Salmon, Idaho 83467, or e-mail, tbeke@fs.fed.us.

A public meeting will be conducted at the Arco-Butte Business Center, 159 N Idaho, Arco, Idaho on August 19, 2003 starting at 6 p.m.

FOR FURTHER INFORMATION CONTACT:

Tony Beke, Civil Engineer, Salmon-Challis National Forest, USDA Forest Service (see address above).

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

This proposal, in part, is to comply with Public Law 104-19, Section 504(a): establish and adhere to a schedule for the completion of National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*) analysis and decision on all grazing allotments within the National Forest System unit for which NEPA is needed (Pub. L. 104-19, General Provision 1995). Upon completion of the NEPA analysis and decisions for the allotments, the terms and conditions of existing grazing permits will be modified, as necessary, to conform to such NEPA analysis. In addition, the purpose of the proposed action is to improve range condition and trend and achieve desired conditions within the project area through livestock grazing.

Proposed Action

The proposed action is to authorize continued livestock grazing, provide analysis and data to update allotment management plans (AMPs), and allow permitted livestock grazing that meets or moves existing resource conditions toward desired conditions on national forest grazing allotments while complying with applicable statutes. Adaptive management, which allows flexibility during the implementation of the grazing strategy, would allow managers to make adjustments and corrections to management based on monitoring. Three of the five Sheep and Goat grazing allotments in the Lost River Mountain Range are proposed to be converted to Cattle and Horse grazing allotments to resolve conflicts between domestic and bighorn sheep, if this use

is determined to be appropriate. Range improvements may be necessary to make this conversion. The conflict between domestic and bighorn sheep is a virus that can be transmitted from domestic sheep if they come in contact with bighorn sheep. A forest plan amendment will be necessary to modify management direction for range management within Management Area 16, Borah Peak.

Possible Alternatives

No Grazing and No Action alternatives will be analyzed to the proposed action during the NEPA process. The No Grazing alternative would eliminate domestic livestock grazing on allotments. The No Action alternative would allow continued livestock grazing as it is currently being managed. Other alternatives, arising from issues identified through scoping, could be analyzed as well.

Responsible Official

George Matejko, Forest Supervisor, 50 Hwy 93 South, Salmon, ID 83467.

Nature of Decision To Be Made

The Forest Supervisor will decide whether to authorize continued livestock grazing on the allotments' suitable rangelands in accordance with the standards in the proposed action or as modified by additional mitigation measures and monitoring requirements. The proposed action, or as modified by this analysis, will require a Forest Land and Resource Management Plan Amendment.

Scoping Process

This analysis is for twenty-one grazing allotments. The decision will have limited environmental effects outside the allotment boundaries, and the economic impacts are localized. Scoping will include:

- Review scoping comments from previous efforts
- Publish notice in the Challis Messenger and Salmon Recorder Herald, the newspapers of record, and the Arco Advertiser, another local newspaper, announcing the public meeting and requesting comments
- Mail scoping letters to interested public and grazing permittees describing the proposed action and preliminary issues
- Conduct public meeting in Arco, Idaho on August 19, 2003
- Notify consulting agencies and request comments
- Publish in the Quarterly Schedule of Proposed Actions (SOPA) notice and mail to interested individuals and

groups, and put on the Forest's internet site

- Contact and consult with the Shoshone-Bannock Tribes

A public meeting is scheduled for August 19, 2003 at 6 p.m. at the Arco-Butte Business Center, 159 N Idaho, Arco, Idaho.

Preliminary Issues

Concerns identified internally and from previous scoping include:

- Riparian and aquatic habitat
- Terrestrial wildlife
- Effects to other Forest users
- Effects on vegetation structure and composition
- Tribal Treaty Rights

Comment Requested

This notice of intent initiates the scoping process which guides the development of the environmental impact statement. Substantive comments and objections to the proposed action will be considered during this analysis.

Early Notice of Importance of Public Participation in Subsequent

Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

(Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21)

Dated: July 24, 2003.

Lyle E. Powers,
Acting Forest Supervisor.

Klamath Provincial Advisory Committee (PAC)

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Klamath Provincial Advisory Committee will meet on August 13-14, 2003, at Shasta College, 11555 Old Oregon Trail, Redding, California. The meeting will start at 1 p.m. and adjourn at 5 p.m. on August 13, and start at 8 a.m. and adjourn at 12 noon on August 14. Agenda items for the meeting include: (1) Discussion on topics of general interest to the PAC (Implementation Monitoring Field Trips); (2) Stewardship Contracting; (3) Vegetative Treatments in Late Successional Reserves; (4) Burning for Cultural Benefits; and (5) Public Comment Periods. All Provincial Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend.

FOR FURTHER INFORMATION CONTACT: Jan Ford, USDA, Klamath National Forest, 1312 Fairlane Road, Yreka, California 96097; telephone 530-841-4483 (voice), TDD 530-841-4573.
